Govee Outdoor Cylinder Pathway Lights

IMPORTANT SAFETY INSTRUCTIONS

When using products, basic precautions should always be practiced including the following:

READ AND FOLLOW ALL SAFETY INSTRUCTIONS.

- All safety messages will alert you of what the potential hazard is, tell you how to reduce the chance of injury, and let you know what can happen if the instructions are not followed.
- This light is rated as IP67. It can be used outdoors but cannot be immersed in water.
- Tighten up the waterproof cap before using the light.
- Do not allow children to assemble and install this product.
- Avoid installing this product near major heat sources or other dangerous sources.
- Avoid using other non-standard adapters for this product.
- External dimmers cannot be used with this product.
- Use this product with the provided power adapter only.
- This device uses a non-replaceable light source. When the light source reaches the end of its life cycle, this device should be replaced.
- CAUTION-The product is not a toy. Children and the disabled should use it under adult supervision.
- To reduce the risk of strangulation, the flexible wiring connected to this luminaire shall be effectively fixed to the wall if the wiring is within arm's reach.
- Risk of Electric Shock. The adapter install only to a covered Class A GFCI receptacle that has an enclosure that is weatherproof with the attachment plug cap inserted or removed.
- Any open ends must be sealed-off before use.
- This product includes a built-in mic that can recognize sound information to synchronize lights and music.
- FOR USE WITH LANDSCAPE LIGHTING SYSTEMS ONLY.
- LANDSCAPE LIGHTING SYSTEMS ARE FOR OUTDOOR USE ONLY.
- POWER SUPPLIES ARE FOR OUTDOOR USE ONLY.

- Do not store or use gasoline or other flammable vapors and liquids in the vicinity of the appliance or any other appliance. The fumes can create a fire hazard or an explosion.
- Never clean appliance parts with flammable fluids or harsh chemicals. The fumes can create a fire hazard or an explosion.
- Never touch uninsulated cables, especially AC cables, with bare hands.
- Avoid using other non-standard power adapters for this product.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- If the LED light source does not illuminate when the light is turned on, please disconnect the power supply, perform troubleshooting checks first, and if it still does not illuminate, please consult after-sales services.
- Please do not operate the product with wet hands or pull on the power cord, as this may damage the power cord and cause a fire or electric shock.
- When the product is not in use for a long period of time, please unplug the power cord from the outlet to prevent fire accidents.
- When cleaning the light fixture, please turn off the power supply, use a soft cloth dipped in neutral detergent, wring it out, wipe the fixture, and then wipe it dry with a dry cloth.
- Interconnection shall be made only by the use of the supplied connectors. Any open ends must be sealed-off before use.
- For ambience lighting only. Not for illumination.

At a Glance

- Press to turn on or off.
- Press and hold for 5 seconds to reset.

Pairing Your Light with Govee Home App

What You Need

- A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.
- A smartphone or tablet running iOS 8.0 and above or Android 4.3 and above.

Google Play is a trademark of Google LLC.

1. Download Govee Home App from the App Store (iOS devices) or Google Play (Android devices).
2. Turn on your smartphone's Bluetooth.
3. Open the app, tap the "+" icon in the top right corner and search for "H3511".
4. Tap the device icon and follow the on-screen instructions to complete pairing.

Controlling the Light with Your Voice

1. Open the app, then tap the device icon to enter the details page.
2. Tap the settings icon in the top right corner.
3. Select User Guide and follow the on-screen instructions to control the device using your voice.

Installing Your Device

1. Attach the 8 LED Path lights to the control cable. Tighten the waterproof cable protector.

Note: Only when all four lights are attached on the control cable can this device function properly.

2. Attach a ground stake to the stand of each LED path light.

Specifications

Power Input (Adapter)	100-240VAC 50/60Hz
Power Input (Light)	24VDC 2A
Waterproof	Light: IP67
Light Color	RGBWIC
Working Temperature	-20 to 40°C (-4 to 104°F)

Matter Guide Card

Cautions:

1. You need to complete the network connection of apps that support Matter (e.g. Google Home/Apple HomeKit etc.) within 15 minutes after the product is powered on when using Matter for the first time.
2. An IPv6 network is required.
3. Changing the network may cause Matter to malfunction.
4. If the product cannot connect to the app, press and hold the power button on the control box for 5 seconds to restore the factory settings. After that, try connecting again later.

Step 1

Find the QR code or device number of Matter on the product or on Device Settings page in Govee Home App.

Step 2

Turn on the Bluetooth on your smartphone.

Step 3

Download and open the app that supports Matter like Google Home/Apple HomeKit, etc.

Step 4

Use the device number or QR code on the product in the app to complete the network connection of Matter for the product.

Troubleshooting

1. Cannot connect to Wi-Fi.
 - a. Do not skip the Wi-Fi connection steps in the app.
 - b. Make sure your home Wi-Fi is 2.4Ghz and your smartphone's Bluetooth is on.
 - c. Long press the control box for more than 5s to reset the whole light. Unbind and then rebind the light.
 - d. Connect your smartphone to Wi-Fi and check whether the network works well.
 - e. Make sure you have entered the correct Wi-Fi name and password.
 - f. If the light is too far away from the Wi-Fi, bring the control box closer to the Wi-Fi, and then reconnect to the network.
 - g. Check if there are too many devices connected to the network. If so, change to another network.
2. The light does not work./Part of the lights do not light up.
 - a. Long press the control box for more than 5s to reset the whole light.
3. For other issues.
 - a. Please contact the Govee support team.

FCC Statement

This device complies with Part 15 of the FCC Rules and Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
