

BLUETOOTH CONNECTION GUIDE

- 1. Power on the microphone.
- 2. Select "Bluetooth" input mode. →Display shows "BLUE" + audible prompt.
- 3. On your device: Enable Bluetooth
Select"BT Speaker" from available devices→Connection confirmed by audible tone.

PACKAGE CONTENTS

- 1. JSHC-01310 Main Unit.....1 pc.
- 2. Power Cord1 pc.
- 3. Remote Control 1 pc.

TECHNICAL SPECIFICATIONS

- 1. Output Power :80W+80W.
- 2. Input Sensitivity:450 ± 50 mV.
- 3. Signal-to-Noise Ratio: ≥75 dB.
- 4. Input Voltage: AC110V-240V,50/60Hz.

MATTERS NEEDING ATTENTION

- 1. Read these instructions thoroughly before using this item.
- 2. Keep these instructions for future reference.
- 3. Heed all warnings.
- 4. Follow all instructions.
- 5. Warning: To prevent fire or electric shock, do not expose this equipment to rain or moisture. Do not store or operate this product near any liquids.
- 6. Clean only with a dry cloth.
- 7. Do not store or operate this product near any heat sources such as radiators, heat registers, stoves, or other apparatuses (including amplifiers) that produce heat.
- 8. Unplug the unit during lightning storms or when unused for long periods of time.
- 9. When wiring this unit and any other equipment used in connection with it, make sure that all of your equipment is turned OFF.
- 10. Before placing, installing, rigging, or suspending any product, inspect all hardware, suspension systems, cabinets, transducers, brackets, and associated equipment for damage. Any missing, corroded, or non-load-rated component could significantly reduce the strength of the installation, placement, or array. Any such condition severely compromises the safety of the installation and should be corrected immediately. Use only hardware that is rated for the loading conditions of the installation and any possible short-term or unexpected overloading. Never exceed the rated capacity of the hardware or equipment.
- 11. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way—for example, if the power supply cord or plug is damaged, liquid has been spilled on, or objects have fallen into the apparatus, or if the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

MADE IN P.R.C

BEFORE USING PLEASE READ THIS MANUAL CAREFULLY

REAR PANEL DESCRIPTION

- | | |
|----------------------------------|-------------------------|
| 1. Repeat Button | 14. MIC 1 Input |
| 2. Record Playback Button | 15. MIC 2 Input |
| 3. EQ Button | 16. TF Card Slot |
| 4. X-Bass Button | 17. USB Port |
| 5. LED Button | 18. Treble Control Knob |
| 6. LED On / Off Button | 19. Bass Control Knob |
| 7. Mode Button | 20. Echo Control Knob |
| 8. Previous Channel / CH- Button | 21. Optical Input |

| 10. Next Channel / CH+ Button | 23. Left Audio Channel |
| 11. Microphone Priority Button | 24. Right Audio Channel |
| 12. Power Button | 25. AC Input |
| 13. Microphone Volume Knob | |

REMOTE CONTROL DESCRIPTION

- | | |
|-------------------|-------------------|
| 1. Power on/off | 7. Volume- |
| 2. Mode selection | 8. Equalization |
| 3. Mute | 9. Program |
| 4. Volume+ | 10. Repeat |
| 5. Next song | 11. Previous song |
| 6. Pause/Play | 12. Stop song |

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
