

ATMOSPHERES

EasyGlow
Sconce Lights
2 Pack

User Guide

INTRODUCTION

Meet the Atmospheres Easy Glow Sconce Light Sticks, your new favorite portable lights. These small, cylindrical light sticks are designed to illuminate dark spaces with their bright, warm LED glow. Mount them on the included magnetic bases, or carry them in your hand to light your path in the dark. Equipped with motion sensors, the light sticks can light up whenever they detect any movement in a dark environment, making them perfect for hallways, corridors, closets, and even cabinets. Wall mountable and USB-rechargeable, the Easy Glow Sconce Light Sticks are must-have lighting devices.

FEATURES

- Bright, energy-saving LED light.
- Wall mountable and USB rechargeable.
- Built-in motion sensors, perfect for lighting dark spaces.
- Lightweight and portable design.

WHAT'S IN THE BOX?

- 2 Sconce LED Light Sticks
- 2 Magnetic Bases
- 2 Micro-USB Charging Cables
- 2 Mounting Stickers
- User Guide

KNOW YOUR LIGHT STICKS

MOUNTING THE MAGNETIC BASES

1. Peel off one side of the two-sided self-adhesive pad, and stick it to the back of the magnetic base.
2. Choose a surface on which to apply the base. Clean it thoroughly to remove all dust, oils, and fingerprints.
3. Peel off the backing of the sticker. Apply the base to your surface of choice, and press it for a few seconds to secure it.
4. Stick the light stick to the magnetic base, making sure that it is securely held in place.

USING THE LIGHT STICKS

1. Charge the light sticks fully before using them for the first time.
2. The light sticks can be placed vertically or horizontally on a flat surface, suspended from the included magnetic bases, or held in your hand.
3. Flip the Power Switch to the ON position to turn the LED ON. The light will stay on until you turn it off manually.
4. Flip the Power Switch to AUTO to activate the automatic motion sensor mode. Place the light sticks in a dark environment, and the LED light will turn on when movement is detected within a 16ft range. The light will automatically turn off after approximately 15 seconds.
5. To turn the light off, flip the Power Switch to the OFF position.

NOTE: the motion sensors' range is 16ft MAX in front of the light sticks, and 120° horizontally.

CHARGING THE LIGHT STICKS

- Plug one end of the charging cable into the light stick's charging port, and the other end into a USB power source. The indicator light will glow red while the light stick is charging, and turn off when it is fully charged.

PRODUCT SPECIFICATIONS

- **Input:** 5V/1A
- **Power:** 1W
- **Battery Capacity:** 500mAh
- **Light Color:** 2700-3000K
- **Product Size:** 0.98" x H7.3"
- **Product Weight:** 0.37 lbs
- **Charging Cable Length:** 11.8"

WARNINGS & SAFETY INFORMATION

- Avoid dropping this unit.
- Do not use this unit for anything other than its intended purpose.
