IMPORTANT SAFETY INSTRUCTIONS

READ ALL CAUTIONARY MARKINGS ON THE APPLIANCE AND SAFETY INSTRUCTIONS IN THE USER MANUAL BEFORE USE.

DO NOT
block or cover the nozzle while in operation.

DO NOT
touch or hold the plug or power cord with wet hands.

DO NOT
let children or pets play with this appliance.

General Safety

1. Children should be supervised to ensure that they do not play with the appliance. Cleaning and maintenance shall not be performed by children without supervision.
2. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
3. Use the appliance as described in the user manual only. Any other use not recommended in the user manual may cause fire, electrical shock, or personal injury.
4. This is not a toy. This is an electrical appliance and must be operated and maintained by an adult. In addition to the water to be vaporised, only any additional liquids advised by the manufacturer for cleaning or fragrance shall be used.

Operation Safety

1. Always place this appliance on a firm, flat and level surface to avoid dropping or tilting.
2. Always place this appliance 12 inches (30 cm) away from the wall or wooden furniture.
3. DO NOT move this appliance while it is on.
4. DO NOT attempt to repair any parts on this appliance. The inside of this appliance contains no user serviceable parts. All servicing should be performed by qualified personnel only.
5. NEVER leave water in the reservoir when the appliance is not in use.
6. DO NOT permit the area around the humidifier to become damp or wet. If dampness occurs, turn the output of the humidifier down. If the humidifier output volume cannot be turned down, use the humidifier intermittently. Do not allow absorbent materials, such as carpeting, curtains, drapes, or tablecloths, to become damp.
7. DO NOT immerse in water or any other liquids.
8. DO NOT use the appliance until the base is installed.
9. DO NOT insert your fingers, pencil and any other objects into the grilles or openings while in operation.
10. **WARNING:** Micro-organisms that may be present in the water or in the environment where the appliance is used or stored, can grow in the water reservoir and be blown in the air causing very serious health risks when the water is not renewed and the tank is not cleaned properly every 3 days.
11. Be aware that high humidity levels may encourage the growth of biological organisms in the environment.
12. Unplug the appliance during filling and cleaning. Empty and clean the humidifier before storage. Clean the humidifier before next use.

13. Empty the tank and refill every third day. Before refilling, clean it with fresh tap water or cleaning agents. Remove any scale, deposits, or film that has formed on the sides of the tank or on interior surfaces, and wipe all surfaces dry.
14. The product shall be filled with clean water to prevent the water pump from being blocked.

Electricity Safety

1. Make sure that the voltage of your electricity supply is the same as that indicated on the appliance.
2. Always unplug before cleaning or leaving the appliance unused for a long period of time. Keep your hands dry when plugging/unplugging.
3. Do not operate the appliance with a damaged cord or plug. Discard the appliance or return to an authorized service facility for examination and/or repair.
4. Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from traffic areas and where it will not be tripped over.
5. **WARNING:** To reduce the risk of fire or electric shock, do not use the appliance with any solid-state speed control device.
6. **WARNING:** If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
7. This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way, If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.
