

Model: DARK GREY | Size: 12"x19" | Material: 0.2" PU & Rubber

Overview

The AMOAMI Coffee Mat Dish Drying Mat is a multi-purpose absorbent mat designed for use under coffee makers, espresso machines, pots, dish racks, and as a general kitchen or bar counter accessory. It features a stain-hiding PU surface, a super-absorbent diatomite core, and a non-slip rubber backing to protect countertops from water marks, stains, and spills.

The mat is available in multiple colors and sizes. This manual covers the 12"x19" Dark Grey variant, but the instructions apply to all models.

Features

Stain-Hiding PU Surface

The 0.2-inch thick PU (polyurethane) top layer is designed to hide coffee stains, milk stains, and other dark spills. The surface absorbs liquids and prevents visible marks, keeping the mat looking clean.

Super Absorbent Core

The mat contains a soft diatomite (diatomaceous earth) layer that quickly absorbs water splashes and spilled coffee, preventing liquid from pooling on the countertop.

Non-Slip Rubber Backing

The durable rubber backing prevents the mat from sliding and stops water from seeping through to the countertop, protecting the surface from damage.

Quick-Drying & Easy to Clean

The highly porous material (up to 90% porosity) allows the mat to air dry quickly. For cleaning, simply rinse the mat with water. The stain-hiding surface reduces the need for frequent deep cleaning.

Multi-Purpose Use

While designed as a coffee mat, it can also be used as a dish drying mat for cups and dishes in the kitchen, bar, or bathroom.

Specifications

Brand	AMOAMI
Model Number	DARK GREY
Color	Dark Grey (also available in other colors)
Material	PU (top layer) + Diatomite (absorbent core) + Rubber (backing)
Product Dimensions	19" L x 12" W (48.3 cm x 30.5 cm)
Thickness	0.2 inches (5 mm)
Item Weight	0.3 kg (10.6 oz)
Shape	Rectangular
Pattern	Solid
Care Instructions	Hand wash only
Included Components	1 mat

Use Guide

Placement

1. Ensure the countertop surface is clean and dry.
2. Place the mat with the rubber backing side down on the counter.
3. Position the mat under your coffee maker, espresso machine, pot, or dish rack as needed.
4. The mat will stay in place due to the non-slip rubber backing.

Daily Use

- The mat will absorb any drips or spills from your coffee maker or dishes.
- The PU surface hides stains, so the mat will not show visible marks from coffee or tea.
- If the mat becomes saturated, allow it to air dry. The porous material dries quickly.

Cleaning

1. Rinse the mat under running water to remove any residue.
2. For stubborn stains, gently hand wash with mild soap and water.
3. Do not use bleach or harsh chemicals.
4. Do not machine wash or machine dry.
5. After rinsing, shake off excess water and let the mat air dry flat.
6. The mat will dry naturally within a short time due to its high porosity.

Note: The mat is designed to hide stains, but regular rinsing is recommended to maintain hygiene.

Available Options

This mat is available in the following colors and sizes:

- **Colors:** BLACK FLORAL, BLACK INK, BLUE, BROWN, CAMEL, DARK GREY, GOLDEN RIVER, GREEN FLORAL, LIGHT GREEN, LIGHT GREY, MILK TEA, PINK, RETRO BROWN, SMOKEY BLUE
- **Sizes:** 12"x19", 16"x24", 17"x31.5"

Troubleshooting

Issue	Solution
Mat is not absorbing quickly	Ensure the mat is clean. Rinse with water to remove any soap residue or dirt that may be clogging the pores. Allow to dry completely.
Mat slides on counter	Make sure the rubber backing is facing down. Clean the counter surface to remove any grease or moisture that may reduce grip.
Visible stains after use	The PU surface is designed to hide stains. If stains are visible, rinse the mat with water. For stubborn stains, gently scrub with a soft brush and mild soap.
Mat has an odor	Rinse the mat with water and let it air dry in a well-ventilated area. The odor should dissipate as the mat dries.

Care and Maintenance

- Hand wash only. Do not machine wash.
- Do not use bleach, fabric softeners, or harsh detergents.
- Do not iron.
- Do not expose to direct heat sources (e.g., stovetop, oven).
- Allow the mat to air dry completely before storing or reusing.
- Store flat in a dry place when not in use.
