WARNING

Before using this equipment or starting any exercise program, consult your physician. This is especially important for persons over the age of 35 and/or those with health problems.

The products LP assumes no responsibility for personal injury or property damage caused by or through the use of this product. It is the owner's responsibility to ensure that all users of this equipment have read the owner's manual and are familiar with all safety information and precautions.

Safety Precautions

- This equipment should only be used on a level surface and is intended for indoor use only. An equipment mat is recommended to protect flooring and allow easier cleaning.
- Wear comfortable, good-quality athletic shoes and appropriate clothing. Do not use this equipment with bare feet, sandals, socks, or stockings.
- Always inspect the equipment before use to ensure all parts are in good condition.
- Do not leave children unattended near this equipment.

General Safety Rules

All individuals using this equipment accept a certain level of risk.

To reduce risk, follow these rules:

1. Inspect equipment before each use. Ensure all nuts, bolts, screws, and pins are secure. Replace worn or damaged parts immediately. Failure to follow these rules may result in serious injury.
2. Keep clear of cables and moving parts during use.
3. Ensure all cables are properly closed and secure during exercises.
4. Exercise with control. Avoid jerky or uncoordinated movements.
5. Perform workouts with a training partner when possible.
6. Do not allow children or minors to use or play around the equipment.
7. Consult a physician before starting any exercise program.

Owner Responsibilities

- Provide proper supervision to all users.
- Ensure all users understand proper usage.
- Ensure trainers and supervisors are properly trained and understand all adjustments and settings.
- Ensure users receive proper instruction in strength training fundamentals.

Set 1: M10*20 x2

Assembly Overview

(Based on diagrams)

1. Assemble the base frame using M10 × 80 bolts, nuts, and washers.
2. Attach vertical support posts securely to the base frame.
3. Install the wooden bar between the vertical posts using the provided bolts.
4. Insert and secure the adjustable locking knobs.
5. Tighten all bolts and hardware completely before use.

Maintenance Guidelines

Check and maintain your equipment regularly to keep it safe to use.

Cables

- Check for damage such as fraying or cracks.
- Feel along the cable for any weak spots.
- Tighten or adjust if loose.
- Replace immediately if damaged.

Upholstery

- Wipe clean after each use.
- Clean with mild soap when needed.
- Do not use harsh cleaners.
- Keep sharp objects away.

Nuts, Bolts, and Fasteners

- Check regularly.
- Tighten if loose.

Guide Rods

- Wipe clean with a dry cloth.
- Lubricate when needed.

Adjustments and Locking Parts

- Check for wear or damage.
- Make sure all parts move and lock properly.
- Replace if damaged
