

LED A19 Smart Color Changing

Instructions for 358-1000

WARNING: These products may represent a possible shock or fire hazard if improperly installed or attached in any way. Products should be installed in accordance with these instructions, current electrical codes, and/or the current National Electric Code (NEC).

This lighting device requires the use of a 2.4Ghz WiFi connection. Ensure your smart device is connected before starting.

App User Guide

1. Download the app: Search "Smart Life" or use the QR code above.
2. Register an account: Enter either an email address or phone number. A verification code will be sent. Retrieve verification code, enter, then add a password.
3. Sign into the app - the system will automatically recognize your country or you can manually select the country code.
 - A) Via username or password: Use email address or phone number and password combination
 - B) Via social media account: Use the Facebook or Twitter icons and follow social network authentication.
 - C) Via SMS verification code: Select the "Sign in with SMS verification" tab, then enter your mobile number to get the verification code: Enter the verification code to log in.
 - D) Forgot Password: Select "Forgot Password". Request a verification code be sent, retrieve verification code, then enter the verification code with new password.
4. Add Device
 - Normal Mode: Select the "+" icon in the upper right hand corner of the page to enter the network connection page. Normal mode is default. Set the lighting device's indicator light to flashing by following the instructions on screen (choose device type, then select "How to make light blink rapidly"). Confirm the device's indicator light is blinking. When prompted, enter your home's WiFi password.
 - AP Mode: Select the "+" icon in the upper right hand corner of the page to enter the network connection page, then select "AP Mode" in the upper right hand corner. Connect to the WiFi hot-spot named "SmartLife". Once connected, go back to the network connection page to enter the network connection process. The app will proceed to connect to the device.
5. Once the device is connected, the app will confirm successful connection and the indicator light will stop blinking and the app will prompt you to select which room to place this lighting device in. The lighting device will now appear on the main home page.
6. Tap the device's icon to enter the control page. Control brightness, color temperature, RGB color changing, and schedule from the control page.

Link Smart Life account to Alexa

Using this device with Amazon Alexa requires the use of the Amazon App and an Amazon Echo (sold separately). Follow the instructions for the Amazon Echo to set-up an Amazon account.

1. Tap "Skills" in the dropdown menu in the Amazon Alexa app, then search "Smart Life". Select "Smart Life" and tap "ENABLE" to enable the Skill.
2. You will be redirected to the account link page. Type in your Smart Life account and password, don't forget to select the country/region where your account belongs. Then tap "Link Now" to link your Smart Life account. The country/region, the account, and the password must match with app user info.
3. Control your smart devices through Echo
 - Discover devices: Echo needs to discover your smart devices before it controls them. You can say "Alexa, discover devices" to Echo. Echo will discover devices which have already been added in the Smart Life app. You can also tap "DISCOVER" to discover the smart devices. Discovered devices will be shown in the list.

Control devices by voice commands: Use these commands to control your devices (e.g., bedroom light):

- Alexa, turn on/off bedroom light
- Alexa, set bedroom light to 50 percent
- Alexa, brighten/dim bedroom light
- Alexa, set bedroom light to green
- Alexa, set air conditioner to 24

Link Smart Life account to Google Home

Using this device with Google Home requires the use of the Google Home App and a Google Home device (sold separately). Follow the instructions for the Google Home Device to set-up a Google Home account.

1. Tap "Home Control" in the dropdown menu on the Google Home app's home page, then tap "+".
2. Find "Tuya Smart" in the list. In the new window, select your Tuya Smart account's region, type your Tuya Smart account and password, then tap "Link Now". After you assign rooms for devices, your devices will be listed in the Home Control page.

(If you use smart life app, it can also be found in the list, login and authorize, the same way)

3. Control your smart devices through Google Home

Now you can control your smart devices through Google Home. Take bedroom light as the example, the supported voice commands are as below:

- Ok Google, turn on/off bedroom light.
- Ok Google, set bedroom light to 50 percent.
- Ok Google, brighten bedroom light.
- Ok Google, dim bedroom light.
- Ok Google, set bedroom light to red.

4.5-YEAR LIMITED WARRANTY:

This ZILOTEK® brand LED Tube carries a four and a half (4.5) Year Limited Warranty to the original purchaser. If, during normal use, this ZILOTEK® LED Tube fails due to a defect in material and workmanship within four and a half (4.5) years from the date of purchase, simply bring this LED Tube with your original sales receipt back to your nearest MENARDS® retail store. At its Discretion, ZILOTEK® agrees to have the LED Tube replaced with the same or similar ZILOTEK® product free of charge, within the stated warranty period, when returned by the original purchaser with original sales receipt. Notwithstanding the foregoing, this limited warranty does not cover damage or failure caused by misuse or abuse including but not limited to improper installation, accident, unauthorized repair, maintenance, or modifications of the merchandise. This warranty: (1) excludes expendable parts including but not limited to light bulbs, batteries; (2) carries a 1-year finish warranty protecting finish against tarnishing, flaking, and discoloration; (3) shall be void if this lighting fixture is not installed in the U.S.A; (4) does not cover products installed within three miles of saltwater coastline or any area prone to salt spray; and (5) does not cover any losses, labor, injuries to persons/ property or costs. This warranty does give you specific legal rights and you may have other rights, which vary from state to state. Be careful, it is recommended that installation be done by a qualified professional; the purchaser has sole responsibility for proper installation in compliance with all state and local code requirements. Seller's employees are not qualified to advise you on the use of this Merchandise. Any oral representation(s) made will not be binding on seller or its employees. The rights under this limited warranty are to the original purchaser of the Merchandise and may not be transferred to any subsequent owner. This limited warranty is in lieu of all warranties, expressed or implied including warranties or merchantability and fitness for a particular purpose. Seller shall not be liable for any special, incidental, or consequential damages. The sole exclusive remedy against the seller will be for the replacement of any defects as provided herein, as long as the seller is willing or able to replace this product or is willing to refund the purchase price as provided above.
