Setup & Use

1. Place the knee-board on a stable surface or directly in shallow water.
2. Kneel into the form-fitting knee slots, ensuring a secure and comfortable fit.
3. Grip the front handle or tow rope securely.
4. Have the towing vessel start slowly, allowing you to stabilize before increasing speed.
5. Maintain balance by keeping your knees pressed into the slots and your body centered.
6. To stop, signal the towing vessel or release the tow rope and coast to a stop.

Cleaning, Maintenance, and Storage Guide

Cleaning

- Rinse the knee-board thoroughly with fresh water after each use, especially after use in saltwater.
- Wipe with a soft cloth or sponge to remove dirt, sand, and salt residue.
- Avoid using harsh chemicals or abrasive cleaners.

Maintenance

- Regularly inspect for cracks, warping, or damage.
- Check and tighten any fittings or attachments before use.
- Keep away from sharp objects that may puncture or scratch the board surface.

Storage

- Store in a cool, dry place, away from direct sunlight to prevent UV damage.
- Avoid placing heavy objects on top of the board.
- If storing for an extended period, ensure the board is completely dry before putting it away.
