**Multi-Function SLEEPING LAMP**

### Instructions for Product Use

**CCC Warning:**  
This product has been tested by TUV SÜD AG for CCC rules. Exportation is subject to the following two conditions:  
① This device may not claim harmful substances.  
② The device must meet all applicable EMC standards, including interference and test noise emission operation.

**NOTE:**  
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of FCC of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used correctly, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If you experience interference while using this product, you are encouraged to try to correct the problem by one or more of the following measures:  
• Reorient or relocate the receiving antenna.  
• Increase the separation between the equipment and other electronic devices.  
• Consult the dealer or a qualified technician for assistance.  
• Connect the equipment to a power outlet that is not shared with other loads.  
• Avoid using long extension cords.  
• Follow the instructions that accompany the equipment.  
The FCC does not warrant any specific results from these measures. It is your responsibility to ensure compliance with the FCC rules and regulations. The product has been evaluated to meet general exposure requirements. The device can be used as portable exposure limitation reference equipment.

**Product Features**

- Buzzling Breathing Light
- Display Touch Operation
- 3D Sound Quality
- High Performance Bluetooth

**Appearance components**

- Gypsum
- Flexible Ribbon
- Speakers/Diaphragms
- Touch Switches

**Operation method**

- Long Press (Volume Down)
- Short Press (Lamp Brightness Dimmed)
- Double click (previous track)
- Long Press (Power On/Off)
- Short Press (Light On)
- Short Press Again (Switch to Breathing Mode)
- Double click (pause, play)
- T ripple-click (TWS pairing)
- Single-click during an incoming call (hands-free call)
- Press and hold for 10 seconds (reset)

**Specifications**

Support: Breathing Light, Bluetooth Speaker  
Product Material: EF ABS+Hardware+PP+EF Silicone  
Charging: Input-5V/2A (Type-C)  
Speaker: 4Ω8W\*2  
Illumination: Breathing Light  
Battery Capacity: 4000mAh  
Speaker Rated Power: 16W  
Weight: 935g  
Dimensions: 199\*199\*210mm  
Power Charging Port for international common Type-C port
