

To Those of You Who Yearn for Decent Sound Quality

You walk happily listening to the music you love. You are enveloped in the artist's world wherever and whenever you like. But, don't you sometimes wish the quality of the sound was better? The Denon AH-C700 and AH-C350 are inner ear headphones that faithfully reproduce the original sound with a quality that is always satisfying. These headphones feature an acoustic optimizer structure that ensures ideal sound characteristics, and the canal-type design fits snugly into your ears. The AH-C700 also has a machined aluminium housing and plug that reproduce dynamic sound. Now, with beautiful sound quality to match your favorite music, you might start to feel you're walking on air.

AH-C700

Machined aluminium housing and plug, to reproduce dynamic sound.
Acoustic optimizer structure, to bring out ideal acoustic characteristics.

- Highly rigid machined aluminium housing and plug achieve dynamic sound playback.
- Acoustic optimizer structure generates ideal acoustic characteristics by adjusting sound pressure balance around the diaphragm.
- Equal cable lengths are used for left and right channels to maximize sound quality.
- Canal-type inner ear headphones reduce ambient noise and lets you enjoy the music more.
- Tangle-resistant elastomer cable is also easy to store.
- Gold-plated stereo mini jack
- Comes with 3 sizes of earpieces to be sure you have the size that fits your ears.

AH-C350

Canal-type design, to bring the music directly into your ear.
Acoustic optimizer structure, to bring out ideal acoustic characteristics.

- Acoustic optimizer structure generates ideal acoustic characteristics by adjusting sound pressure balance around the diaphragm.
- Canal-type inner ear headphones reduce ambient noise and lets you enjoy the music more.
- Tangle-resistant elastomer cable is also easy to store.
- Gold-plated stereo mini jack
- Comes with 3 sizes of earpieces to be sure you have the size that fits your ears.

AH-C700 / AH-C350

Specifications

AH-C700

Type	Dynamic type
Drive units	ø 11 mm Neodymium magnet
Input impedance	16 Ω/ohms
Sensitivity	104 dB/mW
Maximum input	250 mW
Frequency response	12 - 24,000 Hz
Weight	6.6 g (not including cable)
Cable length	1.2 m Y type OFC cable
Plug	ø3.5 mm gold-plated, stereo mini plug
Accessories	Ear pieces (S,L sizes x 2) / Operating instructions

AH-C350

Type	Dynamic type
Drive units	ø 9 mm Neodymium magnet
Input impedance	17 Ω/ohms
Sensitivity	110 dB/mW
Maximum input	20 mW
Frequency response	20 - 21,000 Hz
Weight	3.0 g (not including cable)
Cable length	1.2 m OFC cable
Plug	ø3.5 mm gold-plated stereo mini plug
Accessories	Ear pieces (S,L sizes x 2) / Operating instructions
