

Overview

The Conambo JBT600 is a single-ear, on-ear Bluetooth headset designed for clear communication in noisy environments. It features tri-microphone noise cancellation, a long-lasting battery, and is built for durability and comfort during extended use.

Features

Audio & Communication

- **Tri-Mic Noise Cancellation:** Utilizes CVC 8.0 technology with three microphones to block up to 96% of background noise for clear calls.

- **Environmental Noise Cancellation:** Combines active and passive noise isolation.

Connectivity

- **Bluetooth 5.1:** Provides a stable wireless connection with a range of up to 82 feet (25 meters).
- **Dual-Device Pairing:** Can be connected to two devices simultaneously for multitasking.
- **Compatible Devices:** Designed for use with cellular phones, computers, and other Bluetooth-enabled devices for calling.

Battery & Power

- **Extended Battery Life:** Supports up to 35 hours of talk time and 60 hours of work/music time on a single charge.
- **Charging Time:** Approximately 2 hours to full charge.
- **Standby Time:** Up to 500 hours.

Design & Durability

- **IP54 Rating:** Protected against dust and splashes of water.
- **Metal Headband:** Flexible and resistant to bending or breaking.
- **Lightweight Frame:** Weighs 163g for comfort during long wear.
- **Adjustable Headband:** Shape memory design fits various head sizes.
- **Protein Leather Earcups:** Plush material for comfort and noise isolation.

What's in the Box

- Conambo JBT600 Bluetooth Headset
- Charging Cable
- User Manual

Use Guide

Charging the Headset

Before first use, fully charge the headset using the provided cable.

1. Connect the charging cable to the headset's charging port.
2. Connect the other end to a USB power source (e.g., computer USB port or wall adapter).
3. The indicator light will show the charging status. A full charge takes approximately 2 hours.

Power On / Off & Pairing

1. **Power On:** Press and hold the Power button until the indicator light flashes blue and red.
2. **Enter Pairing Mode:** The headset enters pairing mode automatically when powered on for the first time, or if no paired device is in range. The indicator will flash blue and red.
3. On your Bluetooth device (phone, computer), enable Bluetooth and search for available devices.
4. Select "JBT600" from the list on your device to pair.
5. You may hear a voice prompt or see a solid blue light indicating a successful connection.
6. **Power Off:** Press and hold the Power button until the indicator light turns off.

Dual-Device Pairing: To connect a second device, ensure the headset is powered on and connected to the first device. Enter the Bluetooth settings on the second device and select "JBT600" from the list.

Controls and Indicators

The headset features separate buttons for control. Locate the following buttons on the earcup:

- **Power Button:** For turning the headset on/off and entering pairing mode.
- **Multi-Function Button (MFB):** Used for answering, ending, and redialing calls.
- **Volume Buttons (+/-):** Adjust the call or music volume.
- **Mute Button:** Located on the microphone boom.
 - Press once during a call to mute your microphone. A red indicator light on the mic will turn on.
 - Press again to unmute.
 - **Hold for 3 seconds** to activate your device's voice assistant (Siri or Google Assistant).

Making and Receiving Calls

- **Answer a Call:** Press the Multi-Function Button (MFB) once.
- **End a Call:** Press the Multi-Function Button (MFB) once.
- **Reject a Call:** Press and hold the Multi-Function Button (MFB).
- **Redial Last Number:** Press the Multi-Function Button (MFB) twice quickly when not on a call.

Care and Maintenance

- Clean the earcups with a soft, dry cloth. Do not use liquids or chemicals.
- Store the headset in a dry place when not in use.

- The IP54 rating protects against dust and water splashes, but the headset is not submersible. Avoid exposure to heavy rain or pressurized water.
- Avoid extreme temperatures.

Troubleshooting

- **Headset won't power on:** Ensure the battery is charged.
- **Cannot pair with device:** Ensure the headset is in pairing mode (flashing blue/red light). Restart both the headset and your Bluetooth device. Ensure the headset is not already connected to the maximum of two devices.
- **Poor audio quality or dropped calls:** Ensure you are within the 82ft Bluetooth range. Reduce obstacles between the headset and the connected device. Charge the headset.
- **Microphone not working:** Check that the mute function is not activated (red light on mic should be off). Ensure the microphone boom is positioned correctly near your mouth.
- **Reset:** If issues persist, try resetting the headset by holding the Power button for 10+ seconds, then re-pair.

Specifications

- **Model:** JBT600
- **Bluetooth Version:** 5.1
- **Wireless Range:** Up to 82 ft (25 m)
- **Battery Capacity:** 400mAh Lithium Polymer
- **Talk Time:** Up to 35 hours
- **Music/Work Time:** Up to 60 hours
- **Standby Time:** Up to 500 hours
- **Charging Time:** ~2 hours
- **Weight:** 163g
- **Ingress Protection:** IP54 (Dust and water splash resistant)
- **Ear Placement:** On Ear
- **Included Components:** Headset, Charging Cable, User Manual
