

## ASSEMBLY INSTRUCTIONS

Dust Chaser Hand Vacuum not included with all models.

1. Install the wand into the body until it clicks into place (A). If you model comes with the Dust Chaser Hand Vacuum, first connect the adapter into the body until it clicks into place (B).

2. Push the hand vacuum onto the adapter until it clicks into place.

3. Attach the battery pack by aligning the ribs on the battery pack to the grooves in the product. Slide the battery pack into the product until it clicks into place.

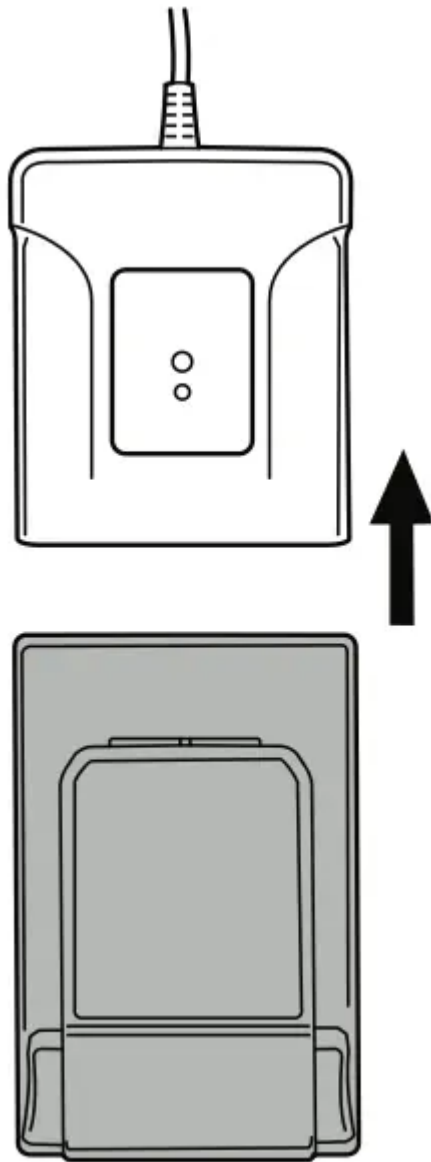

## CHARGING THE BATTERY

Ensure that the battery is fully charged prior to use. This may take 3-4 hours to fully charge. The battery will not ship fully charged due to federal regulations.

1. Plug the charger into a power outlet.

2. Attach the battery pack to the charger by aligning the ribs on the battery pack to the grooves in the charger. Slide the battery pack into the charger.

3. When charging, the lights on the battery will illuminate to show the state of charge. If the light on the charger flashes red, there is an error with the battery or the charger. Try again or call customer service for support. Once charger is complete, lights on the

battery will turn off.

4. To remove the battery pack from the charger, press the latches and pull the battery away from the charger.

**TIPS:** During charging, the pack and ambient temperature should be between 41°F to 86°F (5°C and 30°C). The charger will sense if the pack or ambient temperature, is too cold or too hot and will return an error code (red LED will be on) and not charge the pack. Use battery only with charger listed. For use with HOOVER ONERPWR Lithium Ion Batteries.

## OPERATION

**CAUTION:** Use extra care when cleaning on stairs. To avoid personal injury or damage, and to prevent the cleaner from falling, always place cleaner at bottom of stairs or on floor. Do not place cleaner on stairs or furniture, as it may result in injury or damage.

**CAUTION:** Not to be used for grooming a pet.

1. Press the ON/OFF button located on the shoulder. The ON/OFF button and mode indicator lights will illuminate when ON.

2. To change modes, press the Mode button on the shoulder. The mode indicators will illuminate, telling you which mode you are in.

Evolve defaults to Multi-Surface Mode. This mode works well on all floor types and preserves runtime.

Use Carpet Mode for deep cleaning on carpets with high suction.

Use Brush Mode Off on delicate floor types. This mode has high suction with the brush

roll off.

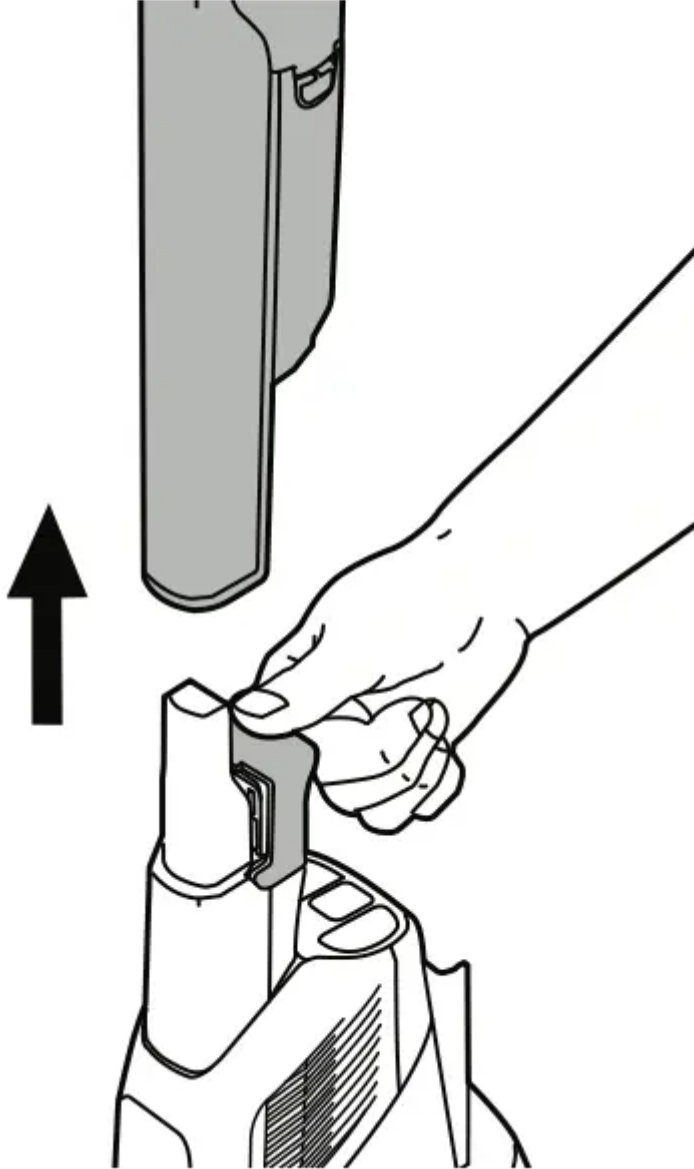

3. Step on the nozzle of the product and pull back handle to recline and begin cleaning.

## USING THE ONEPWR DUST CHASER HAND VACUUM

Dust Chaser Hand Vacuum not included with all models.

1. To use the hand vacuum for above floor cleaning, depress the hand vacuum release button and pull the hand vacuum upwards off the adapter.

2. Remove the battery from the Evolve upright and insert into the hand vacuum.

3. Press the ON/OFF button located on the top of the hand vacuum.

4. For detailed cleaning, choose an accessory and push the accessory onto the end of the hand vacuum.

5. To remove the accessory, pull out.

## EMPTYING THE DIRT CUT

**WARNING:** To reduce the risk of injury from moving parts, remove the battery before servicing.

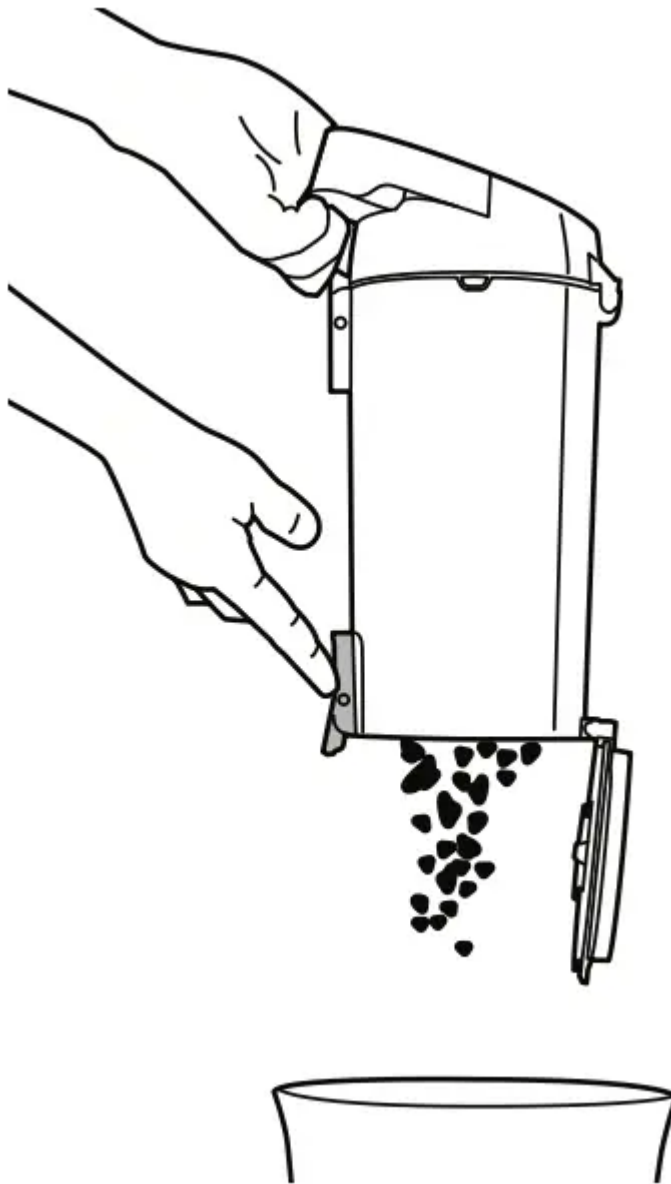

1. Remove the battery pack.

2. Push down the latch on the dirt cup to release. Rock the dirt cup backwards off the body.

3. Hold the dirt cup over a trash bin and press the dirt cup release button to empty.

4. To close, push the door until it locks back into place.

5. Replace the dirt cup by aligning the bottom first and then rocking it into place.

## CLEANING THE FILTER AND SEPARATOR

1. Open the dirt cup lid to access the filter and separator.

2. To clean the separator, lift to remove. Clean dirt and debris by wiping the metal screen with a cloth and then place back into the dirt cup.

3. Pull the filter away and tap over a trash can to remove dirt. Rinse filter under warm water until water comes out clear. Allow filter to air dry for at least 24 hours until fully dry.

## REMOVING AND REPLACING THE BRUSH ROLL

**WARNING:** Risk of personal injury - brush roll may suddenly restart. Turn power switch off and remove battery before cleaning or serving.

1. Remove the battery. Using your fingers or a coin, push and turn the brush roll lock counterclockwise to release the brush roll.

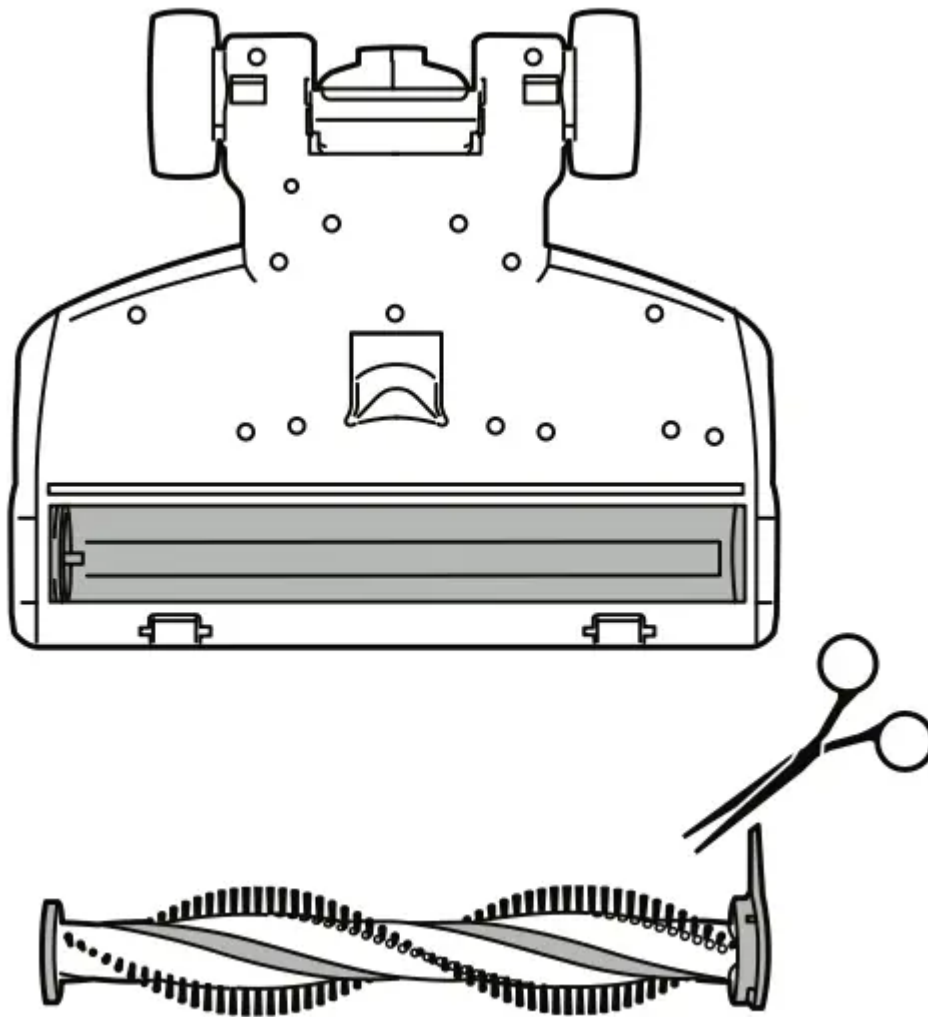

2. Pull the brush roll out of the nozzle with the pull tab.

3. To remove any threads or hair, slide the blade of a pair of scissors into the groove of the brush roll and cut along the groove. Clear any dirt/debris from the end caps and inside

the housing of the nozzle.

4. Re-fit the brush roll into the nozzle and turn the brush roll lock clockwise to lock.
