

Model: LIFE 3 | **Brand:** DOQAUS | **ASIN:** B09WDH7SKD

Overview

The DOQAUS LIFE 3 are over-ear Bluetooth headphones designed for extended listening sessions. They combine a reinforced, durable frame with soft memory-foam earpads and a padded headband for all-day comfort. The headphones support both wireless (Bluetooth 5.3) and wired (3.5 mm) connectivity, and feature a built-in ENC (Environmental Noise Cancellation) microphone for clear calls.

Key highlights:

- Up to 90 hours of wireless playback
- Three EQ modes: Balanced, Bass Boost, High Definition
- Dual 40 mm dynamic drivers for HiFi audio
- ENC microphone for voice isolation during calls

- Foldable design for portability
- USB-C charging (2.5 hours full charge)

What's in the Box

- LIFE 3 Headphone over ear
- USB charging cable (USB-C)
- Aux audio cable (3.5 mm)
- User Manual
- Storage Pouch

Features

1. Built to Last – Reinforced Frame

The headband uses high-strength nylon for shape retention and a silicone inner layer for pressure relief. The hinges and folding mechanism are reinforced for daily use and travel.

2. Marathon 90-Hour Playtime

Enjoy up to 90 hours of continuous music on a full charge. A quick 10-minute charge provides 5 hours of playback. When the battery is depleted, use the included 3.5 mm audio cable for wired, battery-free listening.

3. Three EQ Modes (Balanced / Bass Boost / High Definition)

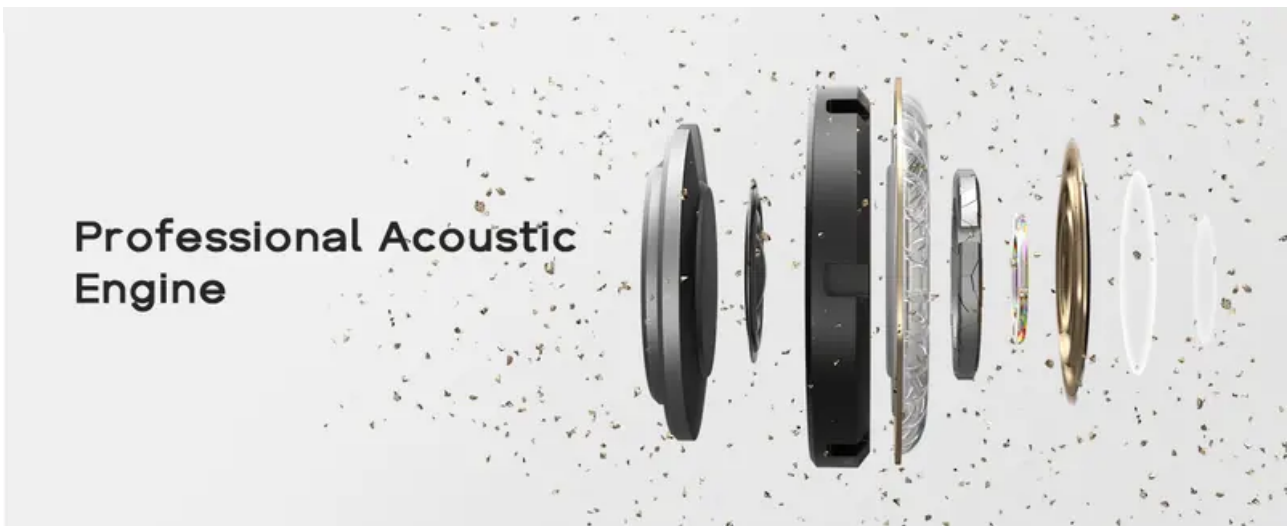

Cycle through three professionally tuned sound profiles to match your content:

- **Balanced:** Neutral sound for general listening.
- **Bass Boost:** Enhanced low frequencies for bass-heavy music.
- **High Definition:** Increased clarity and detail for vocals and podcasts.

To switch EQ modes, press and hold the **Volume +** button for 2 seconds. A voice prompt will announce the current mode.

4. Crystal-Clear Calls with ENC Microphone

The built-in Environmental Noise Cancellation (ENC) microphone actively isolates your voice from background noise, ensuring clear hands-free calls even in noisy environments.

5. Ergonomic & Foldable Design

Soft, breathable memory-foam ear cushions and an adjustable padded headband provide a secure, comfortable fit. The headphones fold flat for easy storage in the included pouch.

6. Bluetooth 5.3 & Wired Connectivity

Bluetooth 5.3 ensures a fast, stable connection with lower latency. You can also use the detachable 3.5 mm audio cable for devices without Bluetooth (e.g., in-flight entertainment, PC, audio players).

Use Guide

Charging the Headphones

1. Connect the included USB-C cable to the charging port on the right earcup.
2. Connect the other end to a USB power source (computer, wall adapter, power bank).
3. The LED indicator will glow **red** while charging and turn **blue** (or turn off) when fully charged.

4. Full charge takes approximately 2.5 hours.

Note: A 10-minute charge provides up to 5 hours of playback.

Power On / Off

- **Power On:** Press and hold the **Multifunction (MFB)** button for 2 seconds. The LED will flash blue.
- **Power Off:** Press and hold the MFB button for 3 seconds. The LED will flash red and then turn off.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the MFB button for 5 seconds until the LED rapidly flashes **red and blue** (pairing mode).
3. On your device (phone, tablet, PC), enable Bluetooth and select "**DOQAUS LIFE 3**" from the list.
4. Once connected, the LED will flash blue slowly.

Using the 3.5 mm Wired Connection

1. Insert the included 3.5 mm audio cable into the headphone jack on the right earcup.
2. Connect the other end to your device's headphone output.
3. The headphones will automatically switch to wired mode. No battery power is required.

Controls Overview

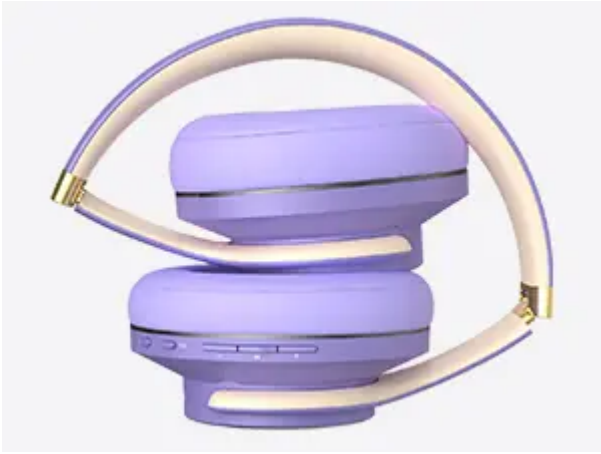

Button	Action	Function
Multifunction (MFB)	Press once	Play / Pause music; Answer / End call
	Press and hold 2 sec	Reject incoming call; Activate voice assistant
Volume +	Press once	Increase volume
	Press and hold 2 sec	Next track
Volume –	Press once	Decrease volume
	Press and hold 2 sec	Previous track
MFB + Volume +	Press and hold 2 sec	Cycle EQ modes (Balanced → Bass Boost → High Definition)

LED Indicator Guide

LED Status	Meaning
Flashing blue	Connected / ready to pair
Flashing red and blue	Pairing mode
Solid red	Charging
Solid blue (or off)	Fully charged
Flashing red	Low battery

Folding & Storage

1. Rotate each earcup inward so they lie flat.
2. Fold the headband inward to reduce size.
3. Place the headphones in the included storage pouch.

Specifications

Item	Detail
Model	LIFE 3
Driver	40 mm dynamic
Frequency Response	20 Hz – 20,000 Hz
