HOW TO CONNECT THE APP

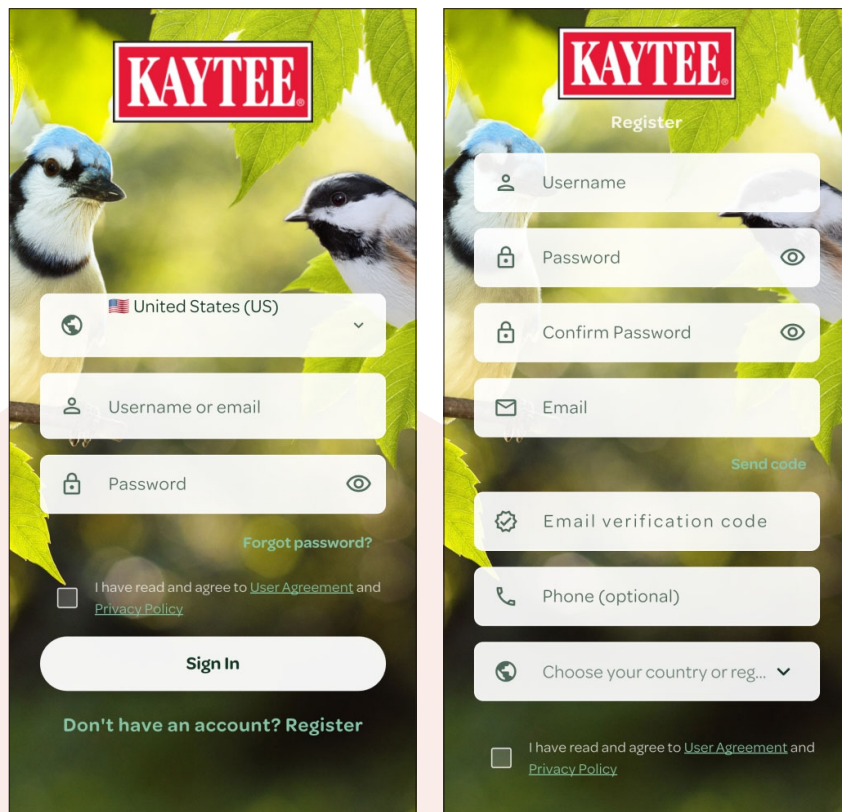

Download Kaytee App from App Store or Google Play. You can also download the App by scanning the QR code above with the QR code scanner in your smart phone.

- 1** Unlock the buckle and open the roof, then long press power on button. Fully charge the battery before use. Remember to connect the wiring for the solar panel.

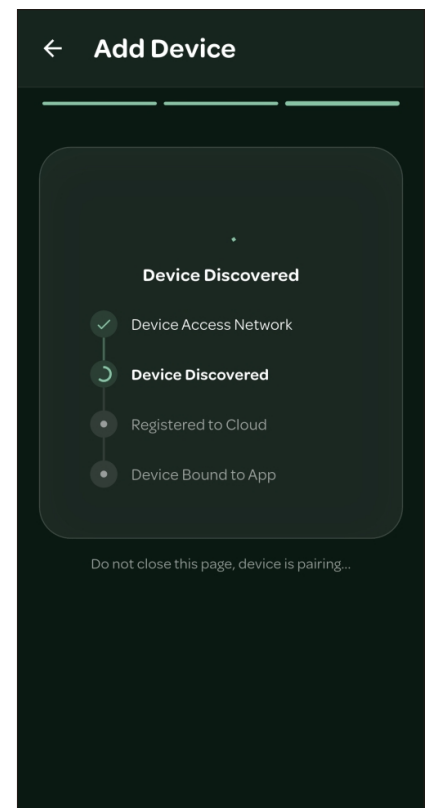

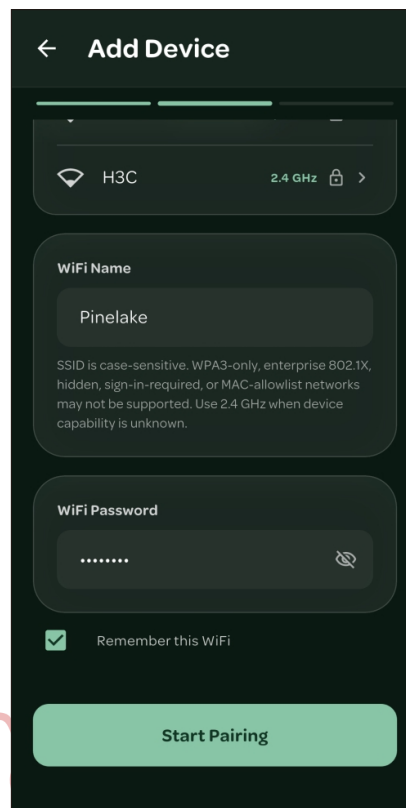

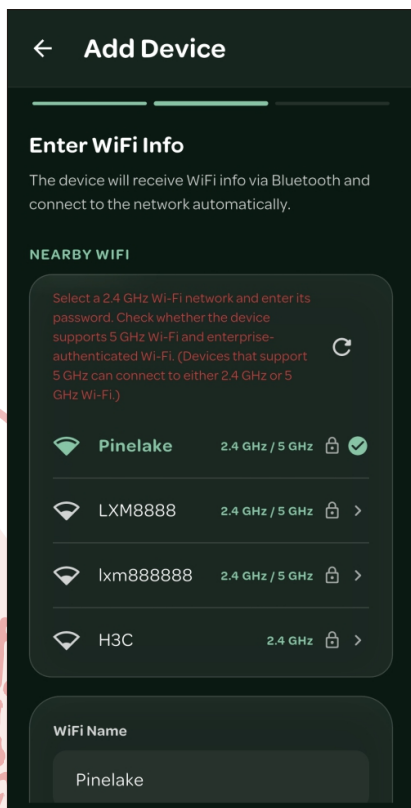

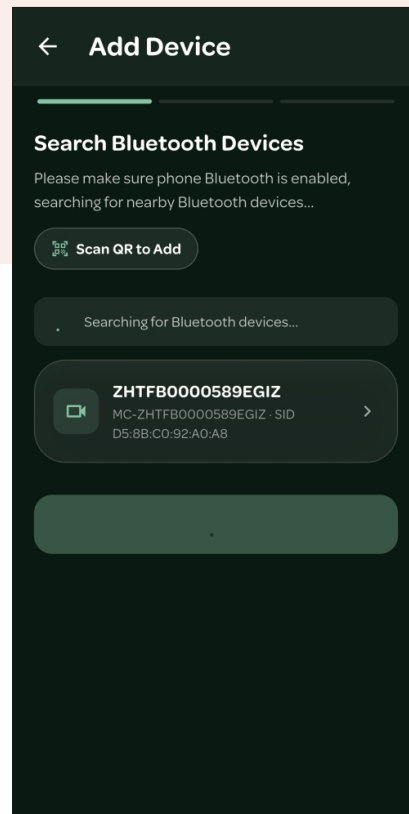

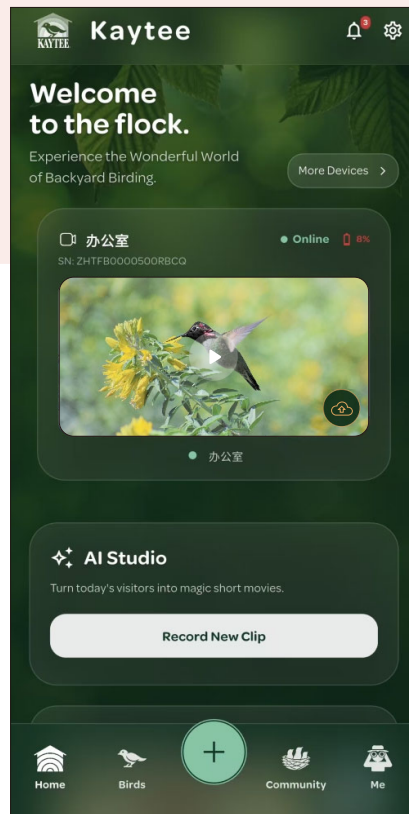

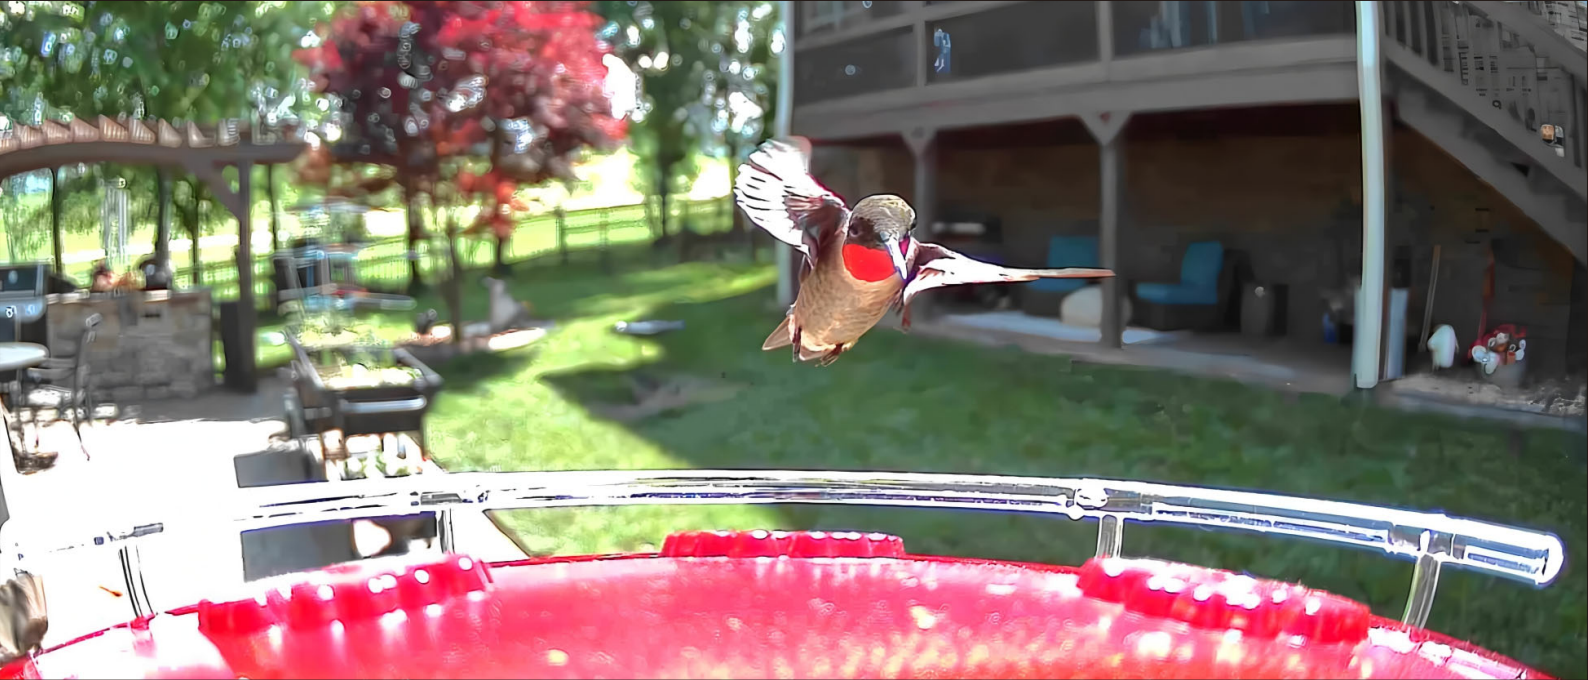

- 2** Register to get your exclusive Kaytee APP account. Send code and enter the verification code received in your email to finish registration. Please select the same region where your bird feeder is installed. Log in to your account and start enjoying Kaytee.

3

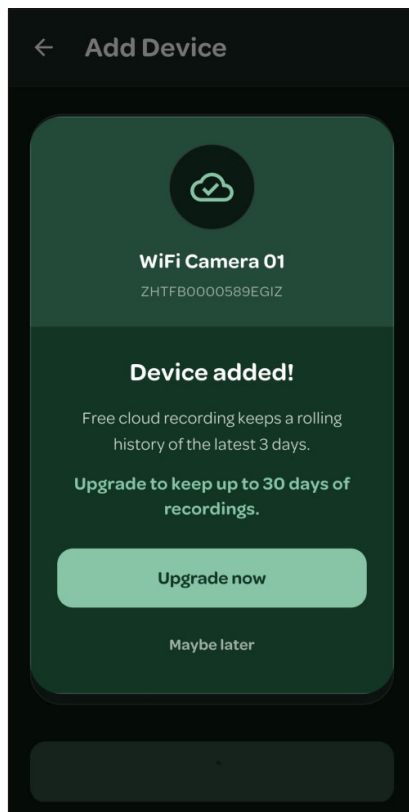

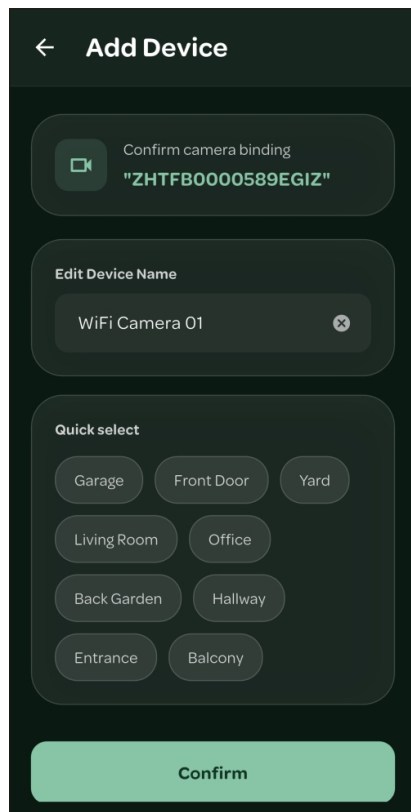

Add your first Kaytee smart bird feeder or additional devices. Easy and quick steps: Power on → Enable Bluetooth → Select WiFi and enter password → Connect. Do not close the page while the device is pairing.

4

Connection succeeded! Edit the name of your bird feeder. A cloud storage subscription pop-up will appear. You are granted free 3-day rolling cloud storage. Subscribe if you need extended storage. Tap Later if you do not need it for now.

5

Now enjoy your smart bird feeder! Rich free features:

- Live
- Screenshot
- Record
- Bird ID
- Talk
- Squirrel Alarm
- Share your device
