SMART GLASSES USER MANUAL

DR H

SAFETY INSTRUCTIONS

- Do not use this product in high temperature, high humidity, flammable, or strong electromagnetic environments.
- When charging, please use the original DR H brand magnetic charging cable
- Do not soak, rinse, shower, or expose the product to high-pressure water
- Pay attention to environmental safety when driving/exercising
- If skin allergies or discomfort occur during use, stop using immediately and consult a doctor

Avvertenza FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1 This device may not cause harmful interference.

2 This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Portable

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC-ID:2BTOE-DR-H-G13

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help."

PRODUCT OVERVIEW

DR H smart glasses are a wearable smart device that integrates audio playback, call control, voice assistant, and remote control functions. They feature a lightweight design and support Bluetooth connection and touch operation

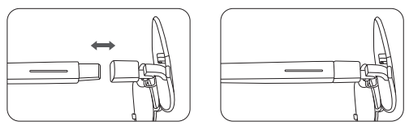
QUICK START

First use: Please remove the protective film, then connect the original DR H magnetic charging cable to charge and activate the device

Power on: Wear the DR H smart glasses

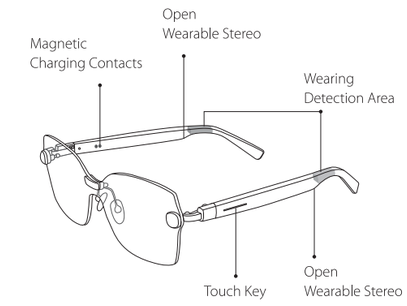
(the glasses will automatically start when the temple arms touch the area behind the ears)

Pairing : Search for "DR H-G13-XX_XXXX" on your phone's Bluetooth settings and connect



Replacing Temples: Manual plug-and-play.

Functionaless temples are included as factory standard



Wearing detection

During Bluetooth connection, DR H smart glasses can automatically detect the action of putting on and taking off

Automatic pause/resume music when putting on/taking off

FUNCTION OPERATION INSTRUCTIONS

1 Basic Control

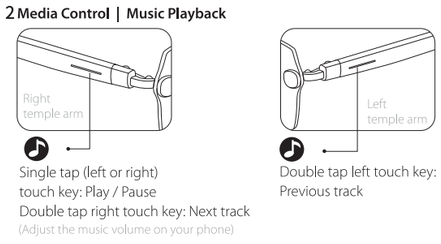
- Power On/Off

On : The glasses automatically power on when detected being worn

Off : Automatically power off 15 seconds after taking off the glasses; Or force power off by long pressing either left or right touch key for 8 seconds while wearing

Note : If the glasses fail to power on after being worn, take them off and put them on again.Keep the temples dry and clean during wearing. Sweat may affect the power on/off performance.The glasses will automatically power off when the battery voltage drops below 3.1 V

2 Media Control | Music Playback



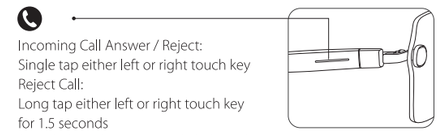
Single tap (left or right) touch key: Play / Pause

Double tap right touch key: Next track

(Adjust the music volume on your phone)

Double tap left touch key: Previous track

3 Communication Functions | Call Control



Incoming Call Answer / Reject:

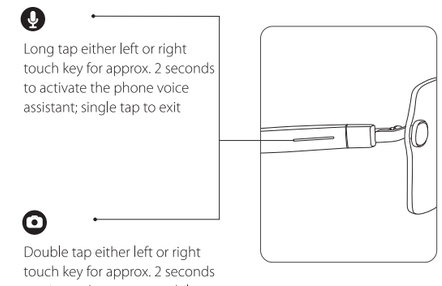
Single tap either left or right touch key

Reject Call:

Long tap either left or right touch key for 1.5 seconds

(Note: An incoming call takes priority in music mode. Adjust call volume on your mobile phone)

4 Extended Functions | Remote Control Photography Voice Assistant



Long tap either left or right touch key for approx. 2 seconds to activate the phone voice assistant; single tap to exit

Double tap either left or right touch key for approx. 2 seconds to trigger the remote mobile phone camera function.

(Please open the phone camera in advance when not in a call and not playing music.)

APP TRANSLATION FUNCTION

After the Smart glasses connect to your mobile phone and access the network via the supporting App, you can activate Simultaneous Interpretation and Conversation Translation.

Simultaneous Interpretation plays translated audio through the glasses, enabling you to listen and understand effortlessly.

Conversation Translation supports two-way alternating speech translation: the mobile phone and the glasses perform audio capture and voice broadcast respectively.

You no longer need to check the screen frequently, making cross-language communication more natural and convenient for travel, business meetings and daily scenarios.

CHARGING INSTRUCTIONS

Align the charging heads of the original DR H magnetic charging cable with the magnetic charging contacts on the temple arms of the glasses. The device will automatically shut down during charging

- Charging status: orange light stays on
- Charging complete: Green light stays on for approximately 1 minute, then turns off

(Note: The glasses will automatically power off while charging)

TECHNICAL PARAMETERS

- Model : DR H-G13
- Bluetooth version : 5.4
- Effective transmission distance : ≤17 meters (unobstructed, open environment)
- Charging method : Magnetic charging
- Charging input voltage : DC5±0.25V
- Battery specification : 3.7V/55mAh
- Operating voltage : 3.1V~4.35V
- Charging time : ≤90 minutes
- Continuous music playback time : approx. 3.5 hours (50% volume, with Bluetooth connection)
- Waterproof rating : IP64

WARRANTY

1 For any product quality issues that arise during normal usage, the product is covered by a one-year warranty from the date of purchase at no additional cost. If local laws in effect at the time of purchase stipulate a warranty period longer than one year, this warranty will automatically be extended to comply with those legal requirements

2 Faults caused by personal reasons of the user are not covered by the warranty, indluding but not limited to:

- Faults caused by severe impact or dropping during use
- Damage caused by abnormal use or unauthorized modifications
- Issues caused by human damage or third-party negligence/misuse, such as water ingress into the main unit, damage caused by external impact fractures or scratches on external parts

If you experience any after-sales issues, please reach out to us through the purchase channel or the official DR H website (www.drhhh.com)

* Thank you for choosing DR HHH products (hereinafter referred to as DR H). This product manual and operation guide may be updated in real-time due to technical upgrades, regulatory changes, and other reasons.
