Operating Instructions for Apple Devices

1. Power on the device

For the first connection, please ensure the device is near your router and phone.

2. Connect the Phone to the Internet

2.1 Connect your phone to the current Wi-Fi network.

2.2 Turn on the Bluetooth switch on your phone, but do not connect it (to any device).

3. Download the App

Apple users can download (the app) by searching for "solohuman" in the App Store or scanning the QR code.

4.Usage on the App

Tap the searched device, enter the password of your phone's current Wi-Fi network in the pop-up window, tap "Connect", and wait briefly for the connection to succeed—then you can start using the device.

5. Play Music

Turn on your phone's Bluetooth and connect to the device “**MOOBX M1**” After a successful connection, open any player to play music. For Apple devices, using the "**APPLE MUSIC**" app to play music provides a better experience of lyric casting to the screen.

Product Specifications:

Product Model: CMBM1695

Product Dimensions: 116 × 121 × 236 mm

Net Weight: 1.38 kg

Number of Speakers: 2

Speaker Channels: 2.0

Maximum Power: 15 W

Power Input: 5V 3A

Battery Capacity: 8000 mAh

Connection Method: Bluetooth Connection

Package Contents: Main Unit × 1, User Manual × 1, Certificate of Conformity × 1

Disclaimer: Our company shall not be liable for any direct or indirect losses arising from the use of this product.

Warning & Precautions

The accompanying app for this product supports mobile operating systems of Android 10.0 and above / iOS 16.0 and above.

Warning

Operating this device in a residential environment may cause radio interference.

Danger

Do not expose to flames or place near heat sources.

Notice

Avoid prolonged use in humid environments.

Do not disassemble or attempt to repair this product unless you are a qualified professional.

Please place the speaker appropriately. Children should use it under parental supervision.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

*RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

ISED Warning

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

*RF warning for Mobile device:

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. A distance between the surrounding area and the top surface of the device is greater than 20cm.

Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

1. Cet appareil ne peut pas causer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un fonctionnement indésirable de l'appareil.

la distance entre l'utilisateur et le dispositif ne doit pas être inférieure à 20 cm

EU Declaration Conformity

Hereby, Suzhou ShaoHao Tech Co., Ltd. declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. In accordance with Article 10(2) and Article 10(10), This product is allowed to use in all EU member states. A complete declaration of conformity can be obtained at: <https://pitchbook.com/profiles/company/1239833-26>

The device is restricted to indoor use only when operating in the 5150 to 5250MHz frequency range.

Warnings

- 1 Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.
- 2 Use careful with the earphone maybe possible excessive sound pressure from Audiocan cause hearing loss.
- 3 Adapter shall be installed near the equipment and shall be easily accessible.
- 4 To charge the device, please use the charger with the device or CE approved charger with output parameters described as below; unauthorized power adapter or data cable may cause charger exploding or damage the machine.
- 5 Plug the adapter power socket in 100-240VAC socket, others may cause charger exploding or damage the machine. The plug considered as disconnect device of adapter.
- 6 Do not store the device in temperatures lower 0°C and higher than 35 °C.
- 7 The safety operating temperature of this device is 0 °C - 35 °C.

Technical description:

Frequency Range:

2.4G WiFi: 2412 ~ 2472 MHz

Bluetooth: 2402 ~ 2480 MHz

Bluetooth LE: 2402 ~ 2480 MHz

5G WIFI: 5180 - 5240MHz

5260 - 5320MHz

5500 - 5700MHz

5745 - 5825MHz

Transmit Power:

2.4G WIFI: 18.06dBm EIRP

Bluetooth: 6.27dBm EIRP

Bluetooth LE: 6.04dBm EIRP

5.2G-5.6G WIFI: 13.48dBm EIRP

5.8GWIFI: 11.98dBm EIRP

この製品は屋内のみで使用可能です
