

Overview

The PoYang Coffee Mat is a multi-purpose absorbent pad designed for use under coffee makers, espresso machines, and as a dish drying mat. It features a three-layer construction: a PU leather surface that conceals stains, a middle diatomite layer for quick liquid absorption, and a non-slip rubber backing for stability.

The mat is available in multiple colors (Black, Gray, Blue, Light Gray) and three sizes: 17"x12", 24"x16", and 31.5"x17". This manual covers the 17"x12" model.

Features

1. Stain-Hiding Surface

The top layer is made of special PU leather that effectively hides coffee, milk, and other dark stains, keeping the mat looking clean.

2. Super Absorbent Core

The middle layer contains diatomite, a highly absorbent material that quickly soaks up spills and splashes, preventing liquids from spreading on the countertop.

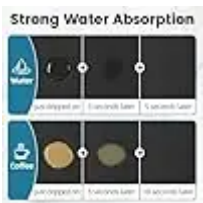

3. Anti-Slip Rubber Backing

The bottom layer is made of non-slip rubber that keeps the mat firmly in place on smooth surfaces like marble, wood, or laminate. It also provides a protective barrier against scratches.

4. Easy to Clean

For daily maintenance, wipe the mat with a damp cloth. For deeper cleaning, rinse with water and hang to air dry. Do not machine wash or use a dishwasher.

5. Multi-Purpose Use

Beyond coffee machines, the mat can be used as a dish drying mat, a pet feeding pad, or an under-printer mat for the office.

6. Trimmable Design

If a custom fit is needed, the mat can be trimmed with scissors to match unique spaces.

Use Guide

Placement

1. Ensure the countertop surface is clean and dry.
2. Place the mat with the rubber backing facing down.
3. Position your coffee maker, espresso machine, or other appliance on top of the mat.
4. For dish drying, place the mat near the sink and set washed items on top.

Cleaning Instructions

- **Daily care:** Wipe the surface with a damp cloth to remove residue.
- **Deep cleaning:** Rinse the mat under running water. Gently scrub if necessary.
- **Drying:** Hang the mat to air dry. Do not wring or twist, as this may cause wrinkles on the leather surface.
- **Do not:** Machine wash, use a dishwasher, or use harsh chemicals.

Warning: Do not wring or twist the mat. Wringing may leave permanent wrinkles on the PU leather surface.

Trimming (Optional)

If the mat is too large for your space, you can trim it to size:

1. Measure the desired dimensions.
2. Mark the cutting line on the back of the mat.
3. Use sharp scissors to cut along the line.

Specifications

- **Dimensions:** 17 x 12 x 0.14 inches (43.2 x 30.5 x 0.36 cm)
- **Weight:** 8.4 ounces (238 g)
- **Surface Material:** PU Leather
- **Absorbent Layer:** Diatomite
- **Backing:** Non-slip Rubber
- **Available Colors:** Black, Gray, Blue, Light Gray
- **Available Sizes:** 17"x12", 24"x16", 31.5"x17"
- **Model Number:** Black (for 17"x12" Black variant)
- **ASIN:** B0BLV7TF4X
- **Date First Available:** December 28, 2022
- **Manufacturer:** PoYang

Frequently Asked Questions

How does the mat keep the coffee station clean?

The three-layer design works together: the PU leather surface hides stains, the middle diatomite layer absorbs spills quickly, and the rubber backing prevents the mat from shifting.

Is the mat easy to clean?

Yes. For daily care, wipe with a damp cloth. For deeper cleaning, rinse with water and hang to air dry. Do not machine wash or wring.

Will the mat slip on a smooth countertop?

No. The full-coverage rubber backing provides a high-grip surface that adheres securely to marble, wood, laminate, and other smooth surfaces.

Can I use this mat for purposes other than coffee?

Yes. Its absorbent, non-slip, and easy-to-clean properties make it suitable as a dish drying mat, pet feeding pad, or under-printer mat.

What sizes are available?

Three sizes are available: 12"x17" (single machine), 16"x24" (coffee bar & drying mat), and 17"x31.5" (full workstation). The mat can also be trimmed with scissors for a custom fit.
