Unique Features:

- Hoop and loop system allows unfold and extend the beam

Features:

- Supports weight capacity of up to 176.3 lbs.
- Made of high-quality, fade-resistant PU
- Anti-slip bottom prevents slippage during use
- Built-in carry handle and carry bag
- Easy to clean & resists fading
- No tools needed for assembly
- Reinforced stitching along the seams

What's in the Box:

- Foldable balance beam
- Storage bag

Technical Specs:

- Construction Materials: EVA, PU
- Weight Capacity: Up to 176.3 lbs.
- Suitable Age Range: 3+
- Safety Features: Anti-slip bottom
- Locking Mechanism: Hoop and loop system
- Item Weight: 3.5 lbs.
- Cross Sectional Dimensions (B1 x B2 x H): 3.9 x 6 x 2.4 inches
- Folded Dimensions (L x W x H): 35.5 x 6.2 x 5 inches
- Unfolded Dimensions (L x W x H): 70.8 x 6 x 5.1 inches

Instructions for Use

Safety Measures

1. Before using the balance beam, ensure it is stable. Place the beam on a solid, flat surface to help prevent accidents caused by instability.
2. Keep both ends of the balance beam level to avoid tilting or tipping during practice or competition.
3. Always have a dedicated supervisor present during practice and competition. Additionally, wear appropriate protective equipment such as knee pads and wrist guards to enhance safety.
4. Assess your physical condition before using the balance beam. Do not train if you are fatigued, hungry, or have existing injuries.

Precautions

1. Progress gradually when using the balance beam. Avoid overuse to prevent physical fatigue or injury. Practice in moderation to allow your body to adapt.
2. Do not use the balance beam on slippery or unstable surfaces, as this may increase the risk of accidents.
3. If you experience any physical discomfort or injury while using the balance beam, stop immediately and seek medical attention if necessary.
4. Regularly inspect the balance beam for damage or loose parts. Prompt repair or replacement of faulty components is essential to maintain the safety and proper function of the equipment.

Cleaning, Maintenance, and Storage

Cleaning

1. Wipe the surface of the balance beam with a soft, damp cloth after each use to remove dust and perspiration.
2. For deeper cleaning, use mild soap mixed with water. Do not use harsh chemicals or abrasive cleaners, as they may damage the surface.
3. Allow the beam to dry completely before folding or storing.

Maintenance

1. Inspect the balance beam regularly for signs of wear, damage, or loose components.
2. Ensure all hinges and folding mechanisms operate properly before use.
3. If any part is damaged or not functioning correctly, discontinue use until it has been repaired or replaced.

Storage

1. Fold the balance beam carefully using the built-in folding mechanism.
2. Store the beam in a cool, dry place away from direct sunlight and moisture.
3. Do not place heavy objects on top of the folded beam to avoid deformation.
4. Keep the product out of reach of children when not in use.
