Wiring must be installed by qualified electricians

▶ If you have any suggestions or advice, please feel free to send e-mail to our customer services.

Wiring Method

02

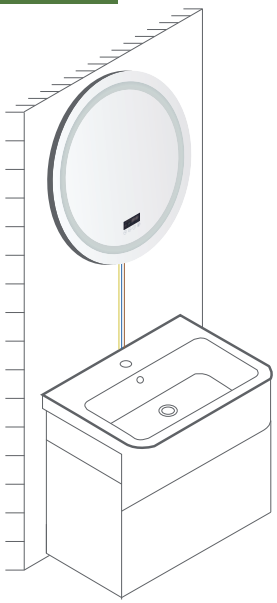

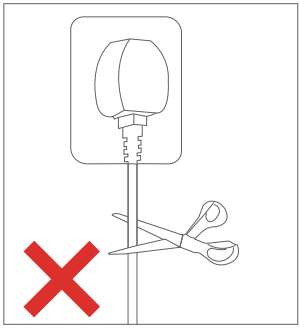

Method 1

Extend the line of the bathroom mirror from the grooves on the side and plug it in to use.

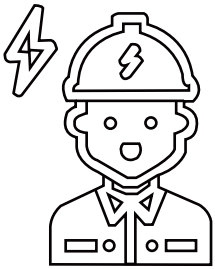

To reduce the risk of strangulation, the flexible cable connected to this luminaire must be fixed on the wall when the cable is in the hand region

Method 2

1. Wiring must be installed by qualified electricians
2. Please use insulating tape to protect the wires
