

HEADSUP

STREAMING VIDEO RECORDER

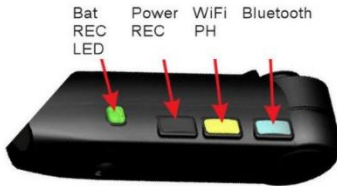

Model WC1

Quick Start Guide

HeadsUp is a revolutionary device that simplifies taking videos and images and streaming them to your phone, anywhere, anytime. This guide was created to get you going quickly. A full User Manual can be viewed directly from the HeadsUp App; or can be accessed from our website at www.beantech.net under HeadsUp.

Let's get started

1. Charge HeadsUp for a minimum of one hour before using.
2. Acquire and insert a micro SD card – maximum storage 64GB.
 - Rating 6C – 10C
3. Function Controls
 - Get to know what button does what.
 - Start by turning the power on.

Get the app

Frame your phone's camera around the scan code below to be directed to the App in your corresponding App Store or go to your App Store and search "HeadsUp Camera".

When framing your camera around code, phone will show link to the app. Tap it.

HEADSUP CAMERA

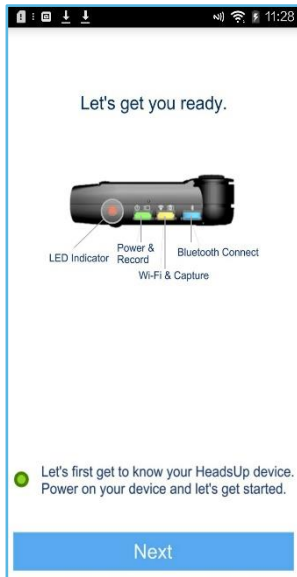

Sync to phone

Launch HeadsUp App and follow on screen instructions to sync. Note; User Manual link in red circle on Home Screen image.

App Screen 1

Read then press
