

Overview

The Uliptz Wireless Bluetooth Headphones are over-ear, foldable headphones designed for use with Bluetooth-enabled devices such as smartphones, tablets, and PCs. They feature a built-in microphone for hands-free calling and support for voice assistants.

Features

Audio and Sound

- **HiFi Stereo Sound:** Equipped with 40mm acoustic stereo drivers for clear highs, balanced mids, and bass.
- **6 EQ Sound Modes:** Switch between equalizer modes to adjust the sound profile for different music genres.
- **Passive Noise Cancellation:** Memory foam ear cushions help filter out ambient noise.

Connectivity

- **Bluetooth 6.0:** Provides a stable and fast wireless connection with a range of up to 10 meters (33 feet).
- **Multi-Device Connection:** Can be paired with two devices simultaneously, allowing you to switch between them (e.g., from a phone to a laptop).
- **Wired Mode:** Includes a 3.5mm audio cable for use with non-Bluetooth devices or when the battery is depleted.

Battery and Charging

- **Playtime:** Up to 65 hours of playback on a single full charge.
- **Fast Charging:** A 10-minute charge provides up to 4 hours of playtime.
- **Full Charge Time:** Approximately 2.5 hours.

Design and Comfort

- **Lightweight:** Weighs 180 grams for comfortable extended wear.
- **Foldable:** The headphones fold flat for easy storage and portability.
- **Adjustable Headband:** Features an adjustable metal slider to fit various head sizes.
- **Rotatable Earmuffs:** Ear cups can be rotated for a better fit.
- **Memory Foam Cushions:** Soft, padded ear cushions for long-lasting comfort.

Controls and Microphone

- **Touch Controls:** The headphones feature touch-sensitive controls for managing playback and calls.

- **Built-in Microphone:** Allows for hands-free calling. Note: The microphone only functions in wireless Bluetooth mode.
- **Voice Assistant Support:** Compatible with smartphone voice assistants.

Use Guide

Charging the Headphones

1. Connect the included USB charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power source (e.g., a computer or a USB wall charger).
3. The LED indicator will show the charging status. A full charge takes approximately 2.5 hours.

Pairing with a Bluetooth Device

1. Ensure the headphones are charged.
2. Press and hold the power button to turn on the headphones. They will enter pairing mode automatically.
3. On your device (e.g., smartphone, tablet), enable Bluetooth and search for new devices.
4. Select "Uliptz WH203A" from the list of available devices.
5. If prompted, enter the PIN "0000". The headphones will connect within 1-3 seconds.
6. After initial pairing, the headphones will automatically reconnect to the last paired device when powered on.

Using the Multi-Device Connection

1. Pair the headphones with the first device following the steps above.
2. Disable Bluetooth on the first device or disconnect the headphones.
3. Put the headphones back into pairing mode and connect to the second device.
4. Re-enable Bluetooth on the first device. The headphones will connect to both devices.
5. To switch audio sources, pause playback on one device and start playback on the other.

Using the 6 EQ Sound Modes

Press the EQ button on the headphones to cycle through the 6 different sound modes. Each mode adjusts the audio profile for different listening preferences (e.g., balanced, bass boost, treble).

Using the Wired Mode

1. Connect one end of the included 3.5mm audio cable to the headphones.

2. Connect the other end to the audio output of your device (e.g., PC, audio player).
3. The headphones will work in wired mode even when the battery is empty.

Making Calls

When connected via Bluetooth to a smartphone, use the touch controls to answer, end, or reject calls. The built-in microphone allows for hands-free conversation. Note: The microphone is only active in wireless Bluetooth mode.

Specifications
