

Overview

The Rebovico Bluetooth Headphones (model 1, Black & Gold) are wireless over-ear headphones designed for everyday listening, calls, and travel. They feature Bluetooth 5.3 connectivity, a built-in HD microphone, and support for FM radio and SD/TF card playback. The headphones are foldable and lightweight, weighing approximately 199.58 grams.

The package includes the headphones, an audio line (3.5 mm cable), a charging cable, and a user manual.

Features

Bluetooth 5.3 & Built-in Microphone

Equipped with two 40 mm dynamic drivers and Bluetooth 5.3 technology, the headphones provide stable transmission, low latency, and clear audio output. The built-in HD microphone enables hands-free calling.

Long Battery Life & Dual Mode

In Bluetooth mode, the headphones offer up to 65 hours of playtime. When the battery is low, you can switch to wired mode using the included 3.5 mm audio cable for uninterrupted listening. The battery charge time is approximately 65 hours (full charge).

6 EQ Modes & HiFi Stereo

Six preset sound effects are available: Pop, Classic, Rock, Jazz, Deep Bass, and Clear Voice. These can be cycled through using the onboard controls to match your listening preference. The headphones deliver HiFi stereo sound for an immersive audio experience.

Comfortable & Lightweight Design

The ear cushions are made from soft, skin-simulating material, and the headband is adjustable. The headphones are lightweight (199.58 g) and foldable for easy storage and portability.

Additional Features

- **FM Radio:** Listen to FM radio stations directly from the headphones.
- **SD/TF Card Support:** Insert a microSD card to play music without a Bluetooth connection.
- **Foldable & Lightweight:** The headphones fold flat for compact storage.
- **Water Resistant:** Suitable for light sweat or splashes (not submersible).

What's in the Box

- Reboxico Bluetooth Headphones (Black & Gold)
- Audio Line (3.5 mm cable)
- Charging Cable (USB-C)
- User Manual

Product Specifications

Brand	Rebocico

Item Weight	199.58 Grams
Enclosure Material	Faux Leather, Silicone
Water Resistance Level	Water Resistant
Compatible Devices	PCs, Home Entertainment Systems, Devices with 3.5 mm Jack, Bluetooth-Enabled Devices
Product Features	Adjustable Headband, Foldable, Lightweight, Microphone Included, Volume Control

Use Guide

Charging the Headphones

1. Connect the included charging cable to the USB-C port on the right ear cup.
2. Connect the other end to a USB power source (e.g., computer, wall adapter).
3. The LED indicator will show red while charging and turn off or change colour when fully charged.
4. A full charge takes approximately 65 hours (as per product information).

Power On / Off & Pairing

1. Press and hold the power button for 2–3 seconds to turn on the headphones. The LED will flash blue.
2. On your device, enable Bluetooth and search for “Rebocico” or “Rebocico 1”.
3. Select the headphones from the list to pair. A voice prompt will confirm connection.
4. To turn off, press and hold the power button for 2–3 seconds. The LED will turn red briefly and then shut off.

Using the Controls

The control buttons are located on the right ear cup:

- **Volume + / Next Track:** Press to increase volume; press and hold to skip to the next track.
- **Volume – / Previous Track:** Press to decrease volume; press and hold to go to the previous track.
- **Multi-function Button (MFB):** Press to play/pause music or answer/end calls. Press twice to redial last number.
- **EQ Button:** Press to cycle through the 6 EQ modes (Pop, Classic, Rock, Jazz, Deep Bass, Clear Voice).

Using the Built-in Microphone

When a call comes in, press the MFB to answer. Speak into the microphone (located near the controls). Press MFB again to end the call. To reject a call, press and hold the MFB for 2 seconds.

FM Radio Mode

1. Press the power button to turn on the headphones.
2. Press the MFB twice quickly to switch to FM mode.
3. Use the Volume + / – buttons to scan for stations (press and hold to auto-scan).

4. To exit FM mode, press the MFB twice again to return to Bluetooth mode.

SD/TF Card Playback

1. Insert a microSD card (not included) into the slot on the right ear cup.
2. The headphones will automatically switch to card mode and begin playing music from the card.
3. Use the same controls as Bluetooth mode to navigate tracks and adjust volume.

Wired Mode

If the battery is low, connect the included 3.5 mm audio cable to the headphones and your device. The headphones will operate in wired mode without needing power.

Resetting the Headphones

If the headphones become unresponsive, press and hold the power button for 10 seconds until the LED flashes red and blue. This will reset the device. You will need to pair again.

Troubleshooting

Issue	Solution
Headphones won't turn on	Charge the headphones for at least 2 hours. If still not working, reset by holding the power button for 10 seconds.
No sound or poor audio quality	Check volume levels on both the headphones and your device. Ensure Bluetooth connection is stable (within 10 metres). Try switching EQ modes.
Microphone not working	Make sure the headphones are selected as the audio input device on your phone/computer. Check that the microphone is not blocked.
Cannot pair with device	Turn off Bluetooth on your device, then turn it back on. Put the headphones in pairing mode (LED flashing blue). If necessary, reset the headphones.
FM radio has static	Move to an area with better reception. The headphone cable can act as an antenna – extend it fully for better FM reception.

Warranty and Support

The headphones come with a 1-year warranty. For support, contact the Reboxico customer service team through your Amazon account or via the Reboxico store page. Please have your order number ready.
