

AIRLO

Handheld Fan with
Built-in Light

User Manual

Product Overview

This portable rechargeable handheld fan is designed for everyday convenience, featuring a compact and lightweight build that makes it easy to carry and use anywhere. Its versatile design allows it to function both as a handheld and desk fan, while the precision tilt head ensures targeted airflow for effective cooling. Additionally, the built-in LED light adds extra utility, making it a reliable companion for both day and night use.

Package Contents
