

Overview

The LORELEI S9 is a wired, on-ear headset designed for children. It features a built-in microphone, a 3.5 mm audio jack, and a foldable, lightweight construction. The headset is intended for use with devices such as Chromebooks, tablets, iPads, laptops, PCs, and other equipment with a standard 3.5 mm headphone port.

The headphones are available in Pearl Pink and weigh approximately 201 g (7.1 oz). The ear cups are padded with soft protein material and the headband is adjustable for a custom fit.

What's in the Box

- LORELEI S9 Wired Headphones (1 unit)
- Cable (attached, non-detachable)

Features

Built-in Microphone

The headset includes an integrated microphone, suitable for online classes, voice calls, and communication applications.

On-Ear Design with Soft Cushions

The ear cups rest on the ears and are covered with soft protein leather. This design helps isolate ambient noise and provides comfort during extended use.

Foldable and Lightweight

The headphones can be folded flat for easy storage and transport. The total weight is 201 g, reducing pressure on the child's head.

Adjustable Headband

The headband can be extended on both sides to fit different head sizes. The adjustment mechanism uses a sliding scale with visible notches.

3.5 mm Audio Jack

The wired connection uses a standard 3.5 mm plug, compatible with most audio devices, including phones, tablets, laptops, and Chromebooks.

Control Method

The inline controller provides touch-based call control (answer/end calls) and volume adjustment.

Additional Specifications

- **Impedance:** 32 Ohms
- **Frequency Response:** 20 Hz – 20,000 Hz
- **Noise Control:** Active Noise Cancellation (passive isolation via on-ear design)
- **Cable Feature:** Tangle-free cord
- **Water Resistance:** Not water resistant

Product Diagram

Use Guide

Connecting the Headphones

1. Locate the 3.5 mm audio jack on your device (e.g., Chromebook, tablet, iPad, laptop, PC, phone).
2. Insert the headphone plug firmly into the jack until you feel a click.
3. If your device has separate microphone and headphone ports, use a compatible splitter (not included).

Adjusting the Headband

1. Hold the headband with both hands near the ear cups.
2. Gently slide the ear cups outward or inward until the headband fits comfortably on the head.
3. Ensure the ear cups are centered over the ears.

Folding the Headphones

1. Rotate each ear cup inward so they lie flat against the headband.
2. Fold the headband at the center joint (if applicable) to reduce size further.
3. Wrap the cable loosely around the folded headphones for storage.

Using the Microphone and Controls

- **Answer/End a call:** Tap the touch-sensitive area on the inline controller once.
- **Adjust volume:** Use the volume slider or buttons on the inline controller (if present) or adjust from the connected device.
- **Microphone position:** The microphone is built into the cable; ensure it is not blocked by clothing or accessories.

Compatible Devices

The headphones are compatible with any device that has a standard 3.5 mm audio jack, including:

- Chromebook
- Tablet (e.g., iPad, Kindle Fire)

- Laptop / PC
- Smartphone
- Audio CD player
- Audio & MIDI interface
- Television (with headphone output)

Care and Maintenance

- Clean the ear cushions with a soft, dry cloth. Do not use water or cleaning solvents.
- Store the headphones in a cool, dry place when not in use.
- Avoid exposing the headphones to moisture or extreme temperatures.
- Do not pull the cable forcefully; disconnect by gripping the plug, not the wire.

Troubleshooting

No sound from headphones

- Ensure the plug is fully inserted into the device's audio jack.
- Check that the device volume is turned up and not muted.
- Try connecting the headphones to another device to isolate the issue.

Microphone not working

- Confirm that the device supports a headset with a single 3.5 mm plug (CTIA standard).
- Check the device's audio input settings – ensure the headset microphone is selected as the input device.
- If using a splitter, verify it is correctly wired for your device.

Poor audio quality or distortion

- Reduce the volume on the connected device.
- Check the headphone plug for dirt or damage; clean gently with a dry cloth.
- Ensure the cable is not kinked or damaged.

Specifications

Feature	Detail
Brand	LORELEI
Model	S9
Colour	Pearl Pink
Ear Placement	On Ear
Form Factor	On Ear
Connectivity Technology	Wired
