4. How to use

4.1. Pairing to your personal computer

Pause On/Off button to turn on the mouse, searching the Bluetooth devices on your computer. After a few seconds the computer will list the "GA-0541" as a discover device. Select it and your mouse is being paired. Pause On/Off button to turn off if you don't use the mouse, it will auto connect to your computer when you turn on the mouse at next time.

4.2. Charging your mouse

⚠ For your safety, please always use an appropriate 5V input charger/Adapter to charge the product. **DO NOT USE** Quick Charging USB Adapter to charge the product, as it might damage the product.

Use the USB Type-C charging cable accessory provided with this mouse. Connect the USB Type-C plug to the USB Type-C charging port on the mouse positioned at ① in mouse diagram on page 2. Connect the USB plug to a USB port on wall adapter to activate charging.

****Make sure to keep the headset charging for a minimum of 2 hours before initial use.**

Warning:

- You must select a qualified charger from a regular manufacturer.
- You must charge the Bluetooth mouse if it has not been used for more than 6 months.

5. Product Specification

Bluetooth 5.2
Frequency: 2.402G - 2.480GHZ
Distance: Approx. 10m
Charging time: 2 Hours
Buttons: 6 Buttons
Resolution: 1200 / 1600 / 2400 / 3200 DPI
Color Changing LED (7 Colors Backlit)
Mode & Power Switch
Support System: Windows (except Windows 7), Linux, Mac OS, Android, iOS
Built-In 500mAh, 3.7V Rechargeable Battery
USB Type-C Charging Cable Length: 9.84in. (25cm)
USB Type-C Charging Cable Rating Max. 5VDC, 5W

6. FAQ

1. Why is there no power even when the mouse is turned on?
Ans: Ensure the battery has been charged up to 1 hour for initial use.
2. There is no sound when playback.
Ans: Check the connection between mouse with computer, if the connection is not established, please connect again. Make sure the mouse is paired and connected with your computer.

7. FCC Statement

FCC STATEMENT
1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

⚠ Safety instructions for the lithium battery and charging the product

- The input voltage to the product is 5V 1A.
- In order to charge the product in safe manner and reliable conditions, please only adopt certified appropriate charger/ adapter for charging the product.
- Only charge the product at ambient temperatures between 10 °C/ 50 °F and 40 °C/104 °F.
- Do not heat above 70 °C/158 °F, e.g. Do not expose to sunlight or throw into fire.
- Switch off the product after use.
- Please note that we won't take any responsibility for any wrong operation (e.g. Voltage higher than 5V) as this may result in severe injury or loss of property, and we cannot control the operating process during the time the user using this product.
- In extreme cases, abuse or misuse of Lithium battery pack can lead to explosion, heat generation, fire development or smoke development.
