Serial number	Pattern logo	Dual-color + Flash 12 function pedal switch circuit board + Timer 30V400MA with memory and remote control function, featuring short-circuit protection (6 hours on + 18 hours off). SP13049	
1	ON	ON	
2		TIME	
3	OFF	OFF	
4	Steady WW	Steady warm white	
5	Twinkle WW	Twinkle warm white	
6	Steady MLT	Steady Multicolor	
7	Twinkle MLT	Twinkle multicolor	
8	Steady Pastel	steady pastel	
9	Slow Fade W/M	slow fading warm white to multicolor	
10	Fast Fade W/M	fast fading warm white to multicolor	
11	Fade WW	fading warm white	
12	Fade MLT	fading multicolor	
13	Flash WW/MLT	flashing warm white to multicolor	
14	DEMO	DEMO 1-10	
15	Function Dxplaination:	1. Steady warm white, 2. Steady Multicolor, 3. Twinkle warm white, 4. Twinkle multicolor, 5. steady pastel, 6. slow fading warm white to multicolor, 7. fast fading warm white to multicolor, 8. fading warm white, 9. fading multicolor, 10. flashing warm white to multicolor, 11. DEMO 1-10 , 10 seconds per function, 12、off	
16	Pay attention to the requirements:	For the time controller, if there are three flashes, it indicates that the time controller is on. Switching functions does not affect the normal operation of the timer function. Press the second timer button or the power-off button: this will cancel the timer function. Pressing the foot pedal switch on the circuit board (any button other than the off button) does not affect the operation of the timer function.

Remote Control FCC Warning Statement

FCC ID:2BCI4-HX21-14 5MM

35MM

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used exposure condition without restriction.
