

Thunderstorm® Refrigerator Air Purifier
Model: A6118

USER'S MANUAL

Product Introduction

This product adopts a new technology using active oxygen and negative ion purification, which can get rid of odors and sterilize the air. When the unit is placed in a refrigerator, it can deodorize and disinfect food. It uses a low amount of power and no consumables, which makes it economical and easy to use.

Active Oxygen & Negative Ion Purification

- **Active Oxygen:** A super-strong oxidizer that destroys bacterial RNA, kills and inhibits the growth of bacteria, eventually forming $O_2/H_2O/CO_2$ and other common harmless substances.
- **Negative Ions:** Negative Ions are a kind of ion which have one or more ions, also named as anions or negative oxygen ions. Experimentally proven, negative ions destroy bacterial viruses in the air or on surfaces. They quickly condenses small particles of positively charged dust such as PM2.5 or smaller particles that are harmful to humans and cleans the air fast.

Parts List:

Type-C USB cable x1

Instructions on How to Use this Product

Indicator Lights

- ON/OFF:  Click the button to turn the unit ON and OFF and to change modes.
- Low battery indicator:  Red light on
- Charging or Fully Charged:  Green light on
- To charge using the USB cord: Connect the TYPE-C cord to the 5V power adapter TYPE-C

Standard dual-effect mode (oxygen+negative ion mode):

Click ON/OFF and the unit will start in this mode. The unit will run in this mode for 10 minutes and turn off OFF for 75 minutes, then cycle on 3 minutes and OFF for 75 minutes.

Fresh power saving mode (Negative ion mode):

Click the ON/OFF a second time to activate this mode. The unit will run in this mode for 10 minutes and turn OFF for 75 minutes, then cycle on for 10 minutes and OFF for 75 minutes.

Strong Deodorization Mode (Ozone Mode): Click the ON/OFF button a third time to activate this mode. The unit will run in this mode for 15 minutes and turn OFF for 7 minutes, then cycle on for 5 minutes and OFF for 75 minutes

This product can be used in refrigerators, cars, shoes, closets, bookcases, bathrooms, litter boxes or anywhere that you need the air freshened.

This product also has a clip on the back that can be used to hang it on shelves.
