Troubleshooting

Question Answer

Q: I press any button but can not work.

A: Lock the screen when there is no operation within 30s. Please press and hold the unlock button for 3s to unlock the screen.

Q: I forgot the specific content of the feeding plan.

A: Unlock the screen and press the setting button, you can see meals displayed (but not portion per meal).

Q: Can't get food.

- A:
- 1) Make sure to put in dry food and the diameter of the food should be between 3-13 mm.
 - 2) Check whether the battery power is low.
 - 3) Whether the power adapter is connected.
 - 4) Whether the power is cut off when the battery is not installed, if the power is cut off, please reset the feeding plan.

Q: The display does not light up.

- A:
- 1) Without any operation within 30s, the screen is locked and dimmed. Please press and hold the unlock button for 3s to unlock the screen.
 - 2) Check whether the power adapter is connected or the battery is installed.
 - 3) When the device is connected to the power supply, the display still does not light up, please contact the seller to solve it.

Q: Cannot hear any recordings while feeding.

A: Make sure you have successfully recorded—unlock the screen and press the record button to check. If no sound is heard, you need to record again.

Note: If you have any questions, please contact the after-sales support.
