Enjoy the experience!**

Pairing introduction

Pairing

Open the charging case, the PEACLIP enters pairing upon first power-on, with the white indicator light flashing. Search for “FIIO PEACLIP” on your device and connect.

After placing the earbuds back into the case and opening the lid again, the PEACLIP will enter reconnection mode.

Re-pairing

Take both earbuds out of the case. Press and hold the touch areas on both left and right earbuds simultaneously to power them off. Then press and hold the touch areas on both earbuds simultaneously for about 5 seconds to enter pairing mode.

Clear pairing

Take both earbuds out of the case. Press and hold the touch areas on both left and right earbuds simultaneously to power them off. Then press and hold the touch areas on both earbuds simultaneously for about 8 seconds to clear pairing.

Multipoint pairing

After the PEACLIP is connected to the first device, disconnect the Bluetooth to enter pairing mode; on the second device, search for "FIIO PEACLIP" and connect. Once connected, reconnect the Bluetooth of the first device.

Charging case function introduction

Not charging

White light on: Charging case has sufficient battery

Red light flashes: Charging case battery is low

Charging

Red light flashes: Charging is in progress

White light stays on: Fully charged

Model:F4001A

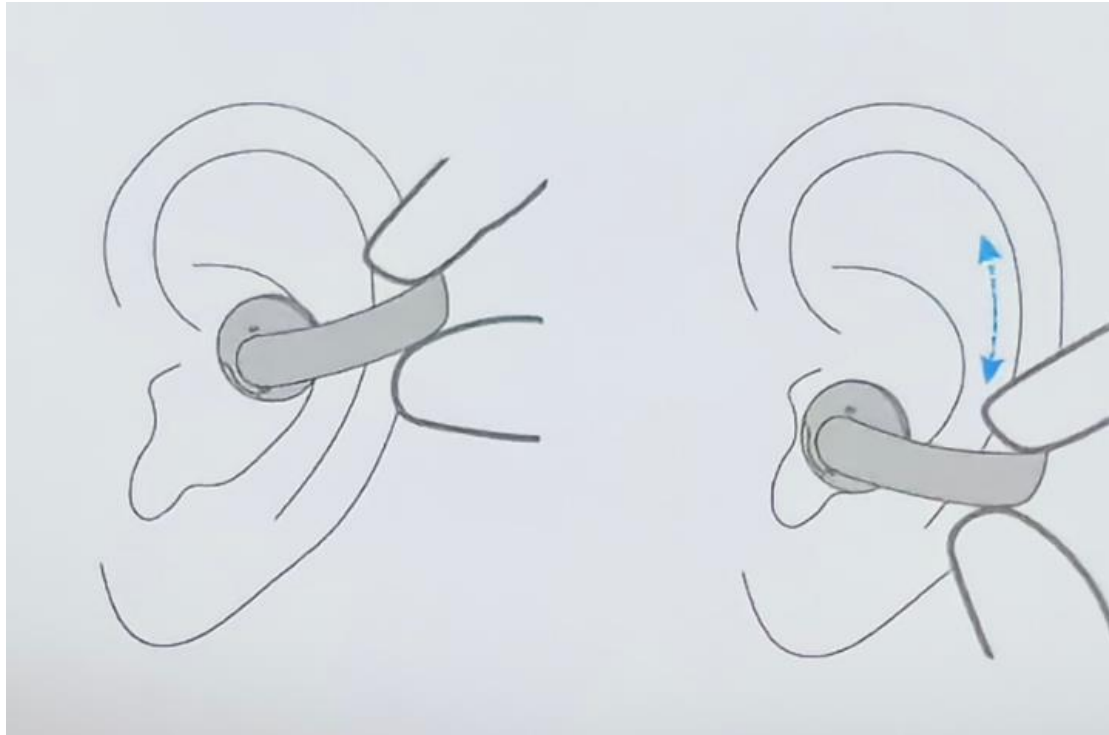

FCC ID: R56-FC4001

Wearing instructions

Please insert the earbud from the outer ear area and adjust its position for the best wearing comfort and audio experience.

Note: Please wear the left and right earbuds on the correct sides to ensure proper operational experience.

Notes and precautions

1. Please do not place the earbuds directly into the charging case for charging if the charging contacts have sweat or dirt on them. This may cause oxidation of the contacts and result in charging failure.
2. Please do not use the earbuds in circumstances of excessively low/high temperatures (below 0°C or above 45°C).
3. Please use a power adapter that is certified and meets standard requirements (for example, use a CCC-certified power adapter if in China).
4. Do not replace with a battery pack of the wrong model to avoid the risk of fire or explosion.
5. If the charging case indicator does not illuminate, the case may have drained due to prolonged storage. Please charge the case before use.
6. When placing the earbuds into the charging case, please insert the left and right earbuds into the correct sides. Forcing the lid shut when they are placed incorrectly may damage the earbuds or charging contacts.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

★Authentic-Checking

※Scratch off the coating to get a security code.

Log in FIIO official website at <http://www.fiio.com>, click the 'Check authenticity' icon at the upper-right corner. Enter the security code, click 'Check' button and complete the captcha, then you will get the checking result.

※Checking result

A. The product is genuine.

The product is manufactured by FIIO.

Thanks for choosing us!

B. The number you are checking does not exist.

Warranty Terms and Conditions

Model		Warranty
Mainframe		One month replacement; one year warranty
Accessories except the mainframe (subject to the officially published item list)	Accessories	Without warranty
	(Packing material (Color box or other easily-worn parts))	Without warranty
Note: The above three guarantees start from the invoice-issue date. FIIO warranty is just for your reference. Local sales agents have the right to determine the specific details.		

Guangzhou FIIO Electronics Technology Co., Ltd. reserves the final interpretation and amendment for the above warranty terms and conditions.

The following situations are not covered by replacement or warranty:

Malfunctions caused by human factors such as shock, impact, dropping, bending, tearing, or pulling due to improper use or storage;

Malfunctions caused by unauthorized disassembly by the user or repair centers not authorized by the company;

Malfunctions caused by prolonged placement of the product in humid or strong magnetic field environments, or due to water immersion;

Malfunctions caused by natural disasters;

Inability to provide a valid warranty certificate;

The determination of human-induced damage will be made by FIIO's professional maintenance personnel.

Procedures of How to Get After-sales Service

❶ Please contact the local dealers first once you find problems with the device from FIIO. If they refuse to give related after-sales service, please give feedback to FIIO Support by sending an email to support@fio.com. We would handle it properly to ensure customers' satisfaction.

❷ For repair service, you are supposed to send the defective product to FIIO with freight paid. After it has been repaired, we will send the product back to you with freight paid by us.

❸ It is highly suggested to buy the product from the local authorized sales agents so as to get better, faster before- and after-sales service.

❹ Please do not maintain or dismantle the product on your own and please keep it away from water.

❺ For abnormal working issues or any further questions, please visit our official website->Support to get related information or send an email to support@fio.com for consultation.

Note: Due to continuous improvement, each specification and design are subject to change at any time without further notice.
