## SET UP Google Assistant

### To set up Google Assistant

1. Connect your headphones to your mobile device
2. Set up Google Assistant using your mobile device:

On your Android device, press and hold the home button to open Google Assistant and follow the on-screen instructions.

On your iOS devices, open or download Google Assistant app and follow the app instructions.

**NOTE:** Google Assistant is available on eligible Android 6.0 devices or later. For iOS devices, Google Assistant app needs to be downloaded. Works on Lollipop, Marshmallow and Nougat Android Phones with Google Play Services, >1.5GB of memory and 720p or higher screen resolution.

### To use Google Assistant

Function	What to do
Talk to Google Assistant	Press and hold the Action button to begin. Requires pairing with eligible phone and internet connection. For examples of questions and things you can do, visit: <a href="https://assistant.google.com/platforms/headphones">https://assistant.google.com/platforms/headphones</a>
Get your notifications	Double tap the action button.
Stop Google Assistant	Tap the action button.
Reply to a message (where available)	After receiving a message notification, Press and hold the Action button to respond. When you're done, release the button.

**NOTE:**

1. Google, Android and Google Play are trademarks of Google LLC.
2. Google Assistant isn't available in certain languages and countries.
3. If you want to turn on or off Google Assistant, please download our My JBL Headphones App. You can select under Settings > Voice assistant > Google Assistant.
