Smart Garage Light with Adjustable Panels

For 24/7 customer support, visit feit.com/help

System Requirements
Minimum: iOS 9.3, Android™ 4.4 KitKat® or higher
- Dedicated 2.4GHz Wi-Fi Network -

Your screen images may differ from this user guide.

BEFORE USING THIS USER GUIDE SEE INCLUDED INSTALLATION GUIDE FOR PROPER PRODUCT INSTALLATION.

NOTE: Only works with 2.4GHz Wi-Fi networks

Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.

1 Download the **Feit Electric App**.

Set Up Device

2 Launch the **Feit Electric App**. Enter email address to register or log into your account. Then tap **Continue**. A verification code will be sent to your email.

3 Create a password then tap **Done**.

4 Adding Device

Enable Bluetooth on your smart device for simple pairing. Install your Smart Adjustable Panel Garage Light and power it **ON-OFF-ON-OFF-ON**. Your light will begin to blink, entering pairing mode. Tap **Add Device** or the plus (+) sign on the upper right corner.

5 Make sure you are connected to a 2.4GHz Wi-Fi Network. The device name(s) will pop up for simple pairing enabled devices. Tap on **Go to add**.

6 As the light continues to blink, select it from the list, then tap the plus (+) sign.

NOTE: The light will continue blinking (pairing mode) for approximately 20 seconds.

7 After confirming that you are on a 2.4GHz Wi-Fi network, enter your password then tap **Confirm**.

8 The **Connecting Now** status window will appear. Wait until connection is complete.

9 If you see a **Failed to Add** notification, check to be sure your Wi-Fi password was entered correctly. Close the app and repeat the previous steps to try re-connecting or tap **View Help** for further assistance.

10 Once device is successfully added, tap the **Pen** icon to rename the device.

A. Once device has been renamed, tap **Save** then tap back < .

B. Then tap **Done**.

Adding Your Device Using AP Mode

1 Open up the **Feit Electric App**. Tap plus (+) in the upper right corner.

NOTE: If this is the first device you are setting up you can also select Add Device.

2 Choose your device type.

3 Choose **AP Mode**. Make sure your device is in AP pairing mode (light should flash one time every three seconds). Tap **Confirm** then tap **Next** to go on to the next step.

NOTE: If your device is not slowly flashing, View Help for additional information and instructions.

4 Enter the name of your 2.4 GHz Wi-Fi network, enter your password and tap **Next** to begin connecting.

NOTE: Your Wi-Fi network name and password are case sensitive.

5 Tap **Go connect**. If you do not get automatically redirected please visit your phone wireless settings page to pick the **SmartLife-XXX** network.

6 After you have connected to **SmartLife**, return to the Feit Electric app.

NOTE: After connecting your device your phone will automatically rejoin your original 2.4 GHz network.

7 Your device should begin connecting using **AP Mode**.

8 If you see this screen your device was added successfully.

9 If you see a **No Response From Device** screen it means the network connection failed. Try connecting again or **View Help**.

Enable Siri Shortcuts (for use with iPhone)

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

NOTE: Use Siri to execute an action through voice control. If you have not created an action, see the Smart Scenes section.

2 In the **Scene** Tab, tap **Add to Siri** located at the bottom of the screen.

3 In the **Siri Shortcut** screen, tap on the action you would like to add to **Siri**.

4 On the **Add to Siri** screen, give it a name. Then tap on **Add to Siri** at the bottom of the screen.

CONNECT TO ALEXA

1 Tap on **Profile** at bottom right. Tap on **Use Alexa and Google Assistant**.

NOTE: Sign in to Amazon Alexa. If you do not have an account with Amazon, please create one.

2 Tap on **Amazon Alexa**.

3 Tap on **Link with Amazon Alexa**.

4 Tap on **Link**. You will be linked automatically to your Amazon Alexa app.

NOTE: Additional devices will be added automatically when added to the Feit Electric app.

CONNECT TO GOOGLE ASSISTANT

1 Tap on **Profile** bottom right. Tap on **Use Alexa and Google Assistant**.

NOTE: Sign in to Google Assistant. If you do not have an account with Google, please create one.

2 Tap on **Google Assistant**.

3 Tap on **Link with Google Assistant**.

4 Tap on **Link**. You will be linked automatically to your Google Assistant app.

NOTE: Additional devices will be added automatically when added to the Feit Electric app.
