

## **Returns & Warranty-Replacements**

Unless otherwise specified in the item listing on our website, on the receipt or packing slip, or in the following terms, DB Electrical will accept qualified and conforming products for replacement for the period of 1 (one) year. An order may be refunded only within 14 days of the original purchase date. All shipping charges are non-refundable. Products must be in 'Like New' condition and free from damage of any type, including, but not limited to dents, scratches, cracks, abuse, defacement or indication of removed screws/fasteners or seals.

In the event that the product you are returning does NOT meet the requirements described in this document, we will:

- 1) Photograph the merchandise and packaging, and prepare a detailed summary of our determination as to why the return was denied
- 2) The product(s) deemed ineligible for return will be returned to you.

If DB Electrical, at our sole discretion, decides to accept a non-qualified item for return, a restocking fee of up to 25% will be assessed.

Return processing may take up to 5 business days from the time your product is received by DB Electrical.
