

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This product uses a Lithium battery. When it can no longer be used, it should be removed from the unit and recycled. The battery must not be incinerated or composted. The battery can be taken for disposal to any local retailer participating in the national recycling program sponsored by the RBRC (SEE RBRC seal). Call your local details, or the RBRC hotline at 1-800-820-8837 for the closest recycling center to you.

INSTRUCTIONS

WARNING! DO NOT SHINE DIRECTLY INTO EYES.

CHARGING STRING LIGHTS

1. Pull the rubber cover to expose the charging port. See Diagram 1 on right.
2. Insert the USB-C end of the provided charging cable into the flashlight and the other end into any USB power source (USB adapter, power bank, etc.)
3. The battery indicator light will light up red while charging.
4. It will take approximately 2-3 hours to fully charge your unit.
5. Once the unit is fully charged, the charging indicator light will turn green.

DIAGRAM 2

SETTING UP

1. Pull up the small hook located on the side of the unit to unreel the string lights.
2. Secure the lights using the small hook. Display the lights in any desired way.
3. Attach the main unit to any metal surface using the 3 magnets or use the reel/hook to hang it.

USAGE

1. Lightly press the Power button to turn the unit on (**RGB ON**).

2. Keep pressing the Power button to go through the rest of the String light/Spotlight settings:

- **RGB SLOW FLASH**
- **RGB FADING**
- **RGB FAST FLASH**
- **RGB + WARM WHITE ALTERNATING**
- **WARM WHITE ON**
- **WARM WHITE FADING**
- **SPOTLIGHT ON**
- **SPOTLIGHT ON + WARM WHITE ON**
- **SPOTLIGHT ON + RGB ON**
- **OFF**

3. Press and hold the Power button for **3-5 seconds** to turn the **FLASHLIGHT** on **HIGH**. Lightly press the Power button to go through the rest of the Flashlight settings: **FLASHLIGHT LOW, FLASHLIGHT STROBE** and **OFF**.

DIAGRAM 3

PLUG AND PLAY FEATURE

String lights can operate continuously while plugged into an outlet or any USB source. Please refer to the Charging section of the manual on previous page to connect the unit to a power source.

CAUTION: Arrange the cable away from traffic area and where it will not be tripped over.

BUILT-IN HOOK

Lift up the reel to use it as a hook for hanging the lights. See Diagram 4 on right.

DIAGRAM 4

STORAGE

Lift up the reel from one side to the other. Use it to wind the lights inside the unit. Slowly turn the reel clockwise to wind up the string lights. See Diagram 5 on right.
