Lithium Battery Life	3 years
Key Life	3 million clicks
dimensions	250.94*181.82*17.02mm
Net weight	395g
Material	ABS+PU

Keyboard overview

① Power indicator (green) /low battery indicator (red) / Charging indicator (red) /Fully charge indicator (green)

② Bluetooth pairing indicator (blue) /Caps Lock indicator (green)

Pairing Steps

Step 1. Turn on the keyboard.

Step 2. Press "Fn +  " to enter Bluetooth pairing mode. The blue light will blink.

Step 3. Turn on Bluetooth on the tablet and search for devices. The tablet will automatically or manually find the keyboard's Bluetooth name (Wireless Keyboard). Tap to connect. Once connected, the light will turn off.

(For tablets that have been paired before, no re-pairing is needed. The keyboard will automatically reconnect when turned on.)

Charging

Step 1. Connect one end of the included type-c cable to a USB charger, and connect the opposite end to the charging slot on the keyboard.

(Note: Output: DC 5 V / 500mA; USB charger is not included)

Step 2. The charging indicator will glow red while the keyboard is charging.

A full charge takes approximately 4 hours.

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.
