

UP-TECH®

ACTIVE NOISE CANCELING WIRELESS HEADPHONES

FCC ID: 2BXBK-C001

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Disposal of Waste Electrical and Electronic Equipment Information for Consumers

This symbol on a product and/or its accompanying documents indicates that the product must be treated as Waste Electrical and Electronic Equipment (WEEE) when disposed of.

Products marked with this symbol must not be disposed of with general household waste. They must be collected separately for the proper treatment, recovery, and recycling of the materials they contain.

For proper disposal, take all WEEE-marked products to your local authorized waste collection facility, where they will be accepted free of charge.

By disposing of Waste Electrical and Electronic Equipment correctly, consumers help conserve valuable resources and prevent potentially harmful effects on human health and the environment caused by hazardous materials that may be present in the waste.

FCC ID: 2BXBK-C001

NOTA: Este equipo ha sido probado y se ha determinado que cumple con los límites establecidos para un dispositivo digital de Clase B, de conformidad con la Parte 15 de las normas de la FCC. Estos límites están diseñados para proporcionar una protección razonable contra interferencias perjudiciales en instalaciones residenciales. Este equipo genera, utiliza y puede emitir energía de radiofrecuencia y, si no se instala y utiliza de acuerdo con las instrucciones, puede causar interferencias perjudiciales en las comunicaciones por radio. Sin embargo, no se garantiza que no se produzcan interferencias en una instalación en particular. Si este equipo causa interferencias perjudiciales en la recepción de radio o televisión, lo cual puede comprobarse apagando y encendiendo el equipo, se recomienda al usuario intentar corregir la interferencia mediante una o más de las siguientes medidas:

- Reorientar o reubicar la antena receptora.
- Aumentar la distancia entre el equipo y el receptor.
- Conectar el equipo a un tomacorriente de un circuito diferente de aquel al que está conectado el receptor.
- Consultar al distribuidor o a un técnico con experiencia en radio/televisión para obtener ayuda.

Este dispositivo cumple con la Parte 15 de las normas de la FCC. Su funcionamiento está sujeto a las siguientes dos condiciones:

- (1) Este dispositivo no debe causar interferencias perjudiciales; y
- (2) Este dispositivo debe aceptar cualquier interferencia que reciba, incluidas las interferencias que puedan provocar un funcionamiento no deseado.

Tout changement ou modification non expressément approuvé par la partie responsable de la conformité peut annuler l'autorisation de l'utilisateur à utiliser cet équipement.

L'appareil est conforme aux limites d'exposition aux rayonnements spécifiées par la FCC pour les environnements non contrôlés.

Eliminación de Residuos de Aparatos Eléctricos y Electrónicos Información para los consumidores

Este símbolo en un producto y/o en los documentos que lo acompañan indica que, al desecharlo, debe tratarse como un Residuo de Aparato Eléctrico y Electrónico (RAEE).

Los productos marcados con este símbolo no deben desecharse junto con los residuos domésticos generales. Deben recolectarse por separado para permitir el tratamiento, la recuperación y el reciclaje adecuados de los materiales que contienen.

Para desecharlos correctamente, lleve todos los productos marcados como RAEE a un centro local autorizado de recolección de residuos, donde serán aceptados sin costo.

Al desechar correctamente los Residuos de Aparatos Eléctricos y Electrónicos, los consumidores ayudan a conservar recursos valiosos y a prevenir posibles efectos perjudiciales para la salud humana y el medio ambiente causados por materiales peligrosos que puedan estar presentes en los residuos.

INSTRUCTION MANUAL
MANUAL DE INSTRUCCIONES

INSTRUCTION MANUAL

Thank you for purchasing the UPTECH ANC Headphones. Featuring powerful 40 mm drivers, Active Noise Cancellation, reliable Bluetooth® connectivity, and a foldable design, they deliver clear, immersive sound at home or on the go. A travel case and AUX cable are included for convenient storage and wired listening. Please read this manual before use and keep it for future reference.

SPECIFICATIONS

- Transmission Distance: 33ft / 10m
- Battery Capacity: 300mAh
- Charging Time: 1.5 hours
- Playtime:
 - With ANC 7hrs, Without ANC 10hrs
 - 10hrs playtime at 50% volume
- Speaker Dimension: Ø40mm
- Frequency response: 20–20kHz
- Sensitivity: 33dB ± 3dB
- Standby Time: Up to 300h
- Charging Port: USB-C
- ANC Cancellation: -20dB

BASIC INSTRUCTIONS

To turn the headphones on:

1. Press and hold the Power button.
2. You will hear an indication tone, the red and blue LED indicator light (located between the Charging and Aux port) will begin to flash.
3. When the device is paired and playing music, the LED indicator light will turn off.

To turn the headphones off:

1. Press and hold the Power button.
2. The red LED will turn on then turn off once the headphones are fully powered down.

To charge the headphones:

1. Plug the USB-C end of the charging cable into the port on the headphones.
2. Plug the USB end into a compatible DC 5V 500mA wall adapter or power bank.

Note: Only use the supplied charging cable.

3. The red LED will turn on, indicating that the device is charging.
4. Once fully charged, the red LED will turn off.

5. When the battery is low, approximately 1.5 hours are required to fully charge the headphone's battery.

Note: Overcharging could reduce the life of the battery. A charged battery will lose its capacity if it is not used on a regular basis.

To pair the headphones with a Bluetooth-enabled device:

1. Place the headphones within 33ft (10m) of your Bluetooth-enabled device.
2. Turn the headphones on. You will hear an indication tone, and the red and blue LED indicator light will begin to flash.
3. On your device's Bluetooth menu, locate and select "Uptech ANC Headphones".
4. Once successfully paired, you will hear another indication tone.

To use the headphones in Aux-in mode:

1. Insert the 3.5mm AUX cable into the Aux input on the headphones.
 2. Connect the other end of the cable to the audio device.
- Note:** While using this device in Aux-in mode, you do not need to turn on the headphones, and all audio controls on the headphones are disabled. All audio is controlled via the connected device.

HEADPHONE BUTTON LAYOUT AND FUNCTIONS

BASIC HEADPHONE CONTROLS AND PORTS

1. Microphone

2. Volume Decrease/Previous Track:

- Press to decrease volume.
- Press and hold to play previous track.

3. Volume Increase/Next Track:

- Press to increase volume.
- Press and hold to play next track.

4. ANC (Active Noise Cancellation):

- Press and hold to power on and off. You will hear an indication tone ANC MODE or ANC OFF.

5. Power On-Off/Play-Pause/Answer-End-Reject Call:

- Press and hold to power on and off.
- Press to play and pause music.
- Press to answer and end calls.
- Press twice decline incoming call.
- Press three time to redial last called number, or activate digital assistant.

6. USB-C Charging Port:

- DC 5V: Use the included USB-C Cable to connect this device to compatible AC power adapter, or power bank to charge.

7. LED Indicator Light:

8. Auxiliary Cable Port:

- Use the 3.5mm AUX audio cable to connect the headphone to your non-Bluetooth-enabled mobile phone / MP3 player / PC / laptop and select the appropriate mode to play media.

SAFETY INFORMATION

Do not attempt to disassemble the device. Doing so may result in an electric shock. Do not use this device on an aircraft or in a hospital. Do not expose this device to direct sunlight, heat, or open flame. The device may become warm while charging.

CAUTION

Any changes or modifications to this device not expressly approved by the party responsible for compliance could void the user's authority to operate this device. This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter. This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

WARNING: To prevent possible hearing damage. Do not listen at high volume levels for long periods.
