

IC: 30978-K250R HVIN: K250R FCC ID: :2BU2U-K250R  Model: K250R Roku TV Smart Projector QUICK START GUIDE	EN WHAT'S IN THE BOX  Smart Projector  Remote Control (Batteries not included)  Power Cable  Dust Cleaning Kit  Quick Start Guide A Roku account and internet connection are required for activation. GET TO KNOW YOUR REMOTE CONTROL Power Back Directional Keypad Replay Play/Pause Home Volume +/- Sleep Mode Mute Star (View More Options) Fast Forward App Shortcut Buttons  - 01 -	EN SET UP YOUR PROJECTOR 1. Projector Installation  Front Desktop  Rear Ceiling  Rear Desktop  Front Ceiling Tip: * Select the appropriate projection orientation during the guided setup process or via Home > Settings > Projector settings > Orientation. * Mounting Screw: 1/4"- 5.5 mm *1 (not included). - 02 -	EN 2. Powering On  ①  ②  ③ ① Remove the protective film from the lens. ② Plug the power cable into an outlet. ③ Press the Power Button to turn the projector on. 3. Automatic Image Adjustment The projector will automatically adjust the image for optimal clarity upon powering on. Tip: If the initial auto-focus doesn't achieve desired results, you can manually adjust. Please visit the "TROUBLESHOOTING" section for more information. 4. Activate Your Smart Projector Follow on-screen setup instructions to activate your projector. Tip: A Roku account and internet connection are required for activation. Important: Roku never charges for activation. Setup is done, congratulations!! Continue using the remote to personalize your Home screen, channel line-up, stream movies, and so much more. - 03 -	EN PROJECTOR CONNECTION AND INPUT SOURCE  ① Audio Out ② HDMI ③ USB  ①  ②  ③ DUST REMOVAL GUIDE ① Project a white background picture and pause to freeze the display. ② Remove the cover on the bottom of the projector. ③ Remove the dust cleaning cover. ④ Insert a cotton swab deep inside and carefully wipe the sides of the LCD screen. ⑤ Reattach both covers after cleaning.  - 04 -	EN PROJECTION DISTANCE AND SIZE  * For optimal image quality, we recommend a projection size of 80". Position the projector 7.3ft (2.21m) away from the wall or screen. * The recommended projection distance varies with different projection content. Adjust the distance between the wall/ screen and the projector as needed. * Ambient darkness will improve the clarity of the projected images. ROKU MOBILE APP To control your projector with the Roku mobile app, you must connect your mobile device to the same wireless network as your projector. Visit the App Store or the Google Play Store to download the Roku mobile app.  The Roku App (Official) on the App Store (apple.com) for iOS  The Roku App (Official) - Apps on Google Play for Android OS - 05 -
CONTACT US ✉ Email support@boldever.com ☎ Phone +1-478-780-5200 (Mon-Fri, 9: 00 AM - 5: 00 PM EST) * If you need assistance outside these hours, please email us.  Scan to Access User Manual  Scan to Access Roku TV Setup Guide	EN TROUBLESHOOTING GUIDE 1. How do I adjust the image if the remote doesn't have focus or keystone buttons? * You can gently tilt the projector up and down to trigger auto-adjustment. Alternatively, refer to items 2 and 4 below for manual adjustments. 2. How do I improve the image clarity? Auto Focus: You can move the projector or trigger auto focus by going to Home > Settings > Projector settings and selecting Start auto-focus. Manual Focus: Go to Home > Settings > Projector settings > Image correction > Manual focus and follow the on-screen instructions to sharpen the image until it becomes clear. 3. Couldn't complete auto-focus or auto-keystone? * Ensure that nothing is obstructing the lens or the camera (located on the right side of the lens). * Try adjusting the distance between the projector and the screen. * If the issue persists, power off the projector, then turn it back on before attempting again. 4. What should I do if the image is not rectangular? Auto Keystone Correction: Go to Home > Settings > Projector settings and select Start auto-keystone. The projector will automatically correct keystone distortion. Manual Keystone Correction: Go to Home > Settings > Projector settings > Image correction > Manual keystone and follow the on-screen instructions to adjust the image using four-point correction. 5. How do I change the image size on my screen? * Consider moving the projector closer or further away from the screen to find the optimal image size for the screen. You can also adjust the image size by going to Home > Settings > Projector settings > Image correction > Zoom. - 06 -	EN 6. How to install the Remote Control Mobile App? The free Roku app allows you to use your mobile device as a full functioning remote control with voice search & keypad. ◆ Download the Roku app to your phone or tablet through Google Play™ or App Store™. ◆ Simply search for "Roku App" and choose the Roku app by Roku Inc. ◆ Follow the on-screen prompts and you're on your way! 7. Cannot connect to a wireless network (Wi-Fi)? * Select the correct wireless network name and verify the password entered (case sensitive). * Relocate the router from objects that interfere with performance (cordless phones, baby monitors, etc.). * Reboot the router by disconnecting the power for more than 2 minutes and reconnect. 8. Why doesn't the remote control work? * Make sure the remote points at the IR receiver directly. * Make sure you have installed two AAA batteries in the remote control. * Avoid mixing new batteries with old ones in the remote control as this can result in insufficient power supply and operational issues. 9. What should I do if the projector fails to power on or automatically shuts down? * Please check and ensure that the power cable is securely plugged into the power port to prevent any accidental disconnection or loosening when moving the projector. 10. Does the projector support voice control? * Yes. You can download the Roku mobile app (see the ROKU MOBILE APP section) for voice control. You can also use Alexa or Google Assistant. 11. The content from Netflix, Hulu, Disney+, Prime Video, and similar streaming services can't be mirrored when connected with smartphones. / Why is there audio but no video when streaming videos from my mobile phone to the projector via screen mirroring? * Copyrighted content from Hulu, Disney+, and similar streaming services CANNOT be wirelessly mirrored or cast due to copyright restrictions. These apps are available for download in the Roku Channel store. - 07 -	EN HDMI™ HIGH DEFINITION MULTIMEDIA INTERFACE The terms HDMI, HDMI High-Definition Multimedia Interface, HDMI Trade dress and the HDMI Logos are trademarks or registered trademarks of HDMI Licensing Administrator, Inc. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: — Reorient or relocate the receiving antenna. — Increase the separation between the equipment and receiver. — Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. — Consult the dealer or an experienced radio/TV technician for help. - 08 -	EN Important: You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. RF Exposure Information: --The radiated output power of this device meets the limits of FCC radio frequency exposure limits. This device should be operated with a minimum separation distance of 20cm (8 inches) between the equipment and a person's body. Canada compliance statement /Conformité réglementaire canadienne : This device complies with Innovation, Science and Economic Development Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems. Exposure to radio frequency energy: --The radiated output power of this device meets the limits of IC radio frequency exposure limits. This device should be operated with a minimum separation distance of 20 cm (8 inches) between the equipment and a person's body. Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. La bande 5150-5250 MHz est réservée uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux. L'exposition à l'énergie radiofréquence: --La puissance de sortie rayonnée de cet appareil est conforme aux limites de la IC limites d'exposition aux fréquences radio. Cet appareil doit être utilisé avec une distance minimale de séparation de 20 cm entre l'appareil et le corps d'une personne. CAN ICES (B) / NMB (B) - 09 -	EN  The symbol indicates Class II equipment  The symbol indicates AC voltage  The symbol indicates DC voltage  For indoor use only  The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance. The mains plug is used as the disconnect device. The socket-outlet shall be installed near the equipment and shall be easily accessible. The product label and certification information are located at the bottom of the product. ISED Statement English: This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada s licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device. The digital apparatus complies with Canadian CAN ICES-3 (B)/ NMB-3(B). French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences. (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil. L'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b). This device meets the exemption from the routine evaluation limits in section 6.6 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance. cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.6 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité. This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé. the device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potentialfor harmful interference to co channel mobile satellite systems. le dispositif utilise dans la bande 5150-5250 MHz est reserve a une utilisation en interieur afin de reduire le risque de brouillage prejudiciable aux systemes mobiles par satellite dans le meme canal. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.
