

## Overview

The Wowlink W206 is a portable mini projector with native 1080p resolution and support for 4K HDR content. It integrates auto focus, auto keystone correction, built-in apps, WiFi 6, Bluetooth 5.4, and a 180° rotatable body. The projector is designed for home cinema use and can be connected to HDMI devices, USB storage, TV sticks, laptops, and gaming consoles.

**Model:** W206 | **Color:** White | **Dimensions:** 7.68 × 3.54 × 3.94 inches | **Weight:** 0.6 kg

# Features

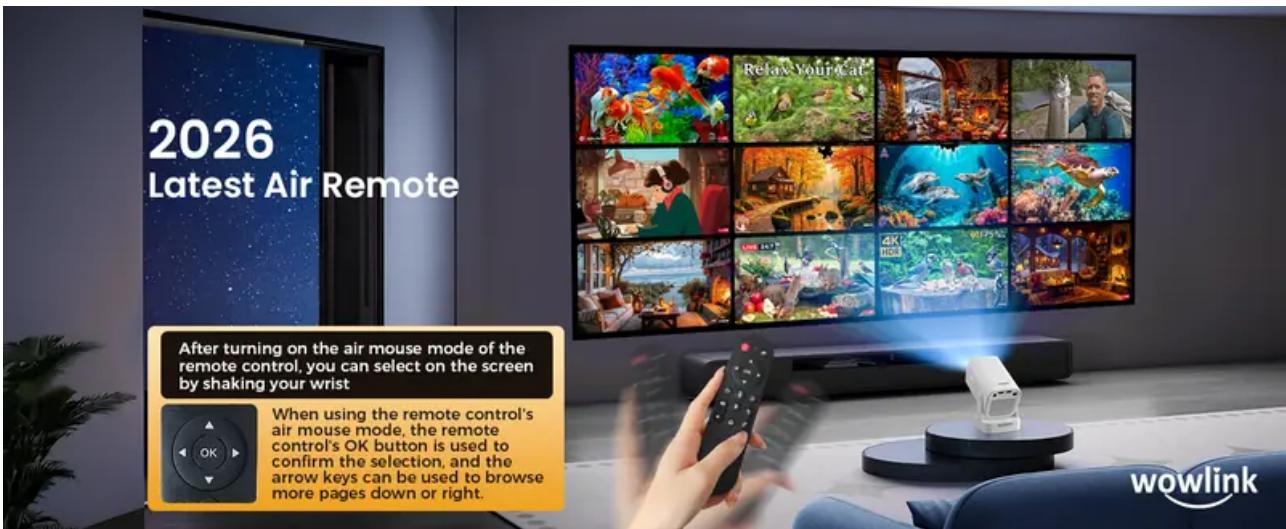

## Display & Image Quality

- **Native Resolution:** 1920 × 1080 (Full HD)
- **4K HDR Support:** Accepts and decodes 4K HDR video signals
- **Brightness:** 280 ANSI lumens
- **Contrast Ratio:** 12,000:1
- **Display Technology:** LCD
- **Image Size:** 40 to 130 inches (diagonal)
- **Throw Distance:** 0.6 m (minimum) to 2.5 m (maximum)

## Auto Focus & Auto Correction

- **AI Auto Focus:** The projector automatically adjusts the lens to achieve the sharpest image.
- **Auto Keystone Correction:** Automatically corrects trapezoidal distortion and aligns the image horizontally and vertically.

## Built-in Apps & Air Remote

- **Pre-installed Apps:** Prime Video, YouTube, D+ (Disney+) – accessible directly from the projector interface without external devices.
- **Air Remote Function:** The remote control uses gyroscope technology; shake your wrist to control the on-screen cursor or navigate menus.

## Connectivity

- **WiFi 6** (dual-band 2.4 GHz + 5 GHz) – faster, more stable wireless streaming and screen mirroring.
- **Bluetooth 5.4** – connect wireless headphones, speakers, or other audio devices.
- **HDMI** – connect TV sticks, laptops, gaming consoles.
- **USB** – play media directly from memory sticks.

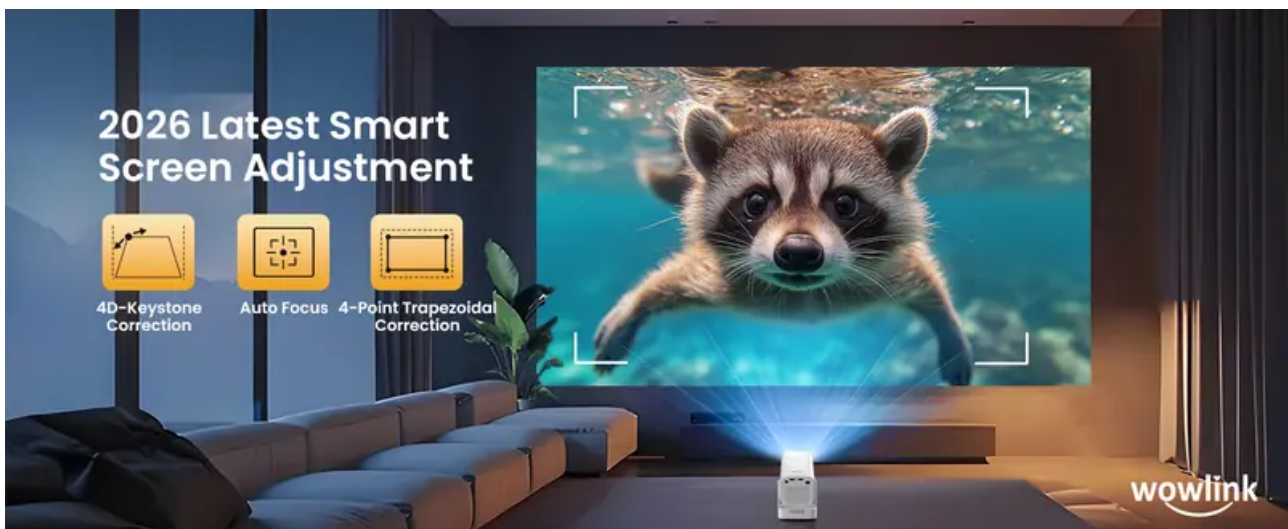

## Audio

- **Built-in Stereo Speakers:** Base-type design delivers clear highs and deep bass.
- **Bluetooth Audio Output:** Stream audio to external Bluetooth speakers or headphones.

## Physical Design

- **180° Rotation:** The projector head can be rotated freely, allowing projection onto walls or ceilings.
- **Mounting:** 0.25-inch screw hole at the bottom for tripod, ceiling, or wall mount.
- **Portable Form Factor:** Compact and lightweight (0.6 kg).

## Package Contents

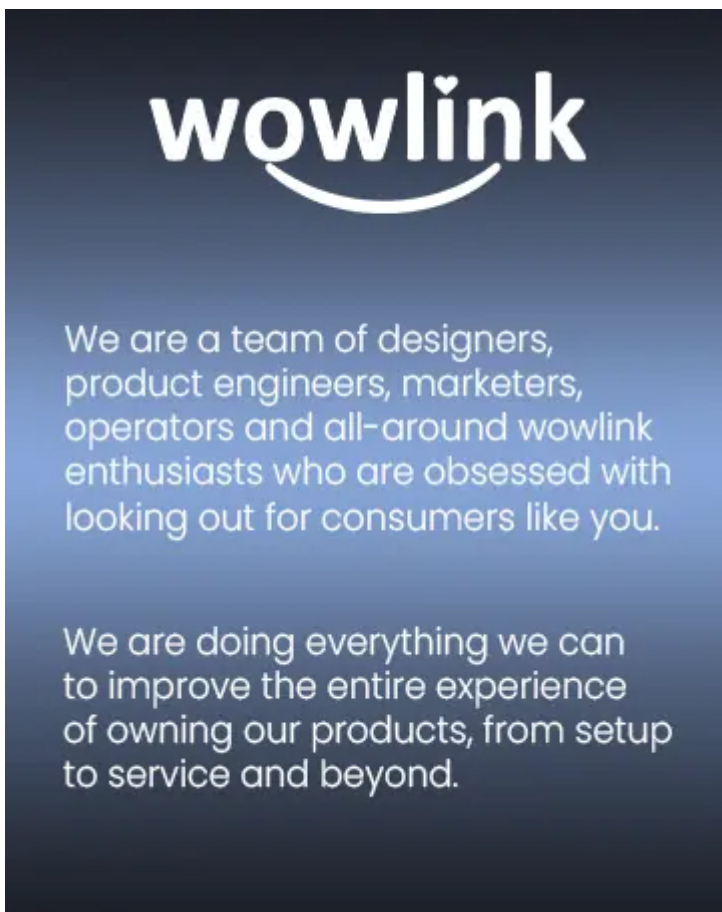

- Wowlink W206 Projector
- Remote Control (with Air Remote function)
- Power Adapter & Cable

- HDMI Cable
- User Manual

## Use Guide

### 1. Setting Up the Projector

1. Place the projector on a stable, flat surface or mount it using the bottom screw hole.
2. Connect the power adapter and press the power button.
3. Rotate the projector head to the desired angle (0° to 180°).

### 2. Connecting to a Source

- **HDMI:** Plug an HDMI cable from your device (laptop, TV stick, gaming console) into the HDMI port.
- **USB:** Insert a USB drive containing video, photo, or music files.
- **Wireless:** Use WiFi 6 for screen mirroring or streaming from apps. Use Bluetooth 5.4 to connect audio devices.

### 3. Using Auto Focus & Auto Correction

1. After powering on, the projector automatically activates auto focus and auto keystone correction.
2. Wait a few seconds for the image to become sharp and rectangular.
3. If needed, you can manually adjust focus using the remote control (see remote functions below).

### 4. Navigating Built-in Apps

1. On the home screen, use the remote to select an app (Prime Video, YouTube, D+).
2. Sign in to your account if required.
3. Browse and play content directly – no external device needed.

**Note:** Internet connection via WiFi is required for streaming apps.

### 5. Using the Air Remote

- Shake the remote gently to activate the gyroscope cursor.
- Move the remote to control the on-screen pointer.
- Press the OK/Select button to confirm choices.

### 6. Adjusting Audio

- Use the remote to control volume.
- For private listening, pair Bluetooth headphones or speakers via the settings menu.

### 7. Mounting Options

- **Tabletop:** Place on any flat surface.
- **Tripod:** Attach a standard tripod (1/4-inch screw) to the bottom.

- **Ceiling/Wall:** Use a compatible mount (not included) with the 0.25-inch screw hole.

## Specifications

Attribute	Value
Brand	wowlink
Model	W206
Native Resolution	1920 × 1080 (Full HD)
Maximum Supported Resolution	4K HDR (3840 × 2160)
Display Technology	LCD
Brightness	280 ANSI lumens
Contrast Ratio	12,000:1
Image Size	40 – 130 inches
Throw Distance	0.6 – 2.5 m
Connectivity	WiFi 6 (2.4/5 GHz), Bluetooth 5.4, HDMI, USB
Built-in Apps	Prime Video, YouTube, D+
Audio	Built-in stereo speakers
Rotation	180°
Mounting	1/4-inch screw hole (tripod/ceiling/wall)
Dimensions (L×W×H)	7.68 × 3.54 × 3.94 in (195 × 90 × 100 mm)
Weight	0.6 kg (1.32 lbs)
Power	AC adapter (included)
Color	White

## Troubleshooting

- **No image / black screen:** Check power connection, ensure the lens cap is removed, and verify the input source is selected correctly.
- **Blurry image:** Allow auto focus to complete. If still blurry, clean the lens with a soft cloth.

- **Keystone not correcting:** Ensure the projector is placed on a relatively flat surface; auto correction works best within  $\pm 30^\circ$  tilt.
- **WiFi not connecting:** Verify your router is broadcasting on 2.4 GHz or 5 GHz. Restart the projector and router.
- **Remote not responding:** Replace batteries. Ensure no obstructions between remote and projector.
- **No sound:** Check volume level. If using Bluetooth audio, confirm pairing. For HDMI, ensure the source device is outputting audio.

## Warranty & Support

**Warranty:** 2-year manufacturer warranty.

**Support Contact:** For assistance, refer to the contact information provided in the product packaging or visit the brand's official support page. (Specific phone/email not listed in the provided materials.)
