How to Attach Lanyard

How to Replacing Battery

How to Successfully Pair

1 Press the forward/backward key to choose ringtone 

2 Press volume key for 5 seconds to make a "ding" sound 

3 Press transmitter to make the receiver sound "dingding"

4 Press the transmitter once again to check if the pairing is successful

Warm reminder: If cannot pair, please **unplug** the receiver and **replug** in socket first, then **clear** the previous settings and try to **pair** again.
