

Product: Silicone Coffee Mat, Espresso Machine Bar Accessories, 10×14 inches, Black

Brand: GORILLA GRIP | **Material:** Silicone | **Shape:** Square

Overview

The GORILLA GRIP Silicone Coffee Mat is a waterproof, heat-resistant mat designed to protect countertops from spills, stains, and heat. Made from thick, BPA-free silicone, it features a raised edge to contain liquids and a slip-resistant surface to keep appliances stable. The mat is suitable for use under espresso machines, coffee makers, dish drying racks, pet bowls, and more.

Features

1. 100% Waterproof Silicone Construction

The mat is made from thick, durable silicone that is completely waterproof. It prevents liquids from seeping through to the countertop, protecting surfaces from water damage and stains.

100% WATERPROOF SILICONE

The Gorilla Grip Coffee Mat is constructed from **100% waterproof** silicone for superior protection from accidental spills. Unlike other fabric mats, our mat ensures that liquids won't seep through, helping to keep your countertops, floors and furniture safe from damage.

2. Raised Edge for Spill Containment

A 1/8-inch raised edge runs along the perimeter of the mat, helping to contain accidental spills and prevent messes from spreading onto the counter.

3. Heat Resistant & BPA-Free

The silicone material is third-party tested for heat resistance, making it safe for use with hot coffee, espresso, or tea. It is also BPA-free and safe for food contact.

4. Slip-Resistant Grip

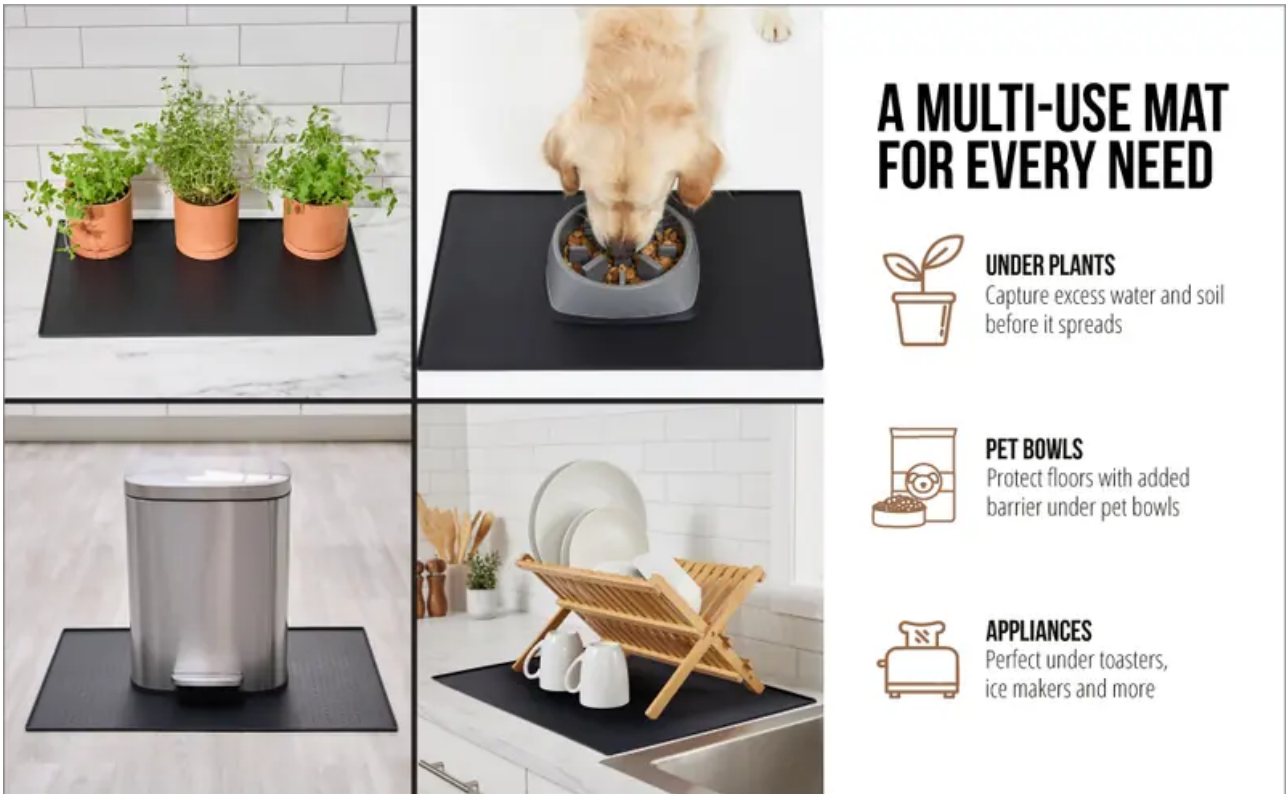

The mat features a silicone backing and raised dots on the top side. This design provides a strong grip that helps keep appliances (e.g., espresso machines) securely in place, reducing movement and the risk of slips or spills.

5. Dishwasher Safe for Easy Cleaning

For routine cleaning, the mat can be placed on the top rack of a dishwasher. It is also easy to wipe clean by hand with mild soap and water.

6. Versatile Use

Beyond coffee and espresso machines, the mat can be used under dish drying racks, pet bowls, potted plants, garbage cans, or any area where a protective, waterproof barrier is needed.

Product Dimensions & Specifications

Attribute	Specification
Material	Silicone
Color	Black (also available in Almond, Brown, Gray, Mint, Navy, White)
Dimensions (L x W x Thickness)	10" x 10" x 0.13" (actual mat size 10" x 14")
Shape	Square
Unit Count	1 mat
Care Instructions	Dishwasher safe (top rack) or hand wash
Heat Resistance	Third-party tested for hot coffee/tea use
BPA-Free	Yes

Use Guide

Placement

1. Select a clean, dry, flat countertop surface.
2. Unroll or unfold the mat and place it in the desired location.
3. Position your espresso machine, coffee maker, or other appliance on top of the mat.
4. Ensure the mat lies flat and the raised edge is oriented upward to contain spills.

Cleaning

- **Dishwasher:** Place the mat on the top rack of the dishwasher. Use a normal cycle. Avoid high-heat drying cycles if possible.
- **Hand wash:** Wipe with a soft sponge or cloth using mild dish soap and warm water. Rinse thoroughly and air dry or pat dry with a towel.
- Do not use abrasive scrubbers or harsh chemicals that may damage the silicone surface.

Maintenance Tips

- Periodically check the mat for any signs of wear or damage.

- If the mat becomes curled after shipping, flatten it under a heavy book or appliance for a few hours.
- Store flat when not in use to maintain shape.

Note: The mat is designed for indoor use only. Avoid direct contact with open flames or extremely hot surfaces (e.g., stovetop burners).

Indicators & Buttons

This product has no electronic indicators, buttons, or displays. All functionality is passive: the mat provides a waterproof, heat-resistant, and slip-resistant surface.

Troubleshooting

Issue	Possible Cause	Solution
Mat does not lie flat	Packaging creases or curling	Place a heavy object on the mat for a few hours to flatten it, or gently warm it with a hair dryer (low heat) and press flat.
Mat slides on counter	Counter surface is wet or greasy	Clean and dry the countertop thoroughly before placing the mat. Ensure the silicone backing is clean and dry.
Stains or discoloration	Prolonged contact with strongly colored liquids (e.g., coffee, tea)	Clean promptly after spills. For stubborn stains, soak in warm soapy water and scrub gently with a soft brush.
