Technical Support and E-Warranty Certificate
www.vevor.com/support

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

WARNING:

1. Read this material before using this product. Failure to do so can result in serious injury.
2. Do not exceed working capacity for pallet fork.
3. After use, please dry before storage to avoid rusting of product.
4. Procedures not specifically explained in this manual must be performed only by a qualified technician.

To prevent serious injury from tool failure, do not use it when it is damaged:

The pegboard must be mounted on a solid wall.

The pegboards shall not be installed on too thin wooden walls.

The pegboards shall not be installed on rotten or loose wooden walls.

The weight of the items to be hung shall not exceed the load of the pegboard.

When replacing the hook, it must be selected to match the size of the pegboard.

Avoid sharp points, blades, and other items that scratch the product

CAUTION:

Carefully read instructions and procedures for safe operations.

INSTALLATION INSTRUCTION

Installation Preparation:

1. Two or more people to assemble the pegboard.
2. Please prepare a carpet or mat to protect your floor. You need to spread out all the accessories.
3. Please prepare gloves to avoid being scratched by sharp parts that may occur during installation.
4. Please open all the boxes to check if the accessories are complete and in good condition.
5. If you need to use power tools to install this product, please set the speed to low speed in advance.
6. When installing, please align all the holes and do not tighten all the screws first. Otherwise, it may make the installation difficult.

Installation Procedure:

STEP 1: Place the hanging board near the installed wall and mark the holes with a fine nail or pencil. (Note: Two holes on the left, two holes on the right)

STEP 2:

For Concrete Wall Installation & Mounting Block + Concrete Wall Installation:

Drill holes 8mm in diameter and 40mm in depth at the marked places, nail the four expansion plugs completely into the hole.

(Note: Prepare your own drilling tools.)

For Wooden Wall Post Installation:

Drill holes 3mm in diameter and 40mm in depth at the marked places. (Note: Prepare your own drilling tools.)

STEP 3: With the help of a screwdriver, fasten the pegboard with the screws to the wall.

STEP 4: Follow the steps above to install other pegboards.
(Note: The pegboard is placed horizontally and vertically, and the installation method is the same.)

STEP 5: Install other accessories.

MAINTENANCE

- Do not exceed the weight capacity.
- After use, please clean and dry the product in a dry ventilated place.

SAFETY INSTRUCTIONS

AVERTISSEMENT:

1. Lisez attentivement ce document avant d'utiliser ce produit. Le non-respect de ces instructions peut entraîner des blessures graves.
2. Ne pas dépasser la capacité de travail de la fourche à palette.
3. Après utilisation, veuillez sécher avant de ranger le produit pour éviter la rouille.
4. Les procédures non spécifiquement expliquées dans ce manuel doivent être effectuées uniquement par un technicien qualifié.

Pour éviter des blessures graves dues à une défaillance de l'outil, ne l'utilisez pas s'il est endommagé :

Le panneau perforé doit être monté sur un mur solide.

Les panneaux perforés ne doivent pas être installés sur des murs en bois trop fins.

Les panneaux perforés ne doivent pas être installés sur des murs en bois pourris ou détachés.

Le poids des objets à accrocher ne doit pas dépasser la charge du panneau perforé.

Lors du remplacement du crochet, celui-ci doit être sélectionné pour correspondre à la taille du panneau perforé.

Évitez les objets pointus, les lames et autres objets tranchants qui rayent le produit.

PRUDENCE:

Lisez attentivement les instructions et les procédures pour des opérations en toute sécurité.

INSTALLATION INSTRUCTION

Préparation de l'installation :

7. Deux personnes ou plus pour assembler le panneau perforé.
8. Veuillez préparer un tapis ou un paillason pour protéger votre sol . Vous devez étaler tous les accessoires.
9. Veuillez préparer des gants pour éviter d'être rayé par des pièces tranchantes qui pourraient survenir lors de l'installation.
10. Veuillez ouvrir toutes les boîtes pour vérifier si les accessoires sont complets et en bon état.
11. Si vous devez utiliser des outils électriques pour installer ce produit, veuillez régler la vitesse sur basse à l'avance.
12. Lors de l'installation, veuillez aligner tous les trous et ne serrez pas toutes les vis au préalable . Sinon , cela pourrait rendre l'installation difficile.

Procédure d'installation :

ÉTAPE 1 : Placez la planche suspendue près du mur installé et marquez les trous avec un clou fin ou un crayon. (Remarque : deux trous à gauche, deux trous à droite)

ÉTAPE 2 :

Pour l'installation de murs en béton et Bloc de montage + installation sur mur en béton :

Percez des trous de 8 mm de diamètre et de 40 mm de profondeur aux

endroits marqués, clouez complètement les quatre chevilles d'expansion dans le trou.

(Remarque : préparez vos propres outils de perçage .)

Pour l'installation de poteaux muraux en bois :

Percez des trous de 3 mm de diamètre et de 40 mm de profondeur aux endroits marqués. (Remarque : préparez vos propres outils de perçage .)

ÉTAPE 3 : À l'aide d'un tournevis, fixez le panneau perforé avec les vis au mur.

ÉTAPE 4 : Suivez les étapes ci-dessus pour installer d'autres panneaux perforés.

(Remarque : le panneau perforé est placé horizontalement et verticalement, et la méthode d'installation est la même.)

ÉTAPE 5 : Installez les autres accessoires.

MAINTENANCE

- Ne pas dépasser la capacité de poids.
- Après utilisation, veuillez nettoyer et sécher le produit dans un endroit sec et aéré.

SAFETY INSTRUCTIONS

WARNUNG:

1. Lesen Sie dieses Material, bevor Sie dieses Produkt verwenden. Andernfalls kann es zu schweren Verletzungen kommen.
2. Die Arbeitskapazität der Palettengabel darf nicht überschritten werden.
3. Nach dem Gebrauch vor der Lagerung trocknen, um ein Rosten des Produkts zu vermeiden.
4. Verfahren, die in diesem Handbuch nicht ausdrücklich erläutert werden, dürfen nur von einem qualifizierten Techniker durchgeführt werden.

Um schwere Verletzungen durch Werkzeugversagen zu vermeiden, verwenden Sie es nicht , wenn es beschädigt ist:

Die Lochwand muss an einer stabilen Wand befestigt werden.

Die Lochplatten dürfen nicht an zu dünnen Holzwänden montiert werden.

Eine Montage der Lochwände an morschen oder losen Holzwänden ist nicht zulässig.

Das Gewicht der aufzuhängenden Gegenstände darf die Tragkraft der Lochwand nicht überschreiten.

Beim Austauschen der Haken muss darauf geachtet werden, dass diese passend zur Größe der Lochwand ausgewählt werden.

Vermeiden Sie scharfe Spitzen, Klingen und andere Gegenstände, die das Produkt zerkratzen könnten

VORSICHT:

Lesen Sie die Anweisungen und Verfahren für einen sicheren Betrieb sorgfältig durch.

Bewahren Sie dieses Handbuch auf

INSTALLATION INSTRUCTION

Vorbereitung der Installation:

13. Zum Zusammenbau der Stecktafel sind zwei oder mehr Personen erforderlich.
14. Bitte legen Sie einen Teppich oder eine Matte bereit, um Ihren Boden zu schützen . Sie müssen sämtliches Zubehör ausbreiten.
15. Bitte halten Sie Handschuhe bereit, um Kratzer durch scharfe Teile zu vermeiden, die während der Installation auftreten können.
16. Bitte öffnen Sie alle Kartons, um zu prüfen, ob das Zubehör vollständig und in gutem Zustand ist.
17. Wenn Sie zur Installation dieses Produkts Elektrowerkzeuge verwenden müssen, stellen Sie die Geschwindigkeit bitte vorab auf niedrige Geschwindigkeit ein.
18. Achten Sie bei der Montage darauf, dass alle Löcher ausgerichtet sind und ziehen Sie nicht zuerst alle Schrauben fest . Andernfalls könnte die Installation erschwert werden.

Installationsverfahren:

SCHRITT 1: Platzieren Sie das Hängebrett in der Nähe der zu installierenden Wand und markieren Sie die Löcher mit einem feinen Nagel oder Bleistift. (Hinweis: Zwei Löcher links, zwei Löcher rechts)

SCHRITT 2:

Für Betonwandmontage & Montageblock + Betonwandinstallation :

Bohren Sie an den markierten Stellen Löcher mit 8 mm Durchmesser und

40 mm Tiefe und nageln Sie die vier Spreizdübel vollständig in das Loch ein.

(Hinweis: Bereiten Sie Ihre eigenen Bohrwerkzeuge vor .)

Für die Installation von hölzernen Wandpfosten:

Bohren Sie an den markierten Stellen Löcher mit 3 mm Durchmesser und 40 mm Tiefe. (Hinweis: Bereiten Sie Ihre eigenen Bohrwerkzeuge .)

SCHRITT 3: Befestigen Sie die Stecktafel mithilfe eines Schraubenziehers mit den Schrauben an der Wand.

SCHRITT 4: Befolgen Sie die obigen Schritte, um andere Stecktafeln zu installieren.

(Hinweis: Die Stecktafel wird horizontal und vertikal angebracht und die Installationsmethode ist dieselbe.)

SCHRITT 5: Installieren Sie weiteres Zubehör.

MAINTENANCE

- Überschreiten Sie nicht die Gewichtskapazität.
- Bitte reinigen und trocknen Sie das Produkt nach dem Gebrauch an einem trockenen, belüfteten Ort.

The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

AVVERTIMENTO:

1. Leggere questo materiale prima di utilizzare questo prodotto. La mancata osservanza di questa precauzione può causare gravi lesioni.
2. Non superare la capacità di lavoro della forca per pallet.
3. Dopo l'uso, asciugare il prodotto prima di riporlo per evitare che si arrugginisca.
4. Le procedure non specificatamente spiegate nel presente manuale devono essere eseguite esclusivamente da un tecnico qualificato.

Per evitare gravi lesioni dovute a guasti dell'utensile, non utilizzarlo se è danneggiato:

Il pannello forato deve essere montato su una parete solida.

I pannelli forati non devono essere installati su pareti di legno troppo sottili.

I pannelli forati non devono essere installati su pareti in legno marce o allentate.

Il peso degli oggetti da appendere non deve superare il carico del pannello forato.

Quando si sostituisce il gancio, è necessario selezionarne uno adatto alle dimensioni del pannello forato.

Evitare punte affilate, lame e altri oggetti che graffiano il prodotto

ATTENZIONE:

Leggere attentamente le istruzioni e le procedure per operare in sicurezza.

Salva questo manuale

INSTALLATION INSTRUCTION

Preparazione all'installazione:

19. Due o più persone per montare il pannello forato.
20. Si prega di preparare un tappeto o uno zerbino per proteggere il pavimento . Devi distribuire tutti gli accessori.
21. Si prega di indossare dei guanti per evitare di graffiarsi con parti taglienti che potrebbero presentarsi durante l'installazione.
22. Si prega di aprire tutte le scatole per verificare che gli accessori siano completi e in buone condizioni.
23. Se per installare questo prodotto è necessario utilizzare utensili elettrici, impostare in anticipo la velocità su bassa.
24. Durante l'installazione, allineare tutti i fori e non stringere prima tutte le viti . Altrimenti l'installazione potrebbe risultare difficoltosa.

Procedura di installazione:

FASE 1: Posizionare la tavola sospesa vicino alla parete installata e segnare i fori con un chiodo sottile o una matita. (Nota: due fori a sinistra, due fori a destra)

PASSO 2:

Per l'installazione di pareti in calcestruzzo e Installazione del blocco di montaggio + parete in calcestruzzo:

Praticare dei fori da 8 mm di diametro e 40 mm di profondità nei punti contrassegnati e inchiodare completamente i quattro tasselli ad espansione nel foro.

(Nota: preparare i propri utensili per la perforazione .)

Per l'installazione del palo della parete in legno:

Praticare dei fori di 3 mm di diametro e 40 mm di profondità nei punti contrassegnati. (Nota: preparare i propri utensili da perforazione .)

FASE 3: Con l'aiuto di un cacciavite, fissare il pannello forato alla parete con le viti.

PASSO 4: Per installare altri pannelli forati, seguire i passaggi sopra indicati.

(Nota: il pannello forato viene posizionato orizzontalmente e verticalmente e il metodo di installazione è lo stesso.)

FASE 5: Installare altri accessori.

MAINTENANCE

- Non superare la capacità di peso.
- Dopo l'uso, pulire e asciugare il prodotto in un luogo asciutto e ventilato.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

ADVERTENCIA:

1. Lea este material antes de utilizar este producto. De lo contrario, podría sufrir lesiones graves.
2. No exceda la capacidad de trabajo de la horquilla para paletas.
3. Después del uso, séquelo antes de guardarlo para evitar la oxidación del producto.
4. Los procedimientos no explicados específicamente en este manual deben ser realizados únicamente por un técnico calificado.

Para evitar lesiones graves debido a fallas de la herramienta, no la utilice si está dañada:

El tablero perforado debe montarse en una pared sólida.

Los tableros perforados no se deben instalar en paredes de madera demasiado delgadas.

Los tableros perforados no se deben instalar en paredes de madera podridas o sueltas.

El peso de los objetos a colgar no debe exceder la carga del tablero perforado.

Al reemplazar el gancho, debe seleccionarse para que coincida con el tamaño del tablero perforado.

Evite puntas afiladas, cuchillas y otros elementos que rayen el producto.

PRECAUCIÓN:

Lea atentamente las instrucciones y los procedimientos para realizar operaciones seguras.

Guarde este manual

INSTALLATION INSTRUCTION

Preparación de la instalación:

25. Se necesitan dos o más personas para montar el tablero perforado.
26. Prepare una alfombra o tapete para proteger el piso . Tienes que distribuir todos los accesorios.
27. Prepare guantes para evitar rayarse con las piezas afiladas que puedan producirse durante la instalación.
28. Abra todas las cajas para comprobar si los accesorios están completos y en buenas condiciones.
29. Si necesita utilizar herramientas eléctricas para instalar este producto, configure la velocidad a baja con anticipación.
30. Al instalar, alinee todos los orificios y no apriete todos los tornillos primero . De lo contrario, podría dificultar la instalación.

Procedimiento de instalación:

PASO 1: Coloque el tablero colgante cerca de la pared instalada y marque los agujeros con un clavo fino o un lápiz. (Nota: dos agujeros a la izquierda, dos agujeros a la derecha)

PASO 2:

Para instalación de paredes de hormigón y Bloque de montaje + Instalación en pared de hormigón:

Perfore agujeros de 8 mm de diámetro y 40 mm de profundidad en los lugares marcados, clave los cuatro tacos de expansión completamente en el agujero.

(Nota: Prepare sus propias herramientas de perforación).

Para instalación de postes de madera en la pared:

Perfore agujeros de 3 mm de diámetro y 40 mm de profundidad en los lugares marcados. (Nota: Prepare sus propios agujeros) herramientas de perforación .)

PASO 3: Con ayuda de un destornillador, fija el tablero perforado con los tornillos a la pared.

PASO 4: Siga los pasos anteriores para instalar otros tableros perforados. (Nota: El tablero perforado se coloca horizontal y verticalmente, y el método de instalación es el mismo).

PASO 5: Instale otros accesorios.

MAINTENANCE

- No exceda la capacidad de peso.
- Después de su uso, limpie y seque el producto en un lugar seco y ventilado.

SAFETY INSTRUCTIONS

OSTRZEŻENIE:

1. Przeczytaj ten materiał przed użyciem tego produktu. Niedopełnienie tego obowiązku może spowodować poważne obrażenia.
2. Nie przekraczać dopuszczalnego udźwigu wideł paletowych.
3. Po użyciu należy wysuszyć produkt przed schowaniem, aby zapobiec jego rdzewieniu.
4. Procedury, które nie zostały szczegółowo opisane w niniejszej instrukcji, mogą być wykonywane wyłącznie przez wykwalifikowanego technika.

Aby zapobiec poważnym obrażeniom spowodowanym awarią narzędzia, nie należy go używać , gdy jest uszkodzone:

Tablicę perforowaną należy zamontować na ścianie litej.

Tablic perforowanych nie należy montować na zbyt cienkich ścianach drewnianych.

Nie wolno montować tablic perforowanych na zgniłych lub luźnych ścianach drewnianych.

Ciężar przedmiotów przeznaczonych do zawieszenia nie może przekraczać obciążenia tablicy perforowanej.

Przy wymianie haka należy pamiętać o dobraniu go do rozmiaru tablicy perforowanej.

Unikaj ostrych punktów, ostrzy i innych przedmiotów, które mogą zarysować produkt.

OSTROŻNOŚĆ:

Uważnie przeczytaj instrukcje i procedury w celu zapewnienia bezpiecznego działania.

Zapisz ten podręcznik

INSTALLATION INSTRUCTION

Przygotowanie do instalacji:

31. Dwie lub więcej osób do montażu tablicy perforowanej.
32. Proszę przygotować dywan lub matę, aby zabezpieczyć podłogę . Musisz rozłożyć wszystkie akcesoria.
33. Proszę przygotować rękawice, aby uniknąć zarysowań ostrymi elementami, które mogą powstać w trakcie montażu.
34. Proszę otworzyć wszystkie pudełka, aby sprawdzić , czy akcesoria są kompletne i w dobrym stanie.
35. Jeśli do montażu tego produktu konieczne będzie użycie elektronarzędzi, należy wcześniej ustawić niską prędkość.
36. Podczas montażu należy wyrównać wszystkie otwory i nie dokręcać najpierw wszystkich śrub . W przeciwnym wypadku instalacja może być utrudniona.

Procedura instalacji:

KROK 1: Umieść deskę wiszącą w pobliżu zamontowanej ściany i zaznacz otwory cienkim gwoździem lub ołówkiem. (Uwaga: dwa otwory po lewej stronie, dwa otwory po prawej stronie)

KROK 2:

Do montażu ścian betonowych i Montaż blokady + montaż na ścianie betonowej :

Wywierć otwory o średnicy 8 mm i głębokości 40 mm w zaznaczonych miejscach, wbij cztery kołki rozporowe do otworów.

(Uwaga: Przygotuj własne narzędzia wiertnicze .)

Do montażu drewnianych słupków ściennych:

Wywierć otwory o średnicy 3 mm i głębokości 40 mm w zaznaczonych miejscach. (Uwaga: Przygotuj własne otwory) narzędzia wiertnicze .)

KROK 3: Za pomocą śrubokręta przymocuj płytę perforowaną do ściany za pomocą śrub.

KROK 4: Aby zamontować pozostałe tablice perforowane, wykonaj powyższe czynności.

(Uwaga: Tablicę perforowaną umieszcza się poziomo i pionowo, a metoda montażu jest taka sama.)

KROK 5: Zainstaluj pozostałe akcesoria.

MAINTENANCE

- Nie przekraczać dopuszczalnego ciężaru.
- Po użyciu należy wyczyścić i wysuszyć produkt w suchym i wentylowanym miejscu.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

WAARSCHUWING:

1. Lees dit materiaal voordat u dit product gebruikt. Als u dit niet doet, kan dit leiden tot ernstig letsel.
2. Overschrijd de werkcapaciteit van de palletvork niet.
3. Laat het product na gebruik drogen voordat u het opbergt om roestvorming te voorkomen.
4. Procedures die niet specifiek in deze handleiding worden uitgelegd, mogen uitsluitend door een gekwalificeerde technicus worden uitgevoerd.

Om ernstig letsel door een defect aan het gereedschap te voorkomen, mag u het gereedschap niet gebruiken als het beschadigd is:

Het gaatjesbord moet aan een stevige muur worden bevestigd.

De gaatjesborden mogen niet op te dunne houten wanden worden gemonteerd.

De gaatjesborden mogen niet op rotte of losse houten wanden worden geïnstalleerd.

Het gewicht van de op te hangen artikelen mag het draagvermogen van het gaatjesbord niet overschrijden.

Bij het vervangen van de haak moet deze zo worden gekozen dat deze overeenkomt met de maat van het gaatjesbord.

Vermijd scherpe punten, messen en andere voorwerpen die het product kunnen krassen.

VOORZICHTIGHEID:

Lees de instructies en procedures zorgvuldig door voor veilige handelingen.

Bewaar deze handleiding

INSTALLATION INSTRUCTION

Installatievoorbereiding:

37. Twee of meer personen om het gaatjesbord in elkaar te zetten.
38. Zorg ervoor dat u een tapijt of mat neerlegt om uw vloer te beschermen . Je moet alle accessoires uitspreiden.
39. Zorg ervoor dat u handschoenen meeneemt om te voorkomen dat u tijdens de installatie krassen oploopt door scherpe onderdelen.
40. Open alle dozen om te controleren of de accessoires compleet en in

goede staat zijn.

41. Als u elektrisch gereedschap nodig hebt om dit product te installeren, stel de snelheid dan vooraf in op een lage snelheid.

42. Zorg er bij de installatie voor dat alle gaten op één lijn liggen en draai nog niet alle schroeven vast. Anders kan het de installatie bemoeilijken.

Installatieprocedure:

STAP 1: Plaats het hangbord bij de geïnstalleerde muur en markeer de gaten met een dunne spijker of potlood. (Let op: twee gaten aan de linkerkant, twee gaten aan de rechterkant)

STAP 2:

Voor installatie van betonnen muren en Montageblok + Betonnen

Muur Installatie :

Boor op de gemarkeerde plaatsen gaten met een diameter van 8 mm en een diepte van 40 mm. Spijker de vier expansiepluggen volledig in het gat. (Let op: Zorg dat u uw eigen boorgereedschap bij de hand hebt.)

Voor installatie van houten wandpalen:

Boor gaten met een diameter van 3 mm en een diepte van 40 mm op de gemarkeerde plaatsen. (Let op: bereid uw eigen gaten voor) boorgereedschap .)

STAP 3: Bevestig het gaatjesbord met behulp van een schroevendraaier met de schroeven aan de muur.

STAP 4: Volg de bovenstaande stappen om andere gaatjesborden te installeren.

(Let op: het gaatjesbord wordt horizontaal en verticaal geplaatst en de installatiemethode is hetzelfde.)

STAP 5: Installeer overige accessoires.

MAINTENANCE

- het toegestane gewicht niet .
- Na gebruik het product schoonmaken en laten drogen op een droge, geventileerde plaats.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

VARNING:

1. Läs detta material innan du använder denna produkt. Underlåtenhet att göra det kan resultera i allvarliga skador.
2. Överskrid inte arbetskapaciteten för pallgaffeln.
3. Efter användning, vänligen torka före förvaring för att undvika att produkten rostar.
4. Procedurer som inte specifikt förklaras i denna handbok får endast utföras av en kvalificerad tekniker.

För att förhindra allvarlig skada från verktygsfel, använd den inte när den är skadad:

Plåtbrädan måste monteras på en solid vägg.

Pinnbrädorna ska inte monteras på för tunna träväggar.

Pinnbrädorna får inte monteras på ruttna eller lösa träväggar.

Vikten av föremålen som ska hängas får inte överstiga belastningen på stiftbrädan.

Vid byte av kroken måste den väljas för att matcha storleken på pinnbrädan.

Undvik vassa spetsar, knivar och andra föremål som repar produkten

FÖRSIKTIGHET:

Läs noggrant instruktionerna och procedurerna för säker drift.

Spara denna manual

INSTALLATION INSTRUCTION

Installationsförberedelser:

43. Två eller flera personer för att montera stiftbrädan.
44. Förbered en matta eller matta för att skydda ditt golv . Du måste sprida ut alla tillbehör.
45. Förbered handskar för att undvika repor av vassa delar som kan uppstå under installationen.
46. Öppna alla rutorna för att kontrollera om tillbehören är kompletta och i gott skick.
47. Om du behöver använda elverktyg för att installera den här produkten, ställ in hastigheten på låg hastighet i förväg.
48. När du installerar, vänligen rikta in alla hål och dra inte åt alla skruvar först . Annars kan det försvåra installationen.

Installationsprocedur:

STEG 1: Placera hängbrädan nära den installerade väggen och markera hålen med en fin spik eller penna. (Obs: Två hål till vänster, två hål till höger)

STEG 2:

För betongvägginstallation & Montering B lås + betongvägg installation :

Borra hål 8 mm i diameter och 40 mm djupa på de markerade platserna, spika fast de fyra expansionspluggarna helt i hålet.

(Obs: Förbered dina egna borrarverktyg .)

För montering av träväggstolpar:

Borra hål med en diameter på 3 mm och ett djup på 40 mm på de markerade platserna. (Obs: Förbered dina egna borrarverktyg .)

STEG 3: Fäst pinnbrädan med skruvarna på väggen med hjälp av en skruvmejsel.

STEG 4: Följ stegen ovan för att installera andra pegboards.
(Obs: Plåtbrädan placeras horisontellt och vertikalt, och installationsmetoden är densamma.)

STEG 5: Installera andra tillbehör.

MAINTENANCE

- Överskrid inte viktkapaciteten.
- Efter användning, rengör och torka produkten på en torr och ventilerad plats.
