

Model: EMBT-01

Overview

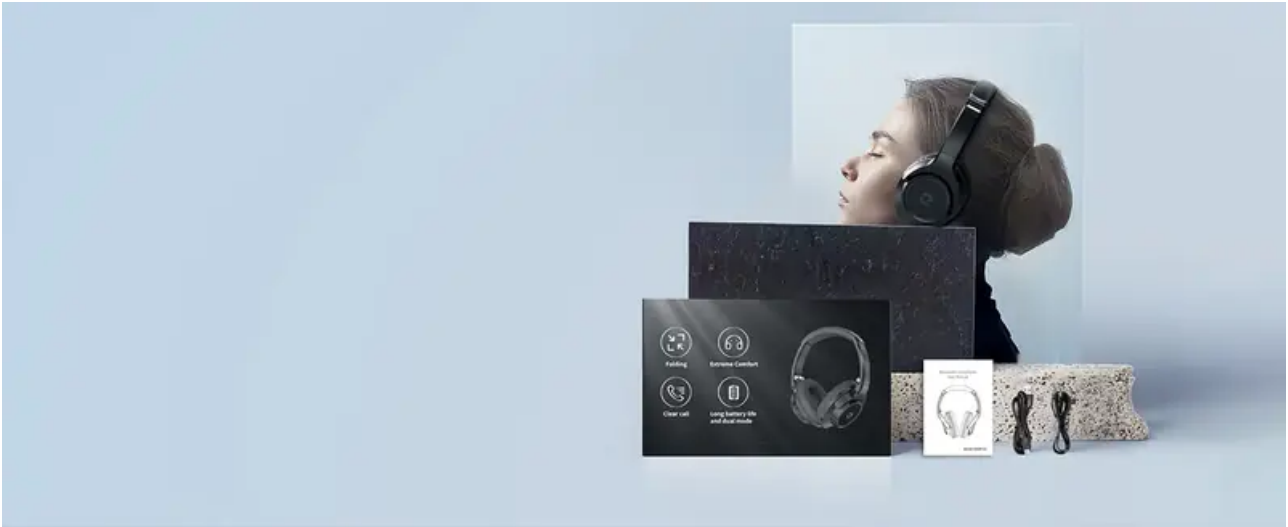

The Rebovico Wireless Headphones (Model EMBT-01) are over-ear Bluetooth headphones designed for travel, office, and home use. They feature Bluetooth 5.1 connectivity, a built-in microphone, and support both wireless and wired (3.5mm) audio connections. The headphones are foldable and lightweight, with a focus on extended battery life and customizable sound.

What's in the Box

- Reboxico Wireless Headphones (EMBT-01)

- USB-C Charging Cable
- 3.5mm Backup Audio Cable
- User Manual

Features

Battery and Charging

The headphones have a built-in 600mAh battery providing up to 70 hours of playtime in wireless mode. Standby time exceeds 450 hours at full charge. A quick charge of 5 minutes provides approximately 3 hours of playtime.

Bluetooth 5.1 Connectivity

Bluetooth 5.1 technology provides a stable connection with a range of up to 32-50 feet (10 meters). The headphones support dual device connection, allowing you to take calls between your phone and computer seamlessly.

3 EQ Modes

Three EQ modes allow you to adjust the sound profile. You can switch between Balance, Bass, and Treble modes to suit your listening preferences.

Comfort and Design

The ear cups are made with memory-protein foam for comfort during extended use. The headband is adjustable to fit various head shapes. The headphones are foldable and lightweight (0.4 lbs / 0.18 kg), making them easy to carry.

Controls and Indicators

The headphones feature onboard buttons for power, volume, and EQ mode switching. A built-in microphone enables hands-free calling. The control functions are only active in Bluetooth (wireless) mode; they do not function in wired mode.

Use Guide

Charging the Headphones

1. Connect the USB-C charging cable to the headphones.
2. Connect the other end to a USB power source (e.g., computer, wall charger).
3. The LED indicator will show charging status. A full charge takes approximately 2-3 hours.

Pairing via Bluetooth

1. Ensure the headphones are charged.
2. Press and hold the power button until the LED indicator flashes (typically red and blue).
3. On your device (phone, computer, etc.), enable Bluetooth and search for available devices.
4. Select "Rebocico EMBT-01" from the list.
5. If prompted, enter the PIN "0000".
6. Once connected, the LED indicator will stop flashing.

Using the 3.5mm Wired Connection

1. Connect the included 3.5mm audio cable to the headphones.
2. Connect the other end to your audio device (PC, TV, music player, etc.).
3. Note: The onboard buttons and microphone will not function in wired mode.

Switching EQ Modes

Press the EQ button on the headphones to cycle through the three modes: Balance, Bass, and Treble. The LED indicator may change color or blink to indicate the selected mode.

Resetting the Headphones

If the headphones become unresponsive, press and hold the power button for approximately 10 seconds to reset them.

Specifications

Brand	Rebocico
Model Name	EMBT-01
Colour	Black
Ear Placement	Over Ear
Form Factor	Over Ear
Connectivity Technology	Wired, Wireless
Wireless Technology	Bluetooth 5.1
Bluetooth Range	32 Feet (10 meters)
Headphone Jack	3.5 mm
Impedance	0.5 Ohms

Battery Life	Up to 70 hours (wireless)
Battery Capacity	600mAh
Standby Time	Over 450 hours
Item Weight	0.18 Kilograms (0.4 lbs)
Enclosure Material	ABS
Included Components	Cable (USB-C, 3.5mm audio)

Troubleshooting

- **Headphones not turning on:** Charge the battery for at least 30 minutes, then try again. If still unresponsive, perform a reset by holding the power button for 10 seconds.
- **No sound in wireless mode:** Ensure the headphones are paired and connected to your device. Check the volume level on both the headphones and the connected device.
- **No sound in wired mode:** Ensure the 3.5mm cable is fully inserted into both the headphones and the audio source. The headphones do not need to be powered on for wired mode.
- **Poor audio quality or distortion:** Try switching to a different EQ mode. Ensure the Bluetooth connection is stable and within range.
- **Microphone not working:** The microphone only functions in Bluetooth (wireless) mode. Check that the headphones are selected as the input device on your computer or phone.
- **Cannot connect to a TV or PC without Bluetooth:** You will need to purchase a separate Bluetooth transmitter to enable wireless connectivity with such devices.

Warranty and Support

Rebocico provides a one-year maintenance service. For support, contact Rebocico Direct UK. The brand is committed to 24-hour customer service. If you have any questions or issues, please contact them for assistance.
