IDEAL WAREHOUSE INNOVATIONS INC®

Protecting Your People

ENVIRONMENTAL CONTROL SYSTEMS

Weather.
Or not.

The risk of exposure to many dangerous conditions can easily be mitigated by using Ideal Warehouse Innovations' environmental control solutions. Shielding people from hazardous processes, preventing slippery surfaces in a large temperature variance or saving energy costs by preventing air infiltration are all common uses for our products.

Your Ideal Warehouse Innovations representative is an expert consultant and, along with our application specialists, is uniquely able to apply the most suitable protection for your investment.

CREATE A SAFEGUARDED WORKPLACE WITH IDEAL WAREHOUSE INNOVATIONS ENVIRONMENTAL SOLUTIONS!

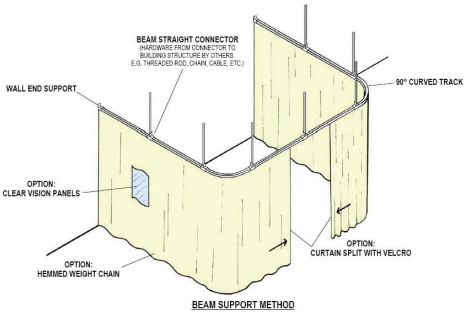

CURTAIN ENCLOSURES

EASILY ENCLOSE OR SEPARATE ANY AREA.

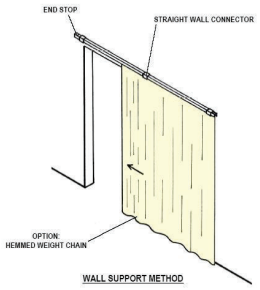

Need a partition? Need to protect people from dangerous conditions? Need flexibility? Custom curtain enclosures by Ideal Warehouse Innovations can be added to virtually any location and are only limited by imagination.

FLOOR SUPPORT METHOD

FLOOR SUPPORTED

Choose from our extensive range of materials, including: clear, colored, and welding protection. Vision panels, Velcro panel closures and weights are easily added.

SLIDING TRACK HARDWARE

Ideal Warehouse Innovations' vast selection of hardware options ensures your curtain will fit into any space you have.

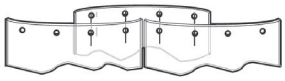

FLEXIBLE STRIP CURTAINS

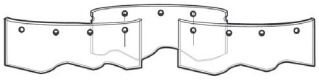

ECONOMICALLY CLOSE OPENINGS!

Our Strip Doors and Swinging Doors are the most economical solutions to protect employees and goods from adverse environmental conditions such as noise, heat, cold, humidity, dust and drafts.

Strip doors use extruded, flexible PVC strips overlapped to form a seal, yet separate easily to allow passage. The strip size, weight and amount of overlap are variable allowing for different degrees of protection or access.

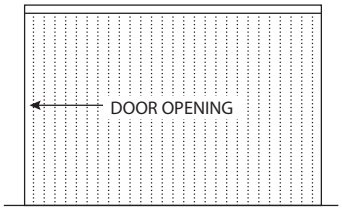

FULL OVERLAP

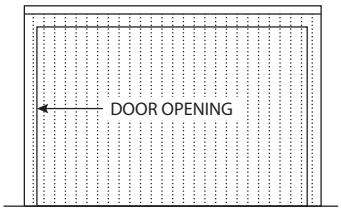

PARTIAL OVERLAP

Available in a multitude of mounting configurations, they can be installed almost anywhere. Visit IdealWarehouse.com for more information or ask your Ideal Warehouse Innovations representative for more details.

HEADER MOUNTED

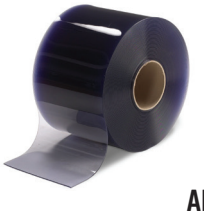

For use when the strip curtain will be the same size as the opening.

WALL MOUNTED

Used for a better seal when there is extra room around the opening.

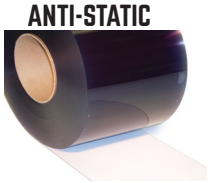

STANDARD

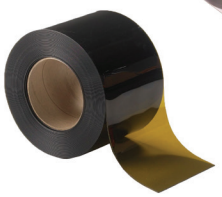

LOW TEMP

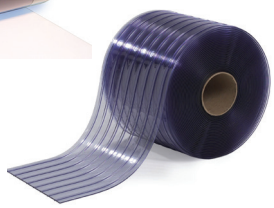

ANTI-STATIC

WELDING

RIBBED

UNIVERSAL BRACKET

Ideal Warehouse Innovations' Standard Universal Mounting Bracket, used for Header and Wall Mounts, increases the long-term value of your strip doors. One retaining bar covers 6 of the pre-studded bolts at one time, making installation and maintenance easy.

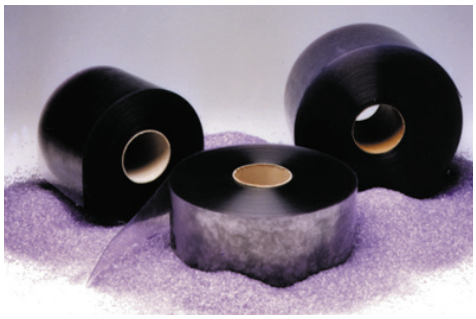

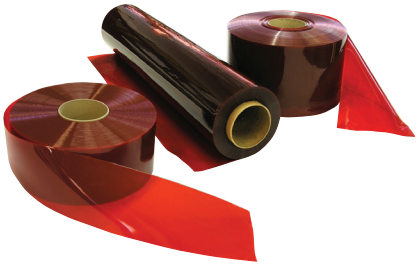

FLEXIBLE PVC STRIP MATERIAL

REPLACEMENT IS EASY!

Ideal Warehouse Innovations carries a multitude of flexible PVC strip grades and sizes. From standard grades to low temperature, welding, opaque and anti-static, Ideal Warehouse Innovations offers the materials you need to get the job done properly and cost-effectively.

Replacing strips? Visit IdealWarehouse.com for a handy strip quantity calculator. From there you can evaluate the value provided by full rolls or the convenience offered by pre-cut and punched strips.

TYPICAL GRADES INCLUDE:

- Standard
- Low Temperature
- Ribbed
- Weld Screen
- Anti-Static

WIDTHS INCLUDE: 6", 8", 12", 16" & 48"
THICKNESSES INCLUDE: .060", .080", .120" & .160
ROLL LENGTHS INCLUDE: Up to 400' (depending on thickness)

OVERHEAD DOOR BOTTOM EDGE SEAL

Reduce your heating and cooling costs by sealing the gaps around your dock!

Seals uneven surfaces between leveler and overhead door. Made from foam and wrapped in a flexible, yet tough rubberized fabric. Custom sizes and mounting styles available.
