PRODUCT TECHNICAL PARAMETERS

Product Category : Vacuum Cleaner	Product Model: XL-618A
Dust Cup Capacity : 1.3L	Rated Voltage : DC 22.2V
Charging Time : 5.5hours	Rated Power: 100W
Battery Capacity: 2200mAh	Vacuum : 7KPa/10KPa
Length of Telescopic Rod: 18.9~27.2inches	
Power Adapter Input: 100-240V~50/60Hz	
Power Adapter Output: DC 26V 400mA	
Usage Time : 28min(low speed)/20min(high speed)	

SAFETY INSTRUCTIONS

1. When using electrical appliances, basic safety precautions should always be followed.
2. Check that the voltage indicated on the rating plate corresponds with that of the local network before connecting the appliance to the mains power supply.

3. Children aged from 8 years and people with reduced physical, sensory or mental capabilities or lack of experience and knowledge can use this appliance, only if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
4. Children should be supervised to ensure that they do not play with the appliance.
5. Unless they are older than 8 and supervised, children should not perform cleaning or user maintenance.
6. This appliance is not a toy.
7. This appliance contains no user serviceable parts. If the power supply cord, plug or any part of the appliance is malfunctioning or if it has been dropped or damaged, only a qualified electrician should carry out repairs.
8. Improper repairs may place the user at risk of harm.
9. Keep the appliance out of the reach of children.
10. Keep the appliance out of the reach of children when it is switched on or cooling down.
11. Keep the appliance away from heat or sharp edges that could cause damage.
12. Keep the appliance away from other heat emitting appliances.
13. Keep the appliance free from dust, lint, hair or anything that may reduce the airflow of the appliance.
14. Do not immerse the appliance in water or any other liquid.
15. Do not operate the appliance with wet hands.
16. Do not expose the appliance to rain.
17. Do not remove from the adaptor from the mains power supply by pulling the cord; switch off and remove the plug by hand.
18. Do not use the adaptor to recharge non-rechargeable batteries.
19. Do not use the appliance if it has been dropped or if there are visible signs of damage.
20. Do not use the appliance for anything other than its intended use.
21. Do not use any parts/accessories or adaptors other than those supplied with this appliance, as this may cause damage.
22. Do not use any damaged accessories or adaptors.
23. Do not use this appliance outdoors.
24. Do not store the appliance in direct sunlight or in high humidity conditions.
25. Do not use this appliance if any of the openings are blocked.
26. Do not use the appliance to pick up flammable liquid, matches, cigarette ends, hot ashes or any hot, burning or smoking objects.
27. Do not use this appliance to pick up hard, sharp objects such as glass or nails etc.

28. Do not use the appliance to pick up water or any other liquid, as this poses risk of an electric shock.
29. The hose should be checked regularly and must not be used if damaged.
30. Take care when equipping accessories with rotating parts as this could cause entrapment.
31. Switch off the appliance and disconnect it from the mains power supply before changing or fitting accessories.
32. Always ensure that the appliance has cooled fully after use before performing any cleaning or user maintenance.
33. Use of an extension cord with the appliance is not recommended.
34. Only use the appliance with the power supply unit provided.
35. This appliance should not be operated by means of an external timer or separate remote control system.
36. This appliance is intended for domestic use only. It should not be used for commercial purposes.

Caution: The extension tube contains electrical connections. Do not use to suck up water. Do not immerse in water for cleaning. The extension tube should be checked regularly and must not be used if damaged.

Please start it after recharge."	"The floor brush turns but the LED doesn't work? LED lights but floor brushes don't work? (please bring video and text description to contact customer service)"	"Hot when charged? (recharge after cooling. If there is no improvement, contact customer service.)"

Battery Safety

If the battery pack becomes exhausted, it should be removed from the product to avoid leakage.

In the event of the battery pack leaking, do not allow any liquid to come into contact with the skin or eyes.

If contact has been made, wash the affected area with copious amounts of water and seek medical advice.

Keep the battery pack out of the reach of children.

Secondary battery packs need to be charged before use, After extended periods of storage, it may be necessary to charge and discharge the batteries several times to obtain maximum performance.

Do not leave battery packs on charge for prolonged periods of time.

Do not use any charger other than that specifically provided for use with the product.

The supply terminals are not to be shoe-circuited.

Do not store above 60°C. Avoid storing in direct sunlight.

Do not use any battery packs that are not designed for use with the product.

Do not dispose of the battery pack in a fire.

Do not crush, puncture, dismantle or otherwise damage the battery pack.

Do not dismantle, open or shred battery packs.

Do not expose the battery pack to heat or fire as it may explode.

Do not subject the battery pack to mechanical shock.

Do not dispose of the exhausted battery pack in household waste.

To dispose of the exhausted battery pack, take it to a local recycling station, Contact the local government offices for further details,

This appliance is fitted with a 22.2 V 2200 mAh Li-ion rechargeable battery,

WARNING

Read all safety warnings and instructions. Failure to follow the warnings and instructions may result in electric shock, fire and/or serious injury.

1. Prevent unintentional starting. Ensure the switch is in the off-position before connecting to battery pack, picking up or carrying the appliance. Carrying the appliance with your finger on the switch or energizing appliance that have the switch on invites accidents.
2. Disconnect the battery pack from the appliance before making any adjustments, changing accessories, or storing appliance.
Such preventive safety measures reduce the risk of starting the appliance accidentally.
3. Recharge only with the charger specified by the manufacturer. A charger that is suitable for one type of battery pack may create a risk of fire when used with another battery pack.
4. Use appliances only with specifically designated battery packs. Use of any other battery packs may create a risk of injury and fire.
5. When battery pack is not in use, keep it away from other metal objects, like paper clips, coins, keys, nails, screws or other small metal objects, that can make a connection from one terminal to another. Shorting the battery terminals together may cause burns or a fire.
6. Under abusive conditions, liquid may be ejected from the battery avoid contact. If contact accidentally occurs, flush with water. If liquid contacts eyes, additionally seek medical help. Liquid ejected from the battery may cause irritation or burns.
7. Do not use a battery pack or appliance that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
8. Do not expose a battery pack or appliance to fire or excessive temperature. Exposure to fire or temperature above 130° C may cause explosion. The temperature of 130 ° C can be replaced by the temperature of 265° F.

9. Follow all charging instructions and do not charge the battery pack or appliance outside of the temperature range specified in the instructions. Charging improperly or at temperatures outside of the specified range may damage the battery and increase the risk of fire.
10. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
11. Do not modify or attempt to repair the appliance or the battery pack (as applicable) except as indicated in the instructions for use and care.
