Form Factor	Over Ear, Circumaural
Connectivity Technology	Wired, Wireless (Bluetooth 5.3)
Headphone Jack	3.5 mm Jack
Audio Driver	40 mm Dynamic Driver
Impedance	40 Ohms
Frequency Range	20 Hz – 20,000 Hz
Battery Life (Bluetooth mode)	Up to 65 hours
Noise Control	None
Weight	0.32 kg
Enclosure Material	Leather
Product Features	Foldable, Lightweight
Water Resistance	Not Water Resistant
Box Contents	Cable
Warranty	1 year

4. Features

4.1 Bluetooth 5.3 & Built-in Microphone

Equipped with Bluetooth 5.3 technology and two 40mm large dynamic drivers, the headphones provide stable transmission, low latency, and clear audio output. The built-in HD microphone allows for hands-free calls.

4.2 6 EQ Modes

Select from six preset sound effects to match your listening preference:

- Pop
- Classic
- Rock
- Jazz
- Deep Bass
- Clear Voice

4.3 Long Battery Life & Dual Mode

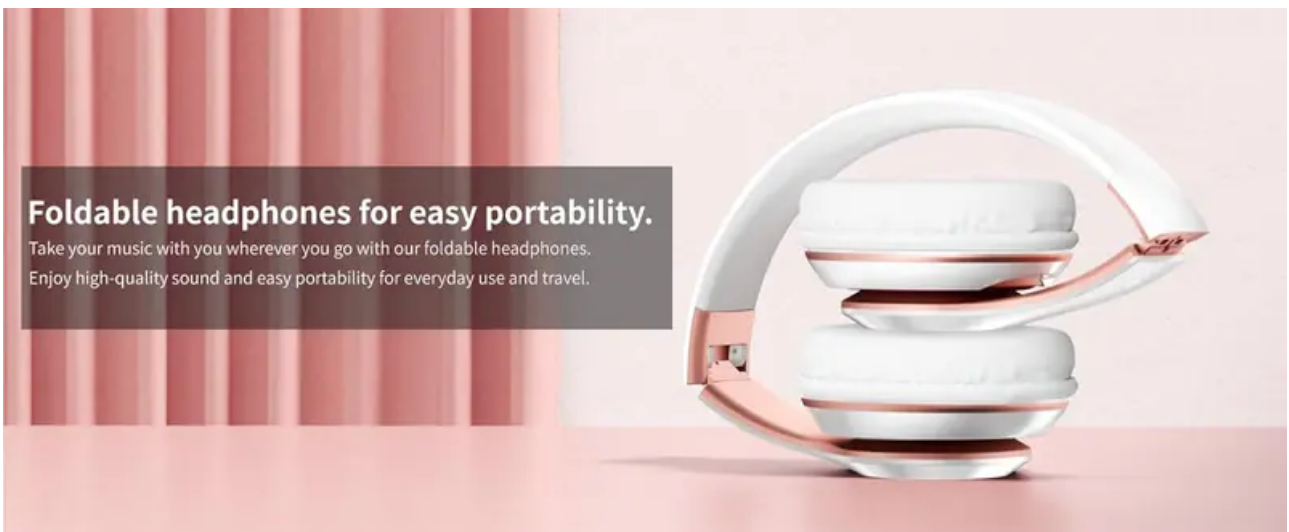

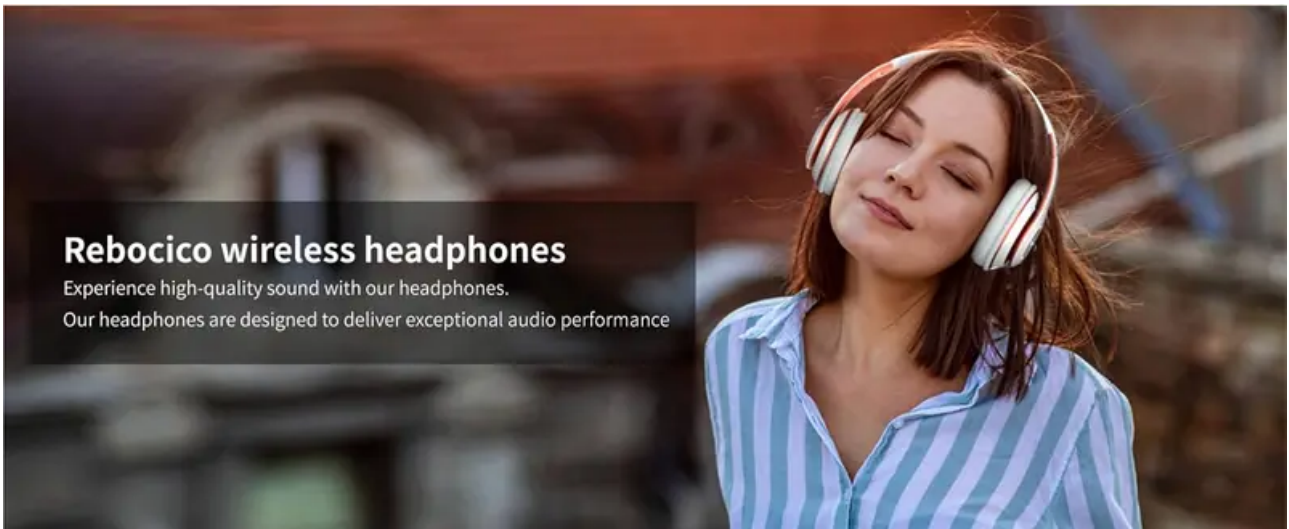

Up to 65 hours of playtime in Bluetooth mode. The headphones also support wired mode via the 3.5mm jack, allowing uninterrupted use even when the battery is depleted.

4.4 Comfortable & Lightweight Design

Super soft ear cushions (simulated skin texture) and an adjustable headband provide comfort during extended wear. The headphones are lightweight and foldable for easy storage and travel.

4.5 Additional Functions

- **FM Radio:** Listen to FM radio stations.
- **SD/TF Card Support:** Play music directly from a microSD/TF card.
- **Touch Controls:** Media control via touch interface on the earcup.

5. Controls & Indicators

The headphones feature touch-based media controls on the earcup. The following functions are available:

- **Power On/Off:** Press and hold the power button.
- **Play/Pause:** Single tap on the touch area.
- **Volume Up/Down:** Swipe up/down on the touch area.
- **Track Next/Previous:** Swipe forward/backward.
- **Answer/End Call:** Single tap during incoming call.
- **EQ Mode Switching:** Double tap to cycle through EQ modes.
- **LED Indicator:** Shows Bluetooth pairing status and battery level (blue/red).

6. Use Guide

6.1 Charging

1. Connect the provided cable to the charging port on the headphones.
2. Connect the other end to a USB power source (computer, wall adapter).
3. The LED indicator will show red while charging and turn off (or change colour) when fully charged.
4. A full charge provides up to 65 hours of playback in Bluetooth mode.

6.2 Bluetooth Pairing

1. Ensure the headphones are charged.
2. Press and hold the power button until the LED indicator flashes blue and red (pairing mode).
3. On your device (phone, tablet, PC), enable Bluetooth and search for "Rebocico".
4. Select "Rebocico" from the list to pair. The LED will turn solid blue when connected.
5. The headphones will automatically reconnect to the last paired device when powered on.

6.3 Wired Mode

1. Use the included 3.5mm audio cable.
2. Connect one end to the headphones and the other to your audio source (phone, PC, etc.).
3. No battery power is required for wired mode; the headphones will function as passive headphones.

6.4 Using FM Radio

1. Ensure the headphones are powered on.
2. Press the mode button to switch to FM mode.
3. The headphones will automatically scan for available stations.
4. Use the touch controls to navigate through saved stations.

6.5 Playing Music from SD/TF Card

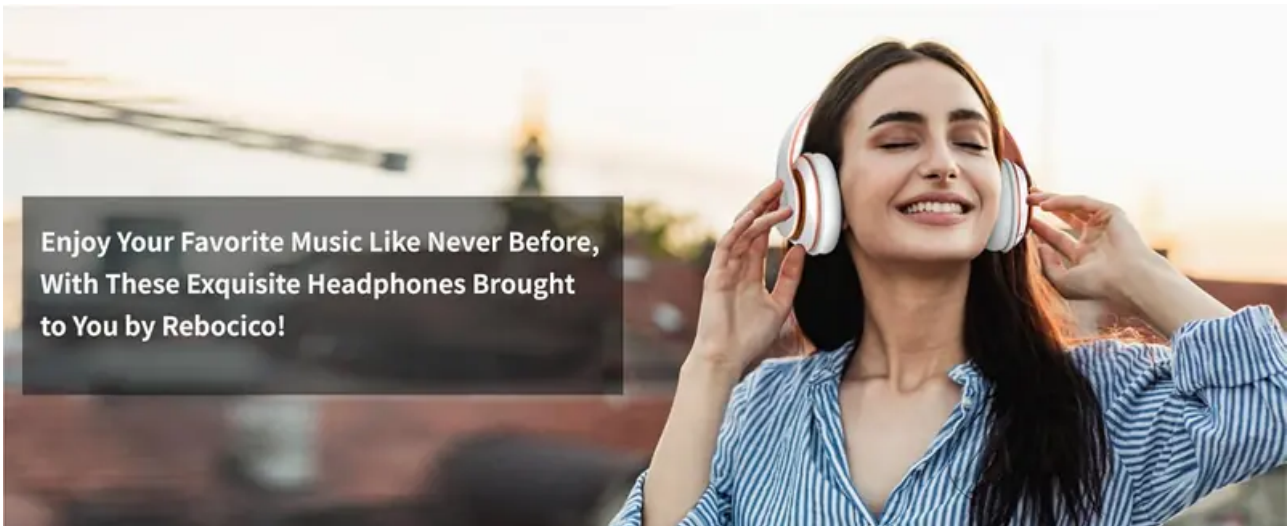

1. Insert a microSD/TF card with music files into the card slot.
2. Power on the headphones; they will automatically detect the card and begin playback.
3. Use touch controls to play/pause and skip tracks.

6.6 Switching EQ Modes

1. While playing music, double-tap the touch area on the earcup.
2. Each double-tap cycles to the next EQ mode (Pop → Classic → Rock → Jazz → Deep Bass → Clear Voice).
3. An audible tone or voice prompt may indicate the selected mode.

6.7 Making/Taking Calls

- **Answer a call:** Single tap on the touch area.
- **End a call:** Single tap again.
- **Reject a call:** Press and hold the touch area for 2 seconds.
- The built-in microphone picks up your voice; speak clearly.

7. Troubleshooting

Issue	Possible Solution
Headphones not powering on	Charge the headphones for at least 2 hours. Try a different USB cable/ power source.
Bluetooth not connecting	Ensure headphones are in pairing mode (LED flashing). Forget the device on your phone and re-pair. Move closer to the device.
No sound in Bluetooth mode	Check volume on both headphones and source device. Ensure the correct audio output is selected.
Poor sound quality / distortion	Try a different EQ mode. Reduce volume. Ensure Bluetooth connection is stable.
Microphone not working during calls	Check that the headphones are selected as the audio input device on your phone/PC. Ensure the microphone hole is not blocked.
FM radio not working	Ensure the headphones are in FM mode. The included cable may act as an antenna; try extending it.
SD/TF card not detected	Ensure the card is formatted as FAT32. Check that music files are in a supported format (MP3, WAV). Reinsert the card.

8. Warranty & Support

The Rebocico headphones come with a **1-year warranty** against manufacturing defects. For support, contact the Rebocico customer service team through your point of purchase (Amazon) or via the Rebocico brand page.

Note: No specific contact email or phone number is provided in the product documentation. For warranty claims, please refer to your order details or the seller's return policy.

9. Safety & Care

- Do not expose the headphones to water or moisture (not water resistant).
- Store in a cool, dry place. Use the foldable design for compact storage.
- Clean the ear cushions with a soft, dry cloth. Do not use harsh chemicals.
- Do not disassemble the headphones. There are no user-serviceable parts inside.
- Keep away from children and pets to avoid choking hazards or damage.
- Do not listen at high volumes for extended periods to prevent hearing damage.
