# Highlights

## Remove up to 10x more plaque

Click on the AdaptiveClean brush head to experience our deepest ever clean. You get 4x more surface contact\*\* to remove up to 10x more plaque in hard-to-reach areas,\* and a truly deep clean along the gum line and between teeth.

## Up to 2x healthier teeth

Click on our AdaptiveClean brush head for a deep, gentle clean that leaves gums up to 2x healthier than a manual toothbrush. Soft rubber sides flex along every contour of your teeth and gums to absorb any excess pressure. Bristles can then reach deep between teeth giving you a comfortable, effective deep clean.

## Extra deep cleaning

Our Deep Clean mode means you can really focus on specific areas, paying them extra attention. We've combined our unique brush head motion with an extended 3 minutes of brushing time so your teeth get a truly deep clean.

## 3 modes, 3 intensity settings

With FlexCare Platinum, you experience a truly deep clean. Our 3 intensity settings let you boost your clean, while 3 modes meet your specific needs: Clean mode – for superior daily cleaning, White – to remove surface stains, and Deep Clean for invigorating freshness.

## Too much pressure?

You might not notice if you're brushing too hard, but your FlexCare Platinum will. If you use too much pressure, your handle will gently pulsate. This is a reminder to ease off the pressure, and let your brush head do the work. 7 out of 10 people found this feature helped them become a better brusher.

## Long battery life

Our premium travel case lets you store your toothbrush hygienically, while our compact travel charger keeps you topped up when you're on the go. You'll enjoy two weeks of regular use from a single full charge, so being

on the move means you needn't miss out on that fresh feeling.

## Ease into your new routine

Starting something new can take some getting used to. Our easy-start program gives you the option of a gradual, gentle increase in brushing power with the first 14 uses with your new toothbrush.

## QuadPacer and Smartimer

It takes just 2 minutes to thoroughly brush your teeth. Our QuadPacer lets you know when you've spent the optimal amount of time on each section of your mouth while our Smartimer signals when your total time is up. Together they help you reach your recommended brushing time, every time.

## Reach those tricky spots

The unique shape of your FlexCare Platinum toothbrush handle combined with our brush heads means that even tricky spots like back teeth get a thorough clean.
