3. Steam Switch
4. Spray and Steam Burst Buttons
5. Auto Shutoff*/ Power ON Light
6. Soft Touch Grip
7. Cord
8. Heel Rest
9. Temperature Control Dial
10. Self-Clean Button
11. Durathon™ Nonstick Soleplate*

*On select models

12. Retractable Cord*

13. Cord Wrap*

How to dry iron

1. Turn steam dial off 

2. Turn temperature control dial to desired temperature. Allow 2 minutes to reach desired temperature.

How to steam iron

1. Unplug iron. Then, using a measuring cup with a small pour spout, pour tap water into water fill opening and fill iron to MAX Fill line. If you have extremely hard water, alternate between tap water and distilled water for use in the iron. Plug iron into outlet.
2. Turn temperature control dial to desired setting in the steam range. Allow 2 minutes for the iron to reach the desired temperature. CAUTION! Burn Hazard: Attempting to steam iron on a lower temperature setting or failing to allow the iron to preheat for 2 minutes can result in hot water dripping from the soleplate.
3. Turn adjustable steam dial to desired steam setting.

Care and cleaning

Iron

1. Turn temperature control dial to OFF (). Unplug and let cool.
2. Drain water and secure cord.
3. Store in an upright position.

Soleplate

1. Never iron over zippers, pins, metal rivets, or snaps, since these may scratch the soleplate.
2. To clean buildup on soleplate, wipe with a sudsy cloth. Do not use abrasive cleansers or metal scouring pads.

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

1. Read all instructions.
2. This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they are closely supervised and instructed concerning use of the appliance by a person responsible for their safety.
3. Close supervision is necessary when any appliance is used by or near children. Children should be supervised to ensure that they do not play with the appliance.

4. Only use an iron for its intended use.
5. To avoid the risk of electric shock, do not immerse the iron in water or other liquids.
6. Always turn the iron to OFF () before plugging or unplugging the iron from the electrical outlet. Never pull on the cord to disconnect the iron from the electrical outlet; instead, grasp the plug and pull on the plug to disconnect the iron.
7. Do not let the cord touch hot surfaces. Let the iron cool completely before putting the iron away. Loop cord loosely around iron for storing.
8. Always disconnect the iron from the electrical outlet before filling the iron with water, emptying the water from the iron, and when the iron is not in use.
9. Do not operate the iron with a damaged cord or in the event the iron has been dropped or damaged or there are visible signs of damage or it is leaking. To avoid the risk of electric shock, do not disassemble the iron. Take it to a qualified serviceman for examination and repair. Incorrect assembly might result in a risk of electric shock when the iron is used after reassembly.
10. The iron must be used and rested on a stable surface.
11. When placing the iron on its stand, ensure that the surface on which the stand is placed is stable.
12. Close supervision is required for any appliance used by or near children. Do not leave the iron unattended while the iron is connected or on an ironing board.
13. Burns can occur from touching hot metal parts, hot water, or steam. Use caution when you turn a steam iron upside down—there might be hot water in the reservoir.
14. To avoid a circuit overload, do not operate an iron on the same circuit with another high-wattage appliance.
15. If an extension cord is absolutely necessary, a cord with an ampere rating equal to or greater than the maximum rating of the iron shall be used. A cord rated for less amperage can result in a risk of fire or electric shock due to overheating. Care shall be taken to arrange the cord so that it cannot be pulled or be tripped over.

Limited warranty

This warranty applies to products purchased and used in the U.S. and Canada. This is the only express warranty for this product and is in lieu of any other warranty or condition.

This product is warranted to be free of defects in material and workmanship for a period of five (5) years from the date of original purchase in Canada and one (1) year from the date of original purchase in the U.S. In addition, the Durathon™ nonstick covering on the soleplate is warranted not to wear out for a period of ten (10) years from the date of original purchase. During this period, your exclusive remedy is repair or replacement of this product or any component found to be defective, at our option; however, you are responsible for all costs associated with returning the

product to us and our returning a product or component under this warranty to you. If the product or component is no longer available, we will replace with a similar one of equal or greater value.

This warranty does not cover glass, filters, wear from normal use, use not in conformity with the printed directions, or damage to the product resulting from accident, alteration, abuse, or misuse. This warranty extends only to the original consumer purchaser or gift recipient. Keep the original sales receipt, as proof of purchase is required to make a warranty claim. This warranty is void if the product is used for other than single-family household use or subjected to any voltage and waveform other than as specified on the rating label (e.g., 120V ~ 60 Hz).

We exclude all claims for special, incidental, and consequential damages caused by breach of express or implied warranty. All liability is limited to the amount of the purchase price. Every implied warranty, including any statutory warranty or condition of merchantability or fitness for a particular purpose, is disclaimed except to the extent prohibited by law, in which case such warranty or condition is limited to the duration of this written warranty. This warranty gives you specific legal rights. You may have other legal rights that vary depending on where you live. Some states or provinces do not allow limitations on implied warranties or special, incidental, or consequential damages, so the foregoing limitations may not apply to you.

To make a warranty claim, do not return this appliance to the store. Please call 1.800.851.8900 in the U.S. or 1.800.267.2826 in Canada or visit hamiltonbeach.com in the U.S. or hamiltonbeach.ca in Canada. For faster service, locate the model, type, and series numbers on your appliance.
