MOTORIZED HANDHELD ROLLING MASSAGER

ITM./ART. 2949962

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
– Reorient or relocate the receiving antenna.
– Increase the separation between the equipment and receiver.
– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
– Consult the dealer or an experienced radio/TV technician for help.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IMPORTANT SAFETY INSTRUCTIONS

PLEASE READ BEFORE USE.

IMPORTANT: DO NOT APPLY EXCESSIVE PRESSURE TO THE ROLLERS. IF THE ROLLERS STOP ROTATING FREELY, APPLY LESS PRESSURE.

- Not a children's item. Keep out of reach of children.
- Do not use this massager if you are pregnant or have an injury or illness. Consult your physician if you have a medical condition that may prevent the safe use of this massager.
- Do not use this massager if you have diabetes, any type of neuropathy, a skin disorder, skin or muscle sensitivity, or any other medical condition that could reduce the perception of pain or friction on the skin or that could increase the likelihood of injury from contact or impact.
- Do not use this massager in combination with alcohol or any other substances that may cause intoxication or impairment.
- This massager should not be used for medical treatment.
- With any massage, bruising may occur. Test your comfort level and check targeted areas often. Stop your massage immediately if you feel any increase in physical discomfort or pain.
- Warning – Moving parts injury. Always keep long hair, loose clothing, and jewelry away from all moving parts of the massager during use. If any object becomes entangled in the rollers, immediately power off the massager by pressing the power button.
- Do not apply excessive body weight.
- Do not sit or lie on the massager. Only use this massager while sitting.
- Do not use the massager on sensitive skin or areas with poor circulation.
- Do not use on the head or face.
- Never use the massager under sheets or blankets, as this may prevent necessary cooling. Excessive heat can occur and may cause fire, electric shock, or injury.
- Do not expose the massager to moisture or extreme temperatures above 265°F (130°C).
- Do not expose the massager to direct sunlight for extended periods.
- Do not leave this massager unattended while it is charging.
- Never touch the charging cable with wet hands.
- Do not use with attachments of any kind.
- Never drop or insert any object into any opening on the massager.
- Thoroughly inspect the massager and all parts before every use. If the massager or any parts appear worn, frayed, splintered, cracked, or broken in any manner, discontinue use and discard immediately.
- For household use only.

RECHARGEABLE BATTERY WARNINGS

- This product contains batteries that are non-replaceable.
- There is a risk of fire and personal injury if the battery is punctured, damaged, or misused.
- Do not dismantle, crush, incinerate, or short-circuit the battery.
- Never expose the battery to extreme temperatures or moisture.
- Keep away from flammable materials and direct sunlight.
- Only charge using the provided charger, cable, and/or adapters.
- The rechargeable battery is only to be charged by an adult.
- Adult supervision is required while charging the battery.
- Allow battery to cool to room temperature before charging.
- Charge on a non-flammable surface and keep away from flammable products.
- Discontinue charging if the battery becomes hot, swells, smokes, or gives off a strong odor.
- Battery chargers used with the product are to be regularly examined for damage to the cord, plug, enclosure, and other parts. In the event of such damage, the chargers must not be used until the damage has been repaired.
- Recycle or dispose of batteries according to federal, state, and local laws.
- Keep these instructions for future reference.

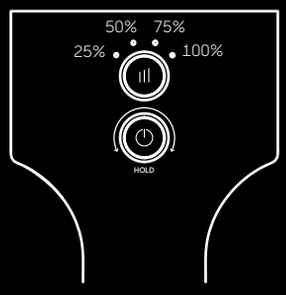

IMPORTANT: MAINTAINING BATTERY HEALTH

Your massager is designed with a lithium-ion battery (non-replaceable) for cordless convenience, increased duration per charge, and frequent use and recharging.

- To maintain charge capacity and prevent battery damage, all lithium-ion batteries must be regularly used and recharged.
- All batteries naturally lose charge when not in use. If you will not be using the massager for an extended period, check the massager at least every 30 days to ensure the battery is at approximately a 50% state of charge. Recharge as needed to maintain a 50% state of charge.
- IMPORTANT: DO NOT store the battery for an extended period with above 66% or below 33% state of charge. An incorrect state of charge during storage could irreparably damage the battery and may result in reduced charge capacity, inability to maintain charge, failure to recharge, or complete inoperability of the massager.
- For the health of the battery, always store the massager in a cool, dry place. The storage location should have a consistent temperature between 40°F and 70°F (5°C and 20°C) as well as a relative humidity of 70% or lower.

When charging, the LED lights will light up according to the charge level.

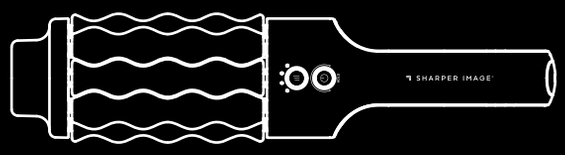

- 1 LED light up: Charged 25%
- 2 LEDs light up: Charged 50%
- 3 LEDs light up: Charged 75%
- 4 LEDs light up: Charged 100%

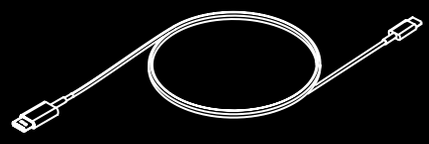

WHAT YOU GET

a.Motorized Handheld Rolling Massager

b.USB-C to USB-A Charging Cable

a.

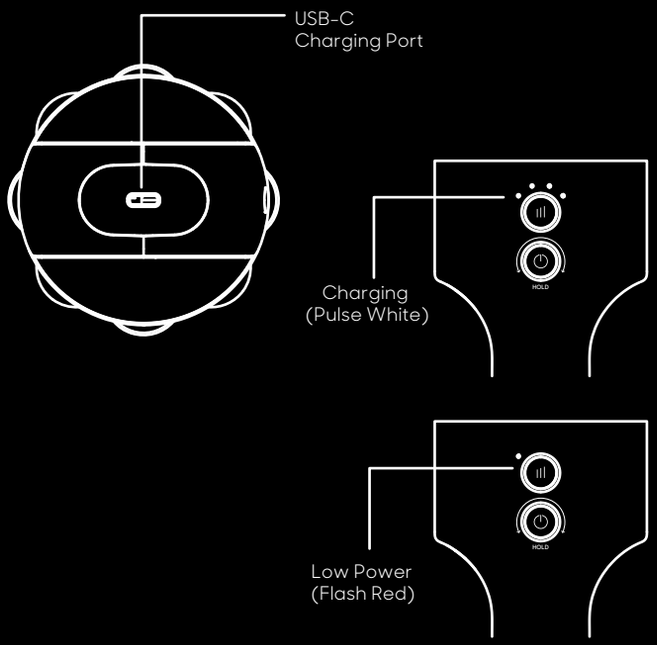

b.

GETTING STARTED

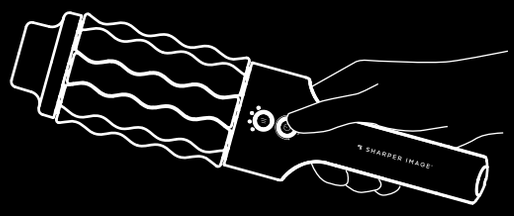

1. Plug the USB-C end of the charging cable into the USB-C charging port on the massager.
2. Plug the USB-A end of the charging cable into a USB power source. The lights on the massager will pulse white while the massager is charging. When fully charged, the lights will glow solid white and then turn off.
3. Unplug the massager once it is fully charged.
4. When a single light flashes red, the battery is low. Recharge the massager.

   NOTE: For safety, the massager cannot be used while charging.

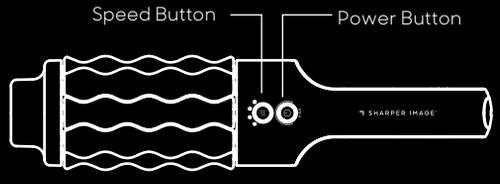

HOW TO USE

1. To power on the massager, press the power button. To power off the massager, press the power button again.

2. To cycle through the 4 speeds, press the speed button repeatedly.
3. To reverse the spin direction of the rollers, press and hold the power button for about 1.5 seconds.

   IMPORTANT: Do not massage any single area for more than 15 minutes at a time or more than 3 times per day. The massager will automatically power off after 15 minutes.

CARE INSTRUCTIONS

1. Power off the massager and make sure it is unplugged before cleaning it.
2. Spot clean with a soft, dry, non-abrasive cloth as needed.
3. Never submerge the massager in water or other liquids.
4. Do not use cleaning solutions, detergents, alcohol, or any other harsh chemicals to clean the massager.
5. Store the massager in a cool, dry place when not in use.
