PEACE YOU CAN CARRY™

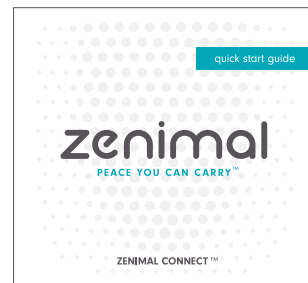

ZENIMAL CONNECT™

GETTING STARTED

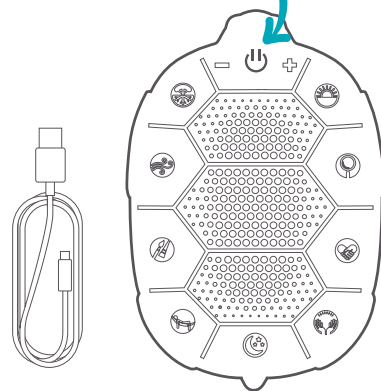

What's in the box?

- ✓ Quick start guide
- ✓ USB-C charging cable
- ✓ Zenimal Connect device

POWER ON/OFF

Hold 3 seconds to power on or off

CHARGING

Battery charges to 100% in less than 3 hours using USB-C cable.

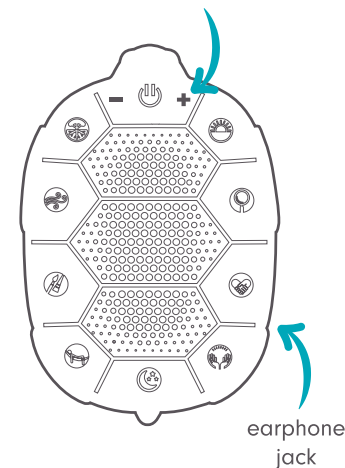

Note: While charging, Zenimal never goes to sleep.

Charging indicator: The power button glows while charging and stops glowing when fully charged.

Note: The charging indicator brightness can be adjusted using the nightlight button.

VOLUME

Press + or - to adjust volume

CONNECT TO THE APP

Download the Zenimal App

Bluetooth Connection:

- Turn on your Zenimal
- Press & hold the nightlight button
- Follow prompts in the app

Note: Spinning LED indicates Bluetooth searching. Vibration and sound confirm successful connection.

APP FEATURES

- Upload custom meditations
- Access content library
- Record personalized messages
- Create AI-generated meditations

FILE TRANSFER

When uploading content, an animated light pattern shows transfer is in progress. Device remains functional during transfer.

PLAYING CONTENT

Sleep Tracks: When powered on, sleep track 1 begins playing automatically. Press the power button to cycle through the tracks: (1) Relaxing music (2) Ocean waves (3) White noise

Auto-off: Once a meditation ends, the device powers off after three minutes. The device powers off after 60 minutes of sleep sounds (unless plugged in).

Meditations: Press any of the 8 meditation buttons to start playing. Press and hold the track button to restart from beginning. Press the power button to pause and press again to play.

SPECIAL FEATURES

Nightlight: Press the nightlight button to turn on/off. Cycle through brightness levels with each press. Customize settings in the app.

Lock Function: Hold both volume buttons for 3 seconds to lock/unlock. Quick vibration and button flash confirms. When locked, device won't respond to button presses.

Haptic Features (coming soon): Adjust vibration patterns in the app.

FCC:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
